[Docket No. CP08-29-000]

Vector Pipeline L.P.; Notice of Availability of the Environmental Assessment for the Proposed Athens Compressor Expansion Project

March 31, 2008.

The staff of the Federal Energy Regulatory Commission (FERC or Commission) has prepared an environmental assessment (EA) on the natural gas pipeline facilities proposed by Vector Pipeline L.P. (Vector) in the above-referenced docket.

The EA was prepared to satisfy the requirements of the National Environmental Policy Act. The FERC staff concludes that approval of the proposed project, with appropriate mitigating measures, would not constitute a major federal action significantly affecting the quality of the human environment.

The EA assesses the potential environmental effects of the construction and operation of Vector's proposed Athens Compressor Expansion (ACE) Project. The ACE Project would involve construction of a new 15,000-

horsepower compressor station along Vector's existing pipeline system in Calhoun County, Michigan and modifications at the existing Springville and Highland Compressor Stations, which are located along Vector's pipeline system in LaPorte County, Indiana and Oakland County, Michigan, respectively. The ACE Project would increase mainline capacity by approximately 105,000 dekatherms per day.

The EA has been placed in the public files of the FERC. A limited number of copies of the EA are available for distribution and public inspection at: Federal Energy Regulatory Commission, Public Reference Room, 888 First Street, NE., Room 2A, Washington, DC 20426, (202) 502-8371.

Copies of the EA have been mailed to Federal, State, and local agencies, public interest groups, interested individuals, newspapers, and parties to this proceeding.

Any person wishing to comment on the EA may do so. To ensure consideration prior to a Commission decision on the proposal, it is important that we receive your comments before the date specified below.

Please note that the Commission strongly encourages electronic filing of any comments or interventions or protests to this proceeding. See 18 Code of Federal Regulations
