SUPPLEMENTARY INFORMATION:

A. Background

The proposed changes to FAR 32.001, 32.501–3, 32.503–6, 52.232–16 and the SF 1443, Contractor's Request for Progress Payments are to (1) address revisions to the paid cost rule, and (2) simplify the form and related regulations, and instructions to improve clarity. These proposed changes originated as a part of a review of the SF 1443 and related regulations by the

Department of Defense (DoD). As a part of this review, the DoD requested input from both Department contracting professionals and the general public (see **Federal Register** 69 FR 67899, dated November 22, 2004). The recommendations resulting from that effort were considered in developing the proposed rule language reported herein.

This is not a significant regulatory action and, therefore, was not subject to review under Section 6(b) of Executive Order 12866, Regulatory Planning and Review, dated September 30, 1993. This rule is not a major rule under 5 U.S.C. 804.

B. Discussion

The Councils are revising the following FAR provisions:

1. FAR 32.001 is revised to add a definition for the term "Liquidate." This proposed change is made to ensure that all parties understand what is meant by this term which is used frequently throughout FAR Part 32.

2. FAR 32.501–3(a)(1) is revised to ensure that the term "contract price" is used consistently in 32.501–3 and the SF 1443. This change is proposed to clarify that "contract price" includes the total amount to be paid for complete performance of the contract, to include the not-to-exceed amounts on unpriced modifications. Related changes are proposed to the instructions for Item 5 of the SF 1443.

3. FAR 32.503–1 is deleted, in its entirety. The language requiring the contractor to use the SF 1443 to request progress payments is moved to 52.232–16(g)(3). This change is made to move the requirement to use the form into the contract clause. New language is added allowing electronic submission of the SF 1443.

4. FAR 32.503–6(f) and (g), and 52.232–16(a)(9) and (c)(5) are revised to clarify the computation of the loss ratio.

5. FAR 52.232–16(g)(2) is added to require that contractors use current estimates to complete when preparing the SF 1443. Related changes are proposed for the SF 1443 Line 12b and related instructions.

6. Various other changes to the SF 1443 and related instructions are also proposed:

(a) Line 4 "Contract Number" is changed to require that the contractor include the Delivery or Task Order number, if applicable, so that the paying office can associate the SF 1443 with the correct order.

(b) Lines 9–11 are revised to reflect changes made to the "paid cost rule" in an earlier Final Rule.

(c) Line 14 is revised to make the language on the form consist with that

of 52.232–16. A related change is also made to Line 20.

(d) Line 23 is revised to clarify that the amount on this line is the dollars that have been liquidated as well as the dollars to be liquidated.

(e) Minor editorial changes are proposed for various portions of the SF 1443 and related instructions.

C. Regulatory Flexibility Act

The Councils do not expect this proposed rule to have a significant economic impact on a substantial number of small entities within the meaning of the Regulatory Flexibility Act, 5 U.S.C. 601, *et seq.*, because this proposed rule will not change the rules for buying or add a new information collection requirement. It will not have a significant economic impact to simplify the SF 1443 and related regulations and instructions. Further, most contracts awarded to small entities use the simplified acquisition procedures or are awarded on a competitive, fixed-price basis; neither of these requires the completion of the SF 1443. An Initial Regulatory Flexibility Analysis has, therefore, not been performed. We invite comments from small businesses and other interested parties. The Councils will consider comments from small entities concerning the affected FAR Part 32, 43, 52, and 53 in accordance with 5 U.S.C. 610. Interested parties must submit such comments separately and should cite 5 U.S.C. 601, *et seq.* (FAR case 2005–032), in correspondence.

D. Paperwork Reduction Act

The Paperwork Reduction Act does not apply because the proposed changes to the FAR do not impose information collection requirements that require the approval of the Office of Management and Budget under 44 U.S.C. 3501, *et seq.*

INSTRUCTIONS

GENERAL - All dollar amounts must be shown in whole dollars, rounded using a consistent methodology (e.g., always round up, always round down, always round to the nearest dollar). All line item numbers not included in the instructions below are self-explanatory.

Item 1. **TO** - Enter the name and address of the cognizant Contract Administration Office (the office administering the contract).

PAYING OFFICE - Enter the designation of the paying office, as indicated on the contract.

Item 2. **FROM - CONTRACTOR'S NAME AND ADDRESS/ZIP CODE** - Enter the name and mailing address of the contractor. If applicable, the division of the company performing the contract should be entered immediately following the contractor's name.

Item 3. Enter an "X" in the appropriate block to indicate whether or not the contractor is a small business concern.

Item 4. Enter the contract number, including the task order number for multiple ordering agreements. Progress payment requests under individual orders shall be submitted as if the order constituted a separate contract, unless otherwise specified in this contract (FAR 52.232-16(m)).

Item 5. Enter the total contract price in accordance with the following (See FAR 32.501-3):

- (1) Under firm-fixed-price contracts, the contract price is the current amount fixed by the contract plus the not-to-exceed amount for any unpriced modifications.
- (2) If the contract is redeterminable or subject to economic price adjustment, the contract price is the initial price until modified.
- (3) Under a fixed-price incentive contract, the contract price is the target price plus the not-to-exceed amount for any unpriced modifications. However, if the contractor's properly incurred costs exceed the target price, the contracting officer may provisionally increase the price up to the ceiling or maximum price.

- (6) Any portion of the contract specifically providing for reimbursement of costs only shall be excluded from the contract price.

Item 6A. **PROGRESS PAYMENT RATES** - Enter the 2-digit progress payment percentage rate shown in paragraph (a) (1) of the progress payment clause.

Item 6B. **LIQUIDATED RATE** - Enter the current progress payment liquidation rate prescribed in the contract (FAR 52.232-16(b)) using three digits - Example: show 80% as 800 - show 72.3% as 723. Decimals between tenths must be rounded up to the next highest tenth (not necessarily the nearest tenth), since rounding down would produce a rate below the minimum rate calculated (FAR 32.503-10(b) (4)).

Item 7. **DATE OF INITIAL AWARD** - Enter the four digit calendar year. Use two digits to indicate the month. Example: Show January 2005 as 2005/01.

Item 8A. **PROGRESS PAYMENT REQUEST NUMBER** - Enter the number assigned to this request. All requests under a single contract must be numbered consecutively, beginning with 1. Each subsequent request under the same contract must continue in sequence, using the same series of numbers without omission.

Item 8B. Enter the date of the request.

SECTION II - STATEMENT OF COSTS UNDER THIS CONTRACT.

Date. In the space provided in the heading enter the date through which costs have been accumulated from inception for inclusion in this request. This date is applicable to item entries in Sections II and III.

In accordance with FAR 52.232-16 (a) (1), the basis for progress payments is the contractor's total costs incurred under this contract, whether or not actually paid, plus financing payments to subcontractors (computed in accordance with FAR 52.232-16(j)), less the sum of all previous progress payments made by the Government under this contract.

Item 11. Costs eligible for progress payments under the progress payments clause. Compute the eligible costs in accordance with the requirements at FAR 52.232-16(a)(1) through (4). First articles: Before first article approval, the acquisition of materials or components for, or the commencement of production of, the balance of the contract quantity is at the sole risk of the contractor. In order of preference, these costs are to be computed on the basis of one of the following: (a) The actual unit cost of items delivered, giving proper consideration to the deferment of the starting load costs or (b) projected unit costs (based on experienced costs plus the estimated cost to complete the contract), where the contractor maintains cost data which will clearly establish the reliability of such estimates.

Item 23. Enter total progress payments liquidated (monies recouped from the contractor on prior billings) and those to be liquidated from billings submitted but not yet paid (monies to be recouped from the contractor on submitted but unpaid billings).

Item 26. If no financial information has been provided previously in connection with this contract, insert "N/A" in the submission date block and the financial information date block.
