Access to records covered by the system will be permitted only to authorized personnel on a need-to-know basis in accordance with requirements found in the Departmental Privacy Act regulations (43 CFR 2.51). Within the Departmental office, manual records are stored in a locked Aisle Saver System (file unit) in a room locked with an off-master key. Within bureau offices, manual records are maintained with appropriate administrative, technical, and physical safeguards to insure their security and confidentiality. In all offices where records are handled, posted warning signs remind employees of access limitations, standards of conduct for employees handling Privacy Act records, and possible criminal penalties for violation of security regulations.
