Cash Deposit Requirements

Pursuant to section 751(d)(2) of the Act and 19 CFR 351.222(i)(2)(i), the Department revoked this order and notified U.S. Customs and Border Protection (CBP) to discontinue suspension of liquidation and collection of cash deposits on entries of the subject merchandise entered or withdrawn from warehouse on or after July 25, 2006, the effective date of revocation of this antidumping duty AD order. *See Revocation.*

Assessment Rates

The Department will determine, and (CBP) shall assess, antidumping duties on all appropriate entries, pursuant to section 751(a)(1)(B) of the Act, and 19 CFR 351.212(b). The Department calculated importer-specific duty assessment rates (or, when the importer was unknown by the respondent, customer-specific duty assessment rates) on the basis of the ratio of the total amount of antidumping duties calculated for the examined sales observations involving each importer to the total entered value of the examined sales observations for that importer. The Department intends to issue assessment instructions to CBP 15 days after the date of publication of these final results of review.

The Department clarified its "automatic assessment" regulation on May 6, 2003. This clarification will apply to entries of subject merchandise during the POR produced by companies included in these final results of review for which the reviewed companies did not know their merchandise was destined for the United States. In such instances, we will instruct CBP to liquidate unreviewed entries at the "All Others" rate if there is no rate for the intermediate company(ies) involved in the transaction. For a discussion of this clarification, *see Notice of Policy*

Concerning Assessment of Antidumping Duties, 68 FR 23954 (May 6, 2003).

Notification to Importers

This notice serves as a final reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in the Secretary's presumption that reimbursement of antidumping duties occurred and the subsequent assessment of doubled antidumping duties.

Notification Regarding APOs

This notice also serves as a reminder to parties subject to administrative protective orders (APO) of their responsibility concerning the disposition of proprietary information disclosed under APO in accordance with 19 CFR 351.305(a). Timely written notification of the return/destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and terms of an APO is a sanctionable violation.

These final results of administrative review and this notice are issued and published in accordance with sections 751(a)(1) and 777(i)(1) of the Act.

Dated: March 10, 2008.

David M. Spooner,
Assistant Secretary for Import Administration.

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

EFFECTIVE DATE: March 18, 2008.

FOR FURTHER INFORMATION CONTACT: Dennis McClure or Joy Zhang, AD/CVD Operations, Office 3, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, NW, Washington, DC 20230, telephone: (202) 482-5973 or (202) 482-1168, respectively.

SUPPLEMENTARY INFORMATION:

Background

On November 13, 2007, the Department of Commerce (the Department) initiated the antidumping duty investigation of sodium metal from France. *See Sodium Metal from France: Notice of Initiation of Antidumping Duty Investigation*, 72 FR 65295 (November 20, 2007). The notice of initiation stated that the Department would issue its preliminary determination for this investigation no later than 140 days after the date of issuance of the initiation, in accordance with section 733(b)(1)(A) of the Tariff Act of 1930, as amended (the Act). The preliminary determination is currently due no later than April 1, 2008.

Postponement of Preliminary Determination

On February 29, 2008, the petitioner, E.I. DuPont de Nemours & Co. Inc., made a timely request pursuant to section 733(c)(1)(A) of the Act and 19 CFR 351.205(b)(2) and (e) for a 50-day postponement of the preliminary determination. The petitioner requested postponement of the preliminary determination in order to allow for additional time to evaluate the respondent's questionnaire response in this investigation. Under section 733(c)(1)(A) of the Act, if the petitioner makes a timely request for an extension of the period within which the preliminary determination must be made under subsection (b)(1), then the Department may postpone making the preliminary determination under subsection (b)(1) until not later than the 190th day after the date on which the administrative authority initiated the investigation. For the reason identified by the petitioner and because there are no compelling reasons to deny the request, the Department is postponing the deadline for the preliminary determination under section 733(c)(1)(A) of the Act by 50 days to May 21, 2008. The deadline for the final determination will continue to be 75 days after the date of the preliminary determination, unless extended.

This notice is issued and published pursuant to section 733(c)(2) of the Act and 19 CFR 351.205(f)(1).

Dated: March 12, 2008.

SUPPLEMENTARY INFORMATION:

I. Abstract

Mokupapapa Discovery Center (Center) is an outreach arm of Papahānaumokuākea Marine National Monument that reaches 60,000 people each year in Hilo, Hawaii. The Center was created four years ago to help raise support for the creation of a National Marine Sanctuary in the Northwestern Hawaiian Islands. Since that time, the area has been proclaimed a Marine National Monument and the main messages we are trying to share with the public have changed to better reflect the new monument status and the joint management by the three co-trustees of the Monument. We therefore are seeking to find out if people visiting our Center are getting our new messages by conducting an optional exit survey.

II. Method of Collection

Surveys will be conducted by in-person interview as people exit the Center. Interviewers will record responses on paper, and later transfer them to an electronic database.

Magnuson-Stevens Act Provisions; General Provisions for Domestic Fisheries; Application for Exempted Fishing Permits

AGENCY: National Marine Fisheries Service (NMFS); National Oceanic and Atmospheric Administration (NOAA); Commerce.

ACTION: Notice; request for comments.

SUMMARY: The Assistant Regional Administrator for Sustainable Fisheries, Northeast Region, NMFS (Assistant Regional Administrator) has made a preliminary determination that the subject Exempted Fishing Permit (EFP) application from the University of New England (UNE) and the University of New Hampshire (UNH) that would allow Northeast multispecies vessels to possess spiny dogfish for a spiny dogfish life history study contains all the required information and warrants further consideration. The Assistant Regional Administrator has also made a preliminary determination that the activities authorized under the EFP would be consistent with the goals and objectives of the Spiny Dogfish Fishery Management Plan (FMP). However, further review and consultation may be necessary before a final determination is made.

DATES: Comments on this document must be received on or before April 2, 2008.

ADDRESSES: Comments may be submitted by e-mail to dogfish.efp@noaa.gov. Include in the subject line of the e-mail comment the following document identifier: "Comments on UNE dogfish possession EFP proposal." Written comments should be sent to Patricia A. Kurkul, Regional Administrator, NMFS, Northeast Regional Office, 1 Blackburn Drive, Gloucester, MA 01930. Mark the outside of the envelope, "Comments on UNE dogfish possession EFP proposal." Comments may also be sent via facsimile (fax) to (978) 281-9135.

FOR FURTHER INFORMATION CONTACT: Ryan Silva, Cooperative Research Program Specialist, phone: 978-281-9326, fax: 978-281-9135.

SUPPLEMENTARY INFORMATION: The FMP implemented a semi-annual quota. When a semi-annual quota is projected to be harvested, NMFS closes the fishery until the next semi-annual quota opens. During a dogfish closure, no vessel may fish for or possess dogfish. A dogfish closure is currently in effect through April 30, 2008.

As part of a continuing research project, UNE, in collaboration with the UNH, is investigating Gulf of Maine dogfish age and growth, and size at sexual maturity characteristics. The applicant states that current dogfish life history data need updating, particularly in light of recent stock declines and potential regional variability in life history traits. The project investigators are attempting to develop a more accurate aging tool, which would
