Title of Proposal: Assessing Quality of Life Issues in FEMA's Alternative Housing Pilot Program (AHPP)—Household Outcomes Survey.

Description of need for the information and proposed use: The Alternative Housing Pilot Program (AHPP) (Pub. L. 109-234, Sec. 2403) is providing FEMA funds to four states (Alabama, Louisiana, Mississippi, and Texas) to test alternative housing types that could be used in place of FEMA trailers or mobile homes following a future disaster.

The goal of the AHPP Quality of Life (QOL) study is to provide FEMA with a rigorous evaluation of the quality of life outcomes for AHPP recipients in the four states that received AHPP grants. Over the four-year study, the evaluation will assess a range of outcomes, including households' economic and employment situations, physical and mental health status, and changes in housing satisfaction.

Household surveys will be the primary tool for evaluating the impact of AHPP on program participants' quality of life. Baseline surveys will be administered during each grantee program's start-up period, using the OMB-approved Alternative Housing Pilot Program Evaluation Baseline Survey (OMB Control Number 2528-0248; ICR Reference Number 200705-2528-001). A follow-up Household Outcomes Survey will be administered twice during the remaining evaluation period to capture data on outcomes; the Household Outcomes Survey is the subject of this notification. The survey will be conducted using a mixed mode approach, by telephone with in-person follow-up. Each survey interview will

take approximately 45 minutes. The selection of survey participants will differ across the four states. When possible, a random assignment research design will be implemented and households that are determined eligible for AHPP but do not receive an AHPP

unit will form the control group. Otherwise, surveys will be conducted with a random sample of AHPP participants.

Members of the Affected Public:
AHPP participants.

Estimation of the total number of hours needed to prepare the information collection, including the number of respondents, frequency of response, and hours of response:

AHPP household outcomes survey	Number of respondents	Frequency of response	Burden per respondent (Hours)	Total respondent burden (Hours)
First Household Outcomes Survey	1612	1	.75	1209
Second Household Outcomes Survey	1612	1	.75	1209
Total	3224	2	1.50	2418

Status of the proposed information collection: Pending OMB approval.

Authority: Section 3506 of the Paperwork Reduction Act of 1995, 44 U.S.C. Chapter 35, as amended.

Dated: March 14, 2008.
