SUPPLEMENTARY INFORMATION:

Title: Environmental Streamlining: Measuring the Performance of Stakeholders in the Transportation Project Development Process II.

Background: The U.S. Department of Transportation (DOT), FHWA, has contracted with the Gallup Organization to conduct a survey of professionals associated with transportation and resource agencies in order to gather their views about the workings of the environmental review process for transportation projects and how the process can become more efficient. The purpose of the survey is to: (1) Collect the responses of agency professionals to questions about their involvement in conducting the decision-making processes mandated by the National Environmental Policy Act (NEPA) and other resource protection laws in order to develop benchmark performance measures; and (2) identify where the performance of the process might be improved by the application of techniques for streamlining. This is a survey conducted of only local, state, and federal officials who work with the NEPA process.

Respondents: Approximately 2,000 professionals/officials from transportation and natural resource agencies.

Frequency: This is the third time this survey has been conducted over a period of seven years.

Estimated Total Annual Burden Hours: The FHWA estimates that each respondent will complete the survey in approximately 15 minutes. Respondents

will have the option of answering the survey's questions either over the telephone or online. With a potential total of 2,000 survey respondents, an estimated 500 burden hours are expected for this project.

Public Comments Invited: You are asked to comment on any aspect of this information collection, including: (1) Whether the proposed collection is necessary for the FHWA's performance; (2) the accuracy of the estimated burden; (3) ways for the FHWA to enhance the quality, usefulness, and clarity of the collected information; and (4) ways that the burden could be minimized, including the use of electronic technology, without reducing the quality of the collected information. The agency will summarize and/or include your comments in the request for OMB's clearance of this information collection.

Privacy Act: Anyone is able to search the electronic form of all comments received into any of our dockets by the name of the individual submitting the comment (or signing the comment, if submitted on behalf of an association, business, labor union, etc.). Reports, Forms and Recordkeeping Requirements

AGENCY: National Highway Traffic Safety Administration, U.S. Department of Transportation.

ACTION: Notice.

SUMMARY: In compliance with the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 *et seq.*), this notice announces that the Information Collection Request (ICR) abstracted below has been forwarded to the Office

of Management and Budget (OMB) for review and comment. The ICR describes the nature of the information collections and their expected burden. The **Federal Register** Notice with a 60-day comment period was published on January 22, 2008 (73 FR 3798).

DATES: Comments must be submitted to OMB on or before April 28, 2008.

ADDRESSES: Send comments to the Office of Information and Regulatory Affairs, OMB, 725 17th Street, NW., Washington, DC 20503, Attention: Desk Officer.

FOR FURTHER INFORMATION CONTACT: Jennifer Timian, Recall Management Division (NVS-215), Room W46-324, NHTSA, 1200 New Jersey Ave., Washington, DC 20590, Telephone: (202) 366-0209.

SUPPLEMENTARY INFORMATION:

Title: Names and Address of First Purchasers of Motor Vehicles.

OMB Number: 2127-0044.

Type of Request: Revision of a currently approved information collection.

Affected Public: Businesses or others for profit.

Abstract: Pursuant to 49 U.S.C. 30117(b) a manufacturer of a motor vehicle or tire must maintain a record of the name and address of the first purchasers of each vehicle or tire it produces and, to the extent prescribed by regulation of the Secretary, must maintain a record of the name and address of the first purchaser of replacement equipment (except a tire) that the manufacturer produces.

Vehicle manufacturers currently collect and maintain purchaser information for business reasons, such as warranty claims processing and marketing, and experience with this statutory requirement has shown that manufacturers have retained this information in a sufficient manner to enable them to expeditiously notify vehicle purchasers in the case of a safety recall.

Estimated Annual Burden: Zero. As a practical matter, vehicle manufacturers are presently collecting from their dealers and then maintaining first purchaser information for their own commercial reasons. Therefore, the statutory requirement does not impose any additional burden.

Number of Respondents: 1,000.

Comments are invited on: whether the proposed collection of information is necessary for the proper performance of the functions of the Department, including whether the information will

have practical utility; the accuracy of the Department's estimate of the burden of the proposed information collection; ways to enhance the quality, utility and clarity of the information to be collected; and ways to minimize the burden of the collection of information on respondents, including the use of automated collection techniques or other forms of information technology.

A comment to OMB is most effective if OMB receives it within 30 days of publication.

Issued on: March 25, 2008.

Director, Office of Defects Investigation.

National Highway Traffic Safety Administration

[U.S. DOT Docket Number NHTSA-2008-0057]

Reports, Forms, and Recordkeeping Requirements

AGENCY: National Highway Traffic Safety Administration (NHTSA), U.S. Department of Transportation.

ACTION: Request for public comment on revision to a currently approved collection of information.

SUMMARY: Before a Federal agency can collect certain information from the public, it must receive approval from the Office of Management and Budget (OMB). Under procedures established by the Paperwork Reduction Act of 1995, before seeking OMB approval, Federal agencies must solicit public comment on proposed collections of information, including extensions and reinstatement of previously approved collections.

This document describes a collection of information for which NHTSA intends to seek OMB approval.

DATES: Comments must be received on or before May 27, 2008.

ADDRESSES: You may submit comments using any of the following methods. All comments must have the applicable DOT docket number (e.g., NHTSA-2008-0057) noted conspicuously on them.

- Federal eRulemaking Portal: Go to <http://www.regulations.gov>. Follow the online instructions for submitting comments.
- Mail: Docket Management Facility: U.S. Department of Transportation, 1200 New Jersey Avenue, SE., West Building Ground Floor, Room W12-140, Washington, DC 20590-0001.

- Hand Delivery or Courier: West Building Ground Floor, Room W12-140, 1200 New Jersey Avenue, SE., between 9 a.m. and 5 p.m. ET, Monday through Friday, except Federal holidays. Telephone: 1-800-647-5527.

- Fax: 202-493-2251.

Instructions: All submissions must include the agency name and docket number for this proposed collection of information. Note that all comments received will be posted without change to <http://www.regulations.gov>, including any personal information provided. Please see the Privacy Act heading below.

Privacy Act: Anyone is able to search the electronic form of all comments received into any of our dockets by the name of the individual submitting the comment (or signing the comment, if submitted on behalf of an association, business, labor union, etc.). You may review DOT's complete Privacy Act Statement in the **Federal Register** published on April 11, 2000 (65 FR 19477-78) or you may visit <http://DocketInfo.dot.gov>.

Docket: For access to the docket to read background documents or comments received, go to <http://www.regulations.gov> or the street address listed above. Follow the online instructions for accessing the dockets.

FOR FURTHER INFORMATION CONTACT:

Jennifer Timian, Recall Management Division (NVS-215), Room W46-324, NHTSA, 1200 New Jersey Ave., Washington, DC 20590. Telephone: (202) 366-0209.

SUPPLEMENTARY INFORMATION: Under the Paperwork Reduction Act of 1995, before an agency submits a proposed collection of information to OMB for approval, it must first publish a document in the **Federal Register** providing a 60-day comment period and otherwise consult with members of the public and affected agencies concerning each proposed collection of information. The OMB has promulgated regulations describing what must be included in such a document. Under OMB's regulation, *see* 5 CFR 1320.8(d), an agency must ask for public comment on the following:

- (i) Whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;
- (ii) The accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;
- (iii) How to enhance the quality, utility, and clarity of the information to be collected; and

- (iv) How to minimize the burden of the collection of information on those who are to respond, including the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g. permitting electronic submission of responses

In compliance with these requirements, NHTSA asks for public comments on the following collection of information:

Title: Defect and Noncompliance Reporting and Notification.

Type of Request: Revision of a currently approved information collection.

OMB Control Number: 2127-0004.

Affected Public: Businesses or individuals.

Abstract: This notice requests comment on NHTSA's proposed revision to approved collection of information OMB No. 2127-0004. Broadly speaking, this collection covers the information collection requirements found within various statutory sections in the Motor Vehicle Safety Act of 1966 (Act), 49 U.S.C. 30101, *et seq.*, that address and require manufacturer notifications to NHTSA of safety-related defects and failures to comply with Federal Motor Vehicle Safety Standards (FMVSS) in motor vehicles and motor vehicle equipment, as well as the provision of particular information related to the ensuing owner and dealers notifications and free remedy campaigns that follow those notifications. The sections of the Act imposing these requirements include 49 U.S.C. 30118, 30119, 30120, and 30166. Many of these requirements are implemented through, and addressed with more specificity in, 49 CFR Part 573, *Defect and Noncompliance Responsibility and Reports* (Part 573) and 49 CFR 577, *Defect and Noncompliance Notification*.

For ease of reference and comment, we have broken the information collection requirements that OMB No. 2127-0004 covers into three categories. The first two categories summarize requirements already included in OMB No. 2127-0004; the first discussing requirements of defect and noncompliance reporting and notifications generally, and the second discussing additional requirements that pertain specifically to tire recalls and the proper disposal of tires. The third category summarizes our proposal to include another collection requirement related to tire recall campaigns, but in the past treated separately and given a different OMB information collection approval number (2127-0610).
