

the Infection Prevention and Patient Safety Activity Catalogue, the number of respondents is based on an estimate of 1 respondent at each of the 34 implementation hospitals and the 102 control group hospitals. Finally, the

number of respondents for the Training Evaluation instrument is based on an estimate of 25 respondents at each of the 34 implementation hospitals.

Exhibit 2 shows the estimated annualized cost burden for the respondents' time to participate in this

project. There will be no cost burden to the respondent other than that associated with their time to provide the required data. There will be no additional costs for capital equipment, software, computer services, etc.

EXHIBIT 1. ESTIMATED ANNUALIZED BURDEN HOURS

Data collection instrument	Number of respondents	Number of responses per respondent	Hours per response	Total burden hours
Pre-Training Infection Prevention and Safety Assessment	34	20	30/60	340
Post-Training Infection Prevention and Safety Assessment	136	5.75	45/60	587
Baseline Infection Rate Summary	34	1	30/60	17
Follow-up Infection Rate Summary	136	1	40/60	91
Infection Prevention and Patient Safety Activity Catalogue	136	1	1.00	136
Training Evaluation	34	25	10/60	141
Total	136	na	na	1,312

EXHIBIT 2.—ESTIMATED ANNUALIZED COST BURDEN

Data collection instrument	Number of respondents	Total burden hours	Average hourly wage rate*	Total cost burden
Pre-Training Infection Prevention and Safety Assessment	34	340	\$41.75	\$14,195
Post-Training Infection Prevention and Safety Assessment	136	587	41.75	24,507
Baseline Infection Rate Summary	34	17	28.99	493
Follow-up Infection Rate Summary	136	91	28.99	2,638
Infection Prevention and Patient Safety Activity Catalogue	136	136	39.02	5,307
Training Evaluation	34	141	49.04	6,915
Total	136	1,312	na	54,055

* Based on the planned respondents, the average hourly rates are the average of the mean hourly wage estimates for the following occupational groups: Epidemiologists, health care support aides, medical and health services managers, pharmacists, physicians, physician assistants, registered nurses, and respiratory therapists. The wage estimates are derived from the National Occupational Employment and Wage Estimates, Bureau of Labor Statistics, May 2006.

Estimated Annual Costs to the Federal Government

This data collection effort is one aspect of a larger effort focused on reducing healthcare associated infections. The cost of developing the data collection instruments by a onetime statistical support task order is \$25,000. The costs of implementing the data collection instruments and analyzing and publishing the results are \$108,650 annually.

Finally, the estimated costs for federal staff time for supporting the common data collection efforts are \$24,000 annually. Thus, the estimated annual cost to the federal government is \$145,150.

Request for Comments

In accordance with the above-cited Paperwork Reduction Act legislation, comments on AHRQ's information collection are requested with regard to any of the following: (a) Whether the proposed collection of information is necessary for the proper performance of AHRQ health care research, quality

improvement and information dissemination functions, including whether the information will have practical utility; (b) the accuracy of AHRQ's estimate of burden (including hours and costs) of the proposed collection(s) of information; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information upon the respondents, including the use of automated collection techniques or other forms of information technology.

Comments submitted in response to this notice will be summarized and included in the Agency's subsequent request for OMB approval of the proposed information collection. All comments will become a matter of public record.

Dated: March 25, 2008.

Carolyn M. Clancy,

Director.

Agency Forms Undergoing Paperwork Reduction Act Review

The Centers for Disease Control and Prevention (CDC) publishes a list of information collection requests under review by the Office of Management and Budget (OMB) in compliance with the Paperwork Reduction Act (44 U.S.C. Chapter 35). To request a copy of these requests, call the CDC Reports Clearance Officer at (404) 639-5960 or send an e-mail to omb@cdc.gov. Send written comments to CDC Desk Officer, Office of Management and Budget, Washington, DC 20503 or by fax to (202) 395-6974. Written comments should be received within 30 days of this notice.

Proposed Project

State of Pennsylvania Fire and Life Safety Public Education Survey—New—

Division of Unintentional Injury, National Center for Injury Prevention and Control (NCIPC), Centers for Disease Control and Prevention (CDC).

Background and Brief Description

This project will involve conducting a statewide survey of Pennsylvania fire departments to identify current fire and life safety education programs, resources, and training needs. Survey findings will be used to develop an inventory of programs and resources, and to inform Pennsylvania's fire and life safety educators during future training programs. In the United States each year, there are approximately 400,000 residential fires, with 14,000 non-fatal and 3,000 fatal civilian injuries. The National Center of Injury Prevention and Control (NCIPC), in line

with Healthy People 2010 objectives, work to reduce and eliminate non-fatal and fatal injuries from residential fires.

The survey will be conducted with fire departments in Pennsylvania. The 2007 National Directory of Fire Chiefs & EMS Administrators lists all fire departments in Pennsylvania along with their contact information. A stratified random sampling strategy will be used to generate a study sample that includes all career and combination (career/volunteer) fire departments and a proportion of all volunteer fire departments. An initial mailing will be sent to the current postal addresses and existing e-mail addresses of selected fire departments' Fire Chiefs. This mailing will include a brief description of the study and instructions on how to submit the survey. Fire departments will be

asked to participate in a 35-item survey. Completed surveys will be returned either on-line, through the mail, or by fax. Non-responding fire departments will be telephoned to confirm receipt of the survey and to encourage participation. The telephone script for this group is approximately 3 minutes. It is estimated that 260 out of the 654 initially contacted fire departments will complete the 30 minute survey, which is designed to collect information on the scope and content of educational programs and activities, training needs, and barriers to fire and life safety education.

There are no costs to respondents except for their time to participate in the surveys.

The total estimated annualized burden hours are 163.

ESTIMATED ANNUALIZED BURDEN HOURS

Respondents	Form name	Number of respondents	Number of responses per respondent	Average burden per response (in hours)
Pennsylvania Fire Chiefs	Telephone Script/ Follow-up	654	1	3/60
	Pennsylvania Fire and Life Safety Education Survey.	260	1	30/60

Dated: March 28, 2008.

Maryam I. Daneshvar,

Acting Reports Clearance Officer, Centers for Disease Control and Prevention.
