Early Notice of Importance of Public Participation in Subsequent Environmental Review

A draft environmental impact statement will be prepared for comment. The comment period on the draft environmental impact statement will be 45 days from the date the Environmental Protection Agency publishes the notice of availability in the **Federal Register**.

The Forest Service believes, at this early stage, it is important to give reviewers notice of several court rulings related to public participation in the environmental review process. First, reviewers of draft environmental impact statements must structure their participation in the environmental review of the proposal so that it is meaningful and alerts an agency to the reviewer's position and contentions. *Vermont Yankee Nuclear Power Corp. v. NRDC*, 435 U.S. 519, 553 (1978). Also, environmental objections that could be raised at the draft environmental impact statement stage but that are not raised until after completion of the final environmental impact statement may be waived or dismissed by the courts. *City of Angoon v. Hodel*, 803 F.2d 1016, 1022 (9th Cir. 1986) and *Wisconsin Heritages, Inc. v. Harris*, 490 F. Supp. 1334, 1338 (E.D. Wis. 1980). Because of these court rulings, it is very important that those interested in this proposed action participate by the close of the comment period so that substantive comments and objections are made available to the Forest Service at a time when it can meaningfully consider them and respond to them in the final environmental impact statement.

To assist the Forest Service in identifying and considering issues and concerns on the proposed action, comments on the draft environmental impact statement should be as specific as possible. It is also helpful if comments refer to specific pages or chapters of the draft statement. Comments may also address the adequacy of the draft environmental impact statement or the merits of the alternatives formulated and discussed in the statement. Reviewers may wish to refer to the Council on Environmental Quality Regulations for implementing the procedural provisions of the

National Environmental Policy Act at 40 CFR 1503.3 in addressing these points.

Comments received, including the names and addresses of those who comment, will be considered part of the public record on this proposal and will be available for public inspection.

FOR FURTHER INFORMATION CONTACT:

Janet Yandik, Information Management Specialist, Committee for Purchase From People Who Are Blind or Severely Disabled, 1421 Jefferson Davis Highway, Jefferson Plaza 2, Suite 10800, Arlington, VA 22202-3259; phone (703) 603-2147; fax (703) 603-0655; or e-mail *rulescomment@abilityone.gov*.

SUPPLEMENTARY INFORMATION: The Office of Management and Budget (OMB) regulations at 5 CFR part 1320, which implement provisions of the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 *et seq.*), require that interested members of the public and affected agencies have an opportunity to comment on information collection and recordkeeping activities (see 5 CFR 1320.8(d)). The Committee is submitting a request to OMB to renew its approval of the collection of information for nonprofit agency responsibilities related to recordkeeping. The Committee is requesting a 3-year term of approval for this information collection activity.

Federal agencies may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number. The OMB control number for this collection of information is 3037-0005.

The Javits-Wagner-O'Day (JWOD) Act of 1971 (41 U.S.C. 46-48c) is the authorizing legislation for the AbilityOne Program. (The name of the JWOD Program was changed to the AbilityOne Program on November 28, 2006, **Federal Register** Volume 71, Number 227, Page 68492-68494). The AbilityOne Program creates jobs and training opportunities for people who are blind or who have other severe disabilities. Its primary means of doing so is by requiring Government agencies to purchase selected products and services from nonprofit agencies employing such individuals. The JWOD Act, through the AbilityOne Program, is administered by the Committee. Two national, independent organizations, National Industries for the Blind (NIB) and NISH, help State and private

nonprofit agencies participate in the AbilityOne Program. The implementing regulations for the JWOD Act, which are located at 41 CFR Chapter 51, detail the recordkeeping requirements imposed on nonprofit agencies participating in the AbilityOne Program. Section 51-2.4 of the regulations describes the criteria that the Committee must consider when adding a product or service to its Procurement List. One of these criteria is that a proposed addition must demonstrate a potential to generate employment for people who are blind or severely disabled. The Committee decided that evidence that employment will be generated for those individuals consists of recordkeeping that tracks direct labor and revenues for products or services sold through an AbilityOne Program contract. This recordkeeping can be done on each individual AbilityOne project or by product or service family. In addition, Section 51-4.3 of the regulations requires that nonprofit agencies keep records on direct labor hours performed by each worker and keep an individual record or file for each blind or severely disabled individual documenting that individual's disability and capabilities for competitive employment. The records that nonprofit agencies must keep in accordance with Section 51-4.3 of the regulations constitute the bulk of the hour burden associated with this OMB control number.

On December 21, 2007, the Committee published in the **Federal Register** (Volume 72, Number 245, Pages 72665-72666) a notice requesting public comment on these recordkeeping requirements for 60 days, ending February 19, 2008. By that date, the Committee received comments from 44 respondents with a total of 75 comments.

Seven comments were received opposing the request by indicating that this is a new recordkeeping requirement. There is nothing new in the Committee's request. The Committee did make a change in its recordkeeping requirements in 2002 to add recordkeeping of the direct labor hours and sales for AbilityOne projects on at least a product or service family basis. This change was approved by OMB and was renewed in 2005. There is no change to the recordkeeping requirements that the Committee is requesting OMB to approve again.

Eight comments were received questioning the necessity of the recordkeeping requirement and if it has any practical utility. The JWOD Act requires that 75% of the direct labor of all work done at a participating nonprofit agency be done by people
