[Docket No. AMS-LS-07-0143]

Pork Promotion, Research and Consumer Information Program; Section 610 Review

AGENCY: Agricultural Marketing Service, USDA.

ACTION: Notice of review and request for comments.

SUMMARY: This action announces the Agricultural Marketing Service's (AMS)

review of the Pork Promotion, Research, and Consumer Information Program (Program), which is conducted under the Pork Promotion, Research, and Consumer Information Order (Order), under the criteria contained in section 610 of the Regulatory Flexibility Act (RFA).

DATES: Written comments on this notice must be received by May 27, 2008.

ADDRESSES: Interested persons are invited to submit written comments concerning this notice of review. Comments must be sent to Kenneth R. Payne, Chief, Marketing Programs Branch, Livestock and Seed Program, AMS, USDA, Room 2628-S, STOP 0251, 1400 Independence Avenue, SW., Washington, DC 20250-0251; Fax: (202) 720-1125; or, online at www.regulations.gov. All comments should reference the docket number, the date, and the page number of this issue of the **Federal Register**. Comments will be available for public inspection via the internet at www.regulations.gov or during regular business hours at the address above.

FOR FURTHER INFORMATION CONTACT: Kenneth R. Payne, Chief, Marketing Programs Branch; Telephone: (202) 720-1115; Fax: (202) 720-1125, or E-mail Kenneth.Payne@usda.gov.

SUPPLEMENTARY INFORMATION: The Order (7 CFR part 1230) is authorized under the Pork Promotion, Research, and Consumer Information Act of 1985 (Act) (7 U.S.C. 4801 *et seq.*). As part of a comprehensive strategy to strengthen the pork industry's position in the marketplace, this national pork program maintains and expands existing domestic and foreign markets and develops new markets for pork and pork products. The program is funded by a mandatory assessment of \$0.40 per hundred-dollars of market value. All producers owning and marketing swine, regardless of the size of their operation or the value of their swine, must pay the assessment. A comparable assessment is collected on all imported swine, pork, and pork products. Assessments collected under this program are used for promotion, research, consumer information, and industry information.

The national program is administered by the National Pork Board (Board), which is composed of 15 producer members. Board members serve 3-year terms, but no individual may serve more than two consecutive 3-year terms. Producer members are selected by the National Pork Producers Delegate Body, a group of 163 producer and importer members that represent all 50 States and importers. The program became

effective on September 5, 1986, when the Order was issued. Assessments began on November 1, 1986.

On February 18, 1999, AMS published in the **Federal Register** (64 FR 8014) its plan to review certain regulations. On January 4, 2002, AMS published in the **Federal Register** (67 FR 525) an update to its plan to review regulations, including the Pork Promotion and Research Program, which is conducted under the Order, under criteria contained in section 610 of the RFA (5 U.S.C. 601–612). Because many AMS regulations impact small entities, AMS decided, as a matter of policy, to review certain regulations that, although may not meet the threshold requirement under section 610 of the RFA, warrant review. Accordingly, this notice and request for comments concerns the Order.

The purpose of the review is to determine whether the Order should continue without change or whether it should be amended or rescinded (consistent with the objectives of the Act) to minimize the impact on small entities. AMS will consider the following factors: (1) The continued need for the Order; (2) The nature of complaints or comments received from the public concerning the Order; (3) the complexity of the Order; (4) the extent to which the Order overlaps, duplicates, or conflicts with other Federal rules, and, to the extent feasible, with State and local governmental rules; and (5) the length of time since the Order has been evaluated or the degree to which technology, economic conditions, or other factors have changed in the area affected by the Order.

Written comments, views, opinions, and other information regarding the Order's impact on small businesses are invited.

Dated: March 21, 2008.

Lloyd C. Day,

Administrator, Agricultural Marketing Service.

Airworthiness Directives; Dornier Model 328–100 and –300 Airplanes

AGENCY: Federal Aviation Administration (FAA), DOT.

ACTION: Notice of proposed rulemaking (NPRM).

SUMMARY: We propose to adopt a new airworthiness directive (AD) for the products listed above. This proposed AD results from mandatory continuing airworthiness information (MCAI) originated by an aviation authority of another country to identify and correct an unsafe condition on an aviation product. The MCAI describes the unsafe condition as:

At least one incident has occurred where, immediately after take-off, the passenger door of a Dornier 328 completely opened. * * * Substantial damage to the door, handrails, door hinge arms and fuselage skin were found.

* * * Although final proof could not be obtained, the most likely way in which the door opened was that the door handle was inadvertently operated during the take-off run.

[T]his Airworthiness Directive (AD) aims to prevent further incidents of inadvertent opening and possible detachment of a passenger door in-flight, likely resulting in damage to airframe and systems and, under less favorable circumstances, loss of control of the aircraft.

The proposed AD would require actions that are intended to address the unsafe condition described in the MCAI.

DATES: We must receive comments on this proposed AD by April 28, 2008.

ADDRESSES: You may send comments by any of the following methods:

- *Federal eRulemaking Portal:* Go to <http://www.regulations.gov>. Follow the instructions for submitting comments.

- *Fax:* (202) 493–2251.

Examining the AD Docket

You may examine the AD docket on the Internet at <http://www.regulations.gov>; or in person at the Docket Operations office between 9 a.m. and 5 p.m., Monday through Friday, except Federal holidays. Discussion

The European Aviation Safety Agency (EASA), which is the Technical Agent for the Member States of the European Community, has issued EASA Airworthiness Directive 2007–0199, dated July 25, 2007 (corrected July 26, 2007; referred to after this as “the MCAI”), to correct an unsafe condition for the specified products. The MCAI states:

At least one incident has occurred where, immediately after take-off, the passenger door of a Dornier 328 completely opened. The flight crew reportedly had no cockpit indication or audible chime prior to this event. The aircraft returned to the departure airfield and made an uneventful emergency landing. Substantial damage to the door, handrails, door hinge arms and fuselage skin were found.
