SUPPLEMENTARY INFORMATION:

A. General

The Privacy Act (5 U.S.C. 552a), as amended, establishes the conditions under which computer matching involving the Federal government could be performed and adding certain protections for individuals applying for and receiving Federal benefits. Section 7201 of the Omnibus Budget Reconciliation Act of 1990 (Pub. L. 101-508) further amended the Privacy Act regarding protections for such individuals.

The Privacy Act, as amended, regulates the use of computer matching by Federal agencies when records in a system of records are matched with other Federal, State, or local government records. Among other things, it requires Federal agencies involved in computer matching programs to:

(1) Negotiate written agreements with the other agency for agencies participating in the matching programs;

(2) Obtain the approval of the match agreement by the Data Integrity Boards (DIB) of the participating Federal agencies;

(3) Furnish detailed reports about matching programs to Congress and OMB;

(4) Notify applicants and beneficiaries that their records are subject to matching;

(5) Verify match findings before reducing, suspending, termination or denying an individual's benefits or payments.

B. OPM Computer Matches Subject to the Privacy Act

We have taken action to ensure that all of OPM's computer matching programs comply with the requirements of the Privacy Act, as amended.

Notice of Computer Matching Program, Office of Personnel Management (OPM) With the Social Security Administration (SSA)

A. Participating Agencies

OPM and SSA.

B. Purpose of the Matching Program

The purpose of this agreement is to establish the conditions under which SSA agrees to the disclosure of tax return information to OPM. The SSA records will be used in a matching program in which OPM will match SSA's tax return records with OPM's records on disability retirees under age 60, disabled adult child survivors, certain retirees in receipt of a

supplemental benefit under the Federal Employees Retirement System (FERS), and certain annuitants receiving a discontinued service retirement benefit under the Civil Service Retirement System (CSRS). By law, these annuitants and survivors are limited in the amount they can earn and still retain benefits paid to them. In the case of the discontinued service annuitants, retirement benefits cease upon re-employment in Federal service. OPM will use the SSA data to determine continued eligibility for benefits being paid.

C. Authority for Conducting the Matching Program

Chapters 83 and 84 of title 5 of the United States Code and 26 U.S.C. 6103 (l)(11).

D. Categories of Records and Individuals Covered by the Match

SSA will disclose the necessary tax return information from the Earnings Recording and Self-Employment Income System, SSA / OEEAS (60-0059). OPM will provide SSA with an electronic finder file from the OPM system of records published as OPM/Central-1 (Civil Service Retirement and Insurance Records) on October 8, 1999 (64 FR 54930), as amended on May 3, 2000 (65 FR 25775). The systems of records involved have routine uses permitting the disclosures needed to conduct this match.

E. Privacy Safeguards and Security

The Privacy Act (5 U.S.C. 552a(o)(1)(G)), requires that each matching agreement specify procedures for ensuring the administrative, technical and physical security of the records matched and the results of such programs. All Federal agencies are subject to: the Federal Information Security Management Act of 2002 (FISMA), 44 U.S.C. 3541 *et seq.*; related Office of Management and Budget circulars and memorandum (*e.g.*, OMB Circular A-130 and OMB M-06-16); National Institute of Science and Technology (NIST) directives; and the Federal Acquisition Regulations (FAR)). These laws, circulars, memoranda directives and regulations include requirements for safeguarding Federal information systems and personally identifiable information used in Federal agency business processes, as well as related reporting requirements. OPM and SSA recognize that all laws, circulars, memoranda, directives and regulations relating to the subject of this agreement and published subsequent to the effective date of this agreement must also be implemented if mandated.

FISMA requirements apply to all Federal contractors and organizations or sources that possess or use Federal information, or that operate, use, or have access to Federal information systems on behalf of an agency. OPM will be responsible for oversight and compliance of their contractors and agents. Both OPM and SSA reserve the right to conduct onsite inspection to monitor compliance with FISMA regulations.

F. Inclusive Dates of the Match

The matching program shall become effective upon the signing of the agreement by both parties to the agreement and approval of the agreement by the Data Integrity Boards of the respective agencies, but no sooner than 40 days after notice of this matching program is sent to Congress and the Office of Management and Budget or 30 days after publication of this notice in the **Federal Register**, whichever is later. The matching program will continue for 18 months from the effective date and may be extended for an additional 12 months thereafter, if certain conditions are met.

U.S. Office of Personnel Management.

Director.

SECURITIES AND EXCHANGE COMMISSION

Proposed Collection; Comment Request

Upon Written Request, Copies Available From: U.S. Securities and Exchange Commission, Office of Investor Education and Advocacy, Washington, DC 20549-0213.

Extension: Rule 609 and Form SIP; OMB Control No. 3235-0043; SEC File No. 270-23.

Notice is hereby given that pursuant to the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 *et seq.*) the Securities and Exchange Commission ("Commission") is soliciting comments on the collection of information summarized below. The Commission plans to submit this existing collection of information to the Office of Management and Budget for extension and approval.

- Rule 609 (17 CFR 242.609) (formerly Rule 11Ab2-1) and Form SIP (17 CFR 249.1001) Registration of securities information processors: form of application and amendments.

On September 23, 1975, the Commission adopted Rule 11Ab2-1 and Form SIP under the Securities Exchange Act of 1934 ("Act") (15 U.S.C. 78a *et seq.*) to establish the procedures by which Securities Information Processor ("SIP") files and amends their SIP registration statements.¹ Under Regulation NMS Rule 11Ab2-1 was redesignated as Rule 609.² The information filed with the Commission pursuant to Rule 609 and Form SIP is designed to provide the Commission with the information necessary to make the required findings under the Act before granting the SIP's application for registration. In addition, the requirement that a SIP file an amendment to correct any inaccurate information is designed to assure that the Commission has current, accurate information with respect to the SIP. This information is also made available to members of the public.

Only exclusive SIPs are required to register with the Commission. An exclusive SIP is a SIP that engages on an exclusive basis on behalf of any national securities exchange or registered securities association, or any national securities exchange or registered securities association which engages on an exclusive basis on its own behalf, in collecting, processing, or preparing for distribution or publication, any information with respect to (i) transactions or quotations on or effective or made by means of any facility of such exchange or (ii) quotations distributed or published by means of any electronic quotation system operated by such association. The Federal securities laws require that before the Commission may approve the registration of an exclusive SIP, it must make certain mandatory findings. It takes a SIP applicant approximately 400 hours to prepare documents which include sufficient information to enable the Commission to make those findings. Currently, there are only two exclusive SIPs registered with the Commission; The Securities Information Automation Corporation ("SIAC") and The Nasdaq Stock Market, Inc. ("Nasdaq"). SIAC and Nasdaq are required to keep the information on file with the Commission current, which entails filing a form SIP annually to update information. Accordingly, the annual reporting and recordkeeping burden for Rule 609 and Form SIP is 400 hours. This annual reporting and
