### Federal Railroad Administration

#### Petition for Waiver of Compliance

In accordance with Part 211 of Title 49 Code of Federal Regulations (CFR), notice is hereby given that the Federal Railroad Administration (FRA) received a request for a waiver of compliance with certain requirements of its safety standards. The individual petition is described below; including the party seeking relief, the regulatory provisions involved, the nature of the relief being requested, and the petitioner's arguments in favor of relief.

#### Riverport Railroad, LLC

*(Waiver Petition Docket Number FRA-2008-0028)*

The Riverport Railroad, LLC (RVPR), a Class III railroad, seeks a waiver of compliance from the requirements of Part 223—Safety Glazing Standards 49 CFR 223.11 Requirements for existing

locomotives. Specifically, RVPR has petitioned FRA for a waiver for three (3) 60-ton 500 horsepower diesel electric locomotives numbered 4029, 1251, and 1273. These locomotives were built for the Department of Defense (DoD) by Baldwin-Lima-Hamilton in 1953–54, and remanufactured by DoD circa 1987–90. RVPR operates these locomotives on a terminal/switching railroad at the former Savanna [IL] Army Ordnance Depot, presently controlled by the Jo Daviess/Carroll County Local Redevelopment Authority. RVPR operates at speeds of 10 miles per hour (or less) storing cars for customers, and servicing a railcar repair facility.

RVPR states that all adjoining land to the railroad is controlled by itself, or privately owned and access controlled. All trackage is enclosed, and there are no overhead structures or bridges from where objects could be thrown. Interchange to the general system is accomplished with BNSF Railway on five interchange tracks at Robinson Spur, Illinois.

Interested parties are invited to participate in these proceedings by submitting written views, data, or comments. FRA does not anticipate scheduling a public hearing in connection with these proceedings since the facts do not appear to warrant a hearing. If any interested party desires an opportunity for oral comment, they should notify FRA, in writing, before the end of the comment period and specify the basis for their request.

All communications concerning these proceedings should identify the appropriate docket number (e.g., Waiver Petition Docket Number FRA–2008–0028) and may be submitted by any of the following methods:

- *Hand Delivery:* 1200 New Jersey Avenue, SE., Room W12–140, Washington, DC 20590, between 9 a.m. and 5 p.m., Monday through Friday, except Federal holidays.

Communications received within 45 days of the date of this notice will be considered by FRA before final action is taken. Comments received after that date will be considered as far as practicable. ### National Highway Traffic Safety Administration

[Docket No. NHTSA–2008–0052]

#### Decision that Certain Nonconforming Motor Vehicles are Eligible for Importation

**AGENCY:** National Highway Traffic Safety Administration (NHTSA), Department of Transportation.

**ACTION:** Notice of decision by NHTSA that certain nonconforming motor vehicles are eligible for importation.

**SUMMARY:** This document announces decisions by NHTSA that certain motor vehicles not originally manufactured to comply with all applicable Federal motor vehicle safety standards (FMVSS) are eligible for importation into the United States because they are substantially similar to vehicles originally manufactured for importation into and/or sale in the United States and certified by their manufacturers as complying with the safety standards, and they are capable of being readily altered to conform to the standards or because they have safety features that comply with, or are capable of being altered to comply with, all applicable FMVSS.

**DATES:** These decisions became effective on the dates specified in Annex A.

**FOR FURTHER INFORMATION CONTACT:** Coleman Sachs, Office of Vehicle Safety Compliance, NHTSA (202–366–3151).

**SUPPLEMENTARY INFORMATION:**

### Background

Under 49 U.S.C. 30141(a)(1)(A), a motor vehicle that was not originally manufactured to conform to all applicable FMVSS shall be refused admission into the United States unless NHTSA has decided that the motor vehicle is substantially similar to a motor vehicle originally manufactured for importation into and/or sale in the United States, certified under 49 U.S.C. 30115, and of the same model year as the model of the motor vehicle to be compared, and is capable of being readily altered to conform to all applicable FMVSS.

Where there is no substantially similar U.S.-certified motor vehicle, 49 U.S.C. 30141(a)(1)(B) permits a nonconforming motor vehicle to be admitted into the United States if its safety features comply with, or are capable of being altered to comply with, all applicable FMVSS based on destructive test data or such other evidence as NHTSA decides to be adequate.

Petitions for eligibility decisions may be submitted by either manufacturers or importers who have registered with NHTSA pursuant to 49 CFR Part 592. As specified in 49 CFR 593.7, NHTSA publishes notice in the **Federal Register** of each petition that it receives, and affords interested persons an opportunity to comment on the petition. At the close of the comment period, NHTSA decides, on the basis of the petition and any comments that it has received, whether the vehicle is eligible for importation. The agency then publishes this decision in the **Federal Register**.

NHTSA received petitions from registered importers to decide whether the vehicles listed in Annex A to this notice are eligible for importation into the United States. To afford an opportunity for public comment, NHTSA published notice of these petitions as specified in Annex A. The reader is referred to those notices for a thorough description of the petitions. No substantive comments were received in response to these notices. Based on its review of the information submitted by the petitioners, NHTSA has decided to grant the petitions.

### Vehicle Eligibility Number for Subject Vehicles

The importer of a vehicle admissible under any final decision must indicate on the form HS–7 accompanying entry the appropriate vehicle eligibility number indicating that the vehicle is eligible for entry. Vehicle eligibility numbers assigned to vehicles admissible
