IV. Commission's Findings and Order Granting Accelerated Approval of the Proposed Rule Change

After careful consideration, the Commission finds that the proposed

rule change is consistent with the requirements of the Act and the rules and regulations thereunder applicable to a national securities exchange⁶ and, in particular, the requirements of Section 6 of the Act.⁷ Specifically, the Commission finds that the proposed rule change is consistent with Section 6(b)(5) of the Act,⁸ which requires, among other things, that the rules of a national securities exchange be designed to promote just and equitable principles of trade, to foster cooperation and coordination with persons engaged in regulating, clearing, settling, processing information with respect to, and facilitating transactions in securities, to remove impediments to and perfect the mechanism of a free and open market and a national market system, and, in general, to protect investors and the public interest.

The Commission believes that the proposed rule change will provide for consistent criteria for the rebalancing of indexes based on different methodologies. The Commission further believes that the proposal should facilitate the listing and trading of Equity Index-Linked Securities based on indexes with different rebalancing requirements, thus benefiting investors by providing them with a wider selection of derivative products. The Commission notes that the proposed rule change would also conform index requirements for Equity Index-Linked Securities to the requirements⁹ applicable to equity-based Investment Company Units.

The Commission finds good cause for approving the proposed rule change prior to the 30th day after the date of publication of the notice of filing thereof in the **Federal Register**. The Commission notes that the proposed rule change is similar to a proposal related to index rebalancing of Equity Index-Linked Securities¹⁰ that was recently approved by the Commission and does not believe that this proposal raises any novel regulatory issues. Therefore, the Commission finds good cause, consistent with Section 19(b)(2) of the Act,¹¹ to approve the proposed rule change on an accelerated basis.

⁶ In approving this proposed rule change, the Commission has considered the proposed rule's impact on efficiency, competition, and capital formation. See 15 U.S.C. 78c(f).

⁷ 15 U.S.C. 78f.

⁸ 15 U.S.C. 78f(b)(5).

⁹ See NYSE Arca Equities Rule 5.2(j)(3).

¹⁰ See Securities Exchange Act Release No. 56838 (November 26, 2007), 72 FR 67774 (November 30, 2007) (SR-NYSEArca-2007-118).

¹¹ 15 U.S.C. 78s(b)(2).

V. Conclusion

It is therefore ordered, pursuant to Section 19(b)(2) of the Act,¹² that the proposed rule change, as modified (SR-NYSEArca-2008-35), be, and it hereby is, approved on an accelerated basis.

For the Commission, by the Division of Trading and Markets, pursuant to delegated authority.¹³

Florence E. Harmon,

Deputy Secretary.
