All filings with the Commission must include on the first page, the project name (French Meadows Transmission Line Project) and number (P-2479-010), and bear the heading "Comments on Pre-Application Document," "Study Requests," "Comments on Scoping Document 1," "Request for Cooperating Agency Status," or "Communications to and from Commission Staff." p. Our intent is to prepare an Environmental Impact Statement for which the below meetings satisfied the NEPA scoping requirements.

Scoping Meetings

Because of the interconnection between the French Meadows Transmission Line Project and PCWA's Middle Fork American Project, the scoping meetings for these projects were held concurrently on March 4, 2008, at the Auburn Recreation District-Canyon View Community Center. Commission staff held two scoping meetings; one daytime meeting focused on resource agency, Indian tribes, and non-governmental organization concerns, and one evening meeting focused primarily on receiving input from the public. We invited all interested individuals, organizations, and agencies to attend one or both of the meetings, and to assist staff in identifying particular study needs, as well as the scope of environmental issues to be addressed in the environmental document. The meetings were recorded by a stenographer and became part of the formal record of the Commission proceeding on the projects. Transcripts from these meetings may be viewed on the Web at <http://www.ferc.gov>, using the "eLibrary" link. Follow the directions for accessing information in paragraph (n).

SD1, which outlines the subject areas to be addressed in the environmental document, was mailed to the individuals and entities on the Commission's mailing list. Copies of SD1 were available at the scoping meetings, and may be viewed on the

Web at <http://www.ferc.gov>, using the "eLibrary" link. Follow the directions for accessing information in paragraph (n). Based on all oral and written comments, a Scoping Document 2 (SD2) may be issued. SD2 may include a revised process plan and schedule, as well as a list of issues, identified through the scoping process.

Site Visit

Typically, a site visit is held together with the scoping meeting. However, because most of the project sites were not be accessible in early March, the licensees (PCWA and PG&E) and Commission staff will visit the project sites on Wednesday, June 25, 2008, starting at 8 a.m. All participants should meet at Auburn Recreation District Canyon View Community Center, located at 471 Maidu Drive, Auburn, California. PCWA and PG&E will provide transportation for participants. Anyone interested in attending the site visit should contact Mr. Forrest Sullivan of PG&E at 916-386-5580 by June 11, 2008. Depending on interest, a second day (Thursday, June 26, 2008) of site visits may be added to the schedule. Should this be the case, a notice will be issued in June stating as such.

Secretary.
