DEPARTMENT OF LABOR**Employee Benefits Security Administration****Proposed Extension of Information Collection Request Submitted for Public Comment; Procedure for Application for Exemption From the Prohibited Transaction Provisions of Section 408(a) of the Employee Retirement Security Act (ERISA)**

AGENCY: Employee Benefits Security Administration, Department of Labor.

ACTION: Notice.

SUMMARY: The Department of Labor, as part of its continuing effort to reduce paperwork and respondent burden, conducts a preclearance consultation program to provide the general public and Federal agencies with an opportunity to comment on proposed and continuing collections of information in accordance with the Paperwork Reduction Act of 1995 (PRA 95). This program helps to ensure that requested data can be provided in the desired format, reporting burden (time and financial resources) is minimized, collection instruments are clearly understood, and the impact of collection requirements on respondents can be properly assessed. Currently, the Employee Benefits Security Administration is soliciting comments on the proposed extension of the information collection provisions included in the procedure for

applications for exemption from the prohibited transaction provisions of section 408(a) of the Employee Retirement Income Security Act of 1974 (ERISA) (29 CFR 2570.30, *et seq.*). A copy of the information collection request (ICR) can be obtained by contacting the individual shown in the **ADDRESSES** section of this notice or at <http://www.RegInfo.gov>.

DATES: Written comments must be submitted to the office shown in the **ADDRESSES** section on or before June 2, 2008.

ADDRESSES: G. Christopher Cosby, Department of Labor, Employee Benefits Security Administration, 200 Constitution Avenue, NW., Washington, DC 20210, (202) 693-8410, Fax (202) 693-4745 (these are not toll-free numbers).

SUPPLEMENTARY INFORMATION:**I. Background**

Section 408(a) of ERISA provides that the Secretary may grant exemptions from the prohibited transaction provisions of sections 406 and 407(a) of ERISA and directs the Secretary to establish an exemption procedure with respect to such provisions. In this regard, the Department previously issued a regulation which describes the procedures that must be followed in filing for such exemptions (29 CFR 2570.30 *et seq.*). Under section 408(a) of ERISA, in order for the Secretary to grant an exemption, it must be determined that such exemption is "(1) Administratively feasible; (2) in the interests of the plan and its participants and beneficiaries; and (3) protective of the rights of participants and beneficiaries." In order to make such determination, the Department requires full information regarding all aspects of the transaction, including the specific circumstances surrounding the transaction, and the parties and assets involved. Thus, sections 2570.34 and 2570.35 of the exemption procedures regulation lists the information that must be supplied by the applicant. This information includes: Identifying information (name, type of plan, EIN number, etc.); an estimate of the number of plan participants; a detailed description of the transaction and the parties for which an exemption is requested; statements regarding what section of ERISA is thought to be in violation and whether the transaction(s) involved have already been entered into; a statement of whether the transaction is customary in the industry; a statement of the hardship or economic loss, if any, which would result if the exemption were denied; a statement

explaining why the proposed exemption would be administratively feasible, in the interests of the plan and protective of the rights of plan participants and beneficiaries; and several other statements. In addition, the applicant must certify that the information supplied is accurate and complete.

Section 408(a) of ERISA requires that before granting an exemption from 406(a) the Secretary "shall require that adequate notice be given to interested parties, and shall afford interested persons opportunity to present views." Thus, section 2570.43 of the exemption procedures regulation requires that the applicant for an exemption provide interested persons with a copy of the **Federal Register** notice containing the proposed exemption and a statement which informs them of their right to comment on the proposed exemption.

SUPPLEMENTARY INFORMATION:

I. Background: As part of UI Performs, a comprehensive performance management system implemented in 1995 for the UI program, SQSP is the principal vehicle that state UI agencies use to plan, record and manage program improvement efforts as they strive for excellence in service. The SQSP which serves as the State Plan for the UI program is also the grant agreement. The statutory basis for the SQSP is Title III, section 302 of the Social Security Act, which authorizes the Secretary of Labor to provide funds to administer the UI programs, and sections 303(a)(8) and (9) which govern the expenditures of those funds. The SQSP represents an approach to tie program performance with the budget and planning process.

II. Desired Focus of Comments:

Currently, the Department of Labor is soliciting comments concerning the proposed extension collection of the UI SQSP. The Department is particularly interested in comments which:

- Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;
