BILLING CODE 4310-22-P

Operating Base in Luna County, New Mexico, and to convey jurisdiction of the land to the DHS. This notice temporarily segregates the land for up to 2 years from location and entry under the mining laws while the 20-year withdrawal application is being processed.

DATES: Comments and requests for a public meeting must be received by June 9, 2008.

ADDRESSES: Comments and meeting requests should be sent to the Bureau of Land Management (BLM) Las Cruces District Manager, Las Cruces District Office, 1800 Marquess Street, Las Cruces, New Mexico 88005.

FOR FURTHER INFORMATION CONTACT: Lori Allen, BLM Las Cruces District Office, 575-525-4454 or at the above address.

SUPPLEMENTARY INFORMATION: The applicant for the above withdrawal is the DHS. The application asks the Secretary of the Interior to withdraw, for a period of 20 years, the following described public land from location and entry under the United States mining laws, subject to valid existing rights:

Deming Forward Operating Base

New Mexico Principal Meridian

T. 29 S, R. 12 W.,

Section 3: E $\frac{1}{2}$ SW $\frac{1}{4}$ NE $\frac{1}{4}$.

The area described aggregates 20 acres in Luna County.

The application is a withdrawal proposal of the Secretary of the DHS (43 CFR 2310.1-2). The purpose of the withdrawal is to provide the agents at the Deming Station facilities that would improve response times, increase shift time, expedite illegal alien processing, and provide increased safety and protection of the agents and detainees. The withdrawal is needed to convey jurisdiction of the land to the DHS and to protect the Federal investment in the facilities.

A right-of-way or cooperative agreement would not adequately constrain nondiscretionary uses and would not provide sufficient protection of the Federal investment in the improvements.

The site proposed for withdrawal is strategically located and provides for the most direct access, via existing ranch roads, to the border in areas of high smuggling and illegal alien activity. The site is adjacent to a major roadway; and electric utilities are nearby. There are no better locations for the forward operating base.

Records relating to the proposed withdrawal can be examined by contacting Lori Allen at the above address or phone number.
