33 CFR Part 117

[USCG-2008-0207]

RIN 1625-AA09

Drawbridge Operation Regulations; Potomac River, Oxon Hill, MD and Alexandria, VA

AGENCY: Coast Guard, DHS.

ACTION: Notice of proposed rulemaking.

SUMMARY: The Coast Guard proposes to temporarily change the regulations governing the operation of the new Woodrow Wilson Memorial (I-95) Bridge, mile 103.8, across Potomac River between Alexandria, Virginia and Oxon Hill, Maryland. This action is necessary to finalize construction of the drawbridge. While construction continues, this proposal would allow the drawbridge to remain closed-to-navigation each day from 10 a.m. to 2 p.m. beginning May 31, 2008 until and including March 1, 2009.

DATES: Comments and related material must reach the Coast Guard by June 2, 2008.

ADDRESSES: You may submit comments identified by Coast Guard docket number USCG-2008-0207 to the Docket Management Facility at the U.S. Department of Transportation. To avoid duplication, please use only one of the following methods:

(1) Online: <http://www.regulations.gov>.

(2) Mail: Docket Management Facility (M-30), U.S. Department of Transportation, West Building Ground Floor, Room W12-140, 1200 New Jersey Avenue, SE., Washington, DC 20590-0001.

(3) Hand delivery: Room W12-140 on the Ground Floor of the West Building, 1200 New Jersey Avenue, SE., Washington, DC 20590, between 9 a.m. and 5 p.m., Monday through Friday, except Federal holidays. The telephone number is 202-366-9329.

(4) Fax: 202-493-2251.

FOR FURTHER INFORMATION CONTACT: If you have questions on this proposed rule, call Waverly W. Gregory, Jr., Bridge Administrator, Fifth Coast Guard

District, at (757) 398-6222. If you have questions on viewing or submitting material to the docket, call Renee V. Wright, Program Manager, Docket Operations, telephone 202-366-9826.

SUPPLEMENTARY INFORMATION:

Public Participation and Request for Comments

We encourage you to participate in this rulemaking by submitting comments and related materials. All comments received will be posted, without change, to <http://www.regulations.gov> and will include any personal information you have provided.

We have an agreement with the Department of Transportation (DOT) to use the Docket Management Facility. Please see DOT's "Privacy Act" paragraph below.

Submitting Comments

If you submit a comment, please include the docket number for this rulemaking (USCG-2008-0207), indicate the specific section of this document to which each comment applies, and give the reason for each comment. We recommend that you include your name and a mailing address, an e-mail address, or a phone number in the body of your document so that we can contact you if we have questions regarding your submission. You may submit your comments and material by electronic means, mail, fax, or delivery to the Docket Management Facility at the address under **ADDRESSES**; but please submit your comments and material by only one means. If you submit them by mail or delivery, submit them in an unbound format, no larger than 8½ by 11 inches, suitable for copying and electronic filing. If you submit them by mail and would like to know that they reached the Facility, please enclose a stamped, self-addressed postcard or envelope. We will consider all comments and material received during the comment period. We may change this proposed rule in view of them.

Viewing Comments and Documents

To view comments, as well as documents mentioned in this preamble as being available in the docket, go to <http://www.regulations.gov> at any time. Enter the docket number for this rulemaking (USCG-2008-0207) in the Search box, and click "Go>>." You may also visit either the Docket Management Facility in Room W12-140 on the ground floor of the DOT West Building, 1200 New Jersey Avenue, SE., Washington, DC 20590, between 9 a.m. and 5 p.m., Monday through Friday,

except Federal holidays or at Commander (dpb), Fifth Coast Guard District, Federal Building, 1st Floor, 431 Crawford Street, Portsmouth, VA 233704-5004 between 8 a.m. and 4 p.m., Monday through Friday, except Federal holidays.

Privacy Act

Anyone can search the electronic form of all comments received into any of our dockets by the name of the individual submitting the comment (or signing the comment, if submitted on behalf of an association, business, labor union, etc.). You may review the Department of Transportation's Privacy Act Statement in the **Federal Register** published on April 11, 2000 (65 FR 19477), or you may visit <http://DocketsInfo.dot.gov>.

Public Meeting

Currently, no public meeting is scheduled. But you may submit a request for one to the Docket Management Facility at the address under **ADDRESSES** explaining why one would be beneficial. If we determine that one would aid this rulemaking, we will hold one at a time and place announced by a later notice in the **Federal Register**.

Background and Purpose

On March 5, 2008, we published a notice of temporary deviation from the regulations entitled "Drawbridge Operation Regulations; Potomac River, Between Maryland and Virginia" in the **Federal Register** (73 FR 13127).

The Maryland State Highway Administration and the Virginia Department of Transportation, co-owners of the drawbridge, requested an extension of the aforementioned temporary deviation for a longer period of time in an effort to minimize the potential for major regional traffic impacts and consequences during bridge openings while construction continues. Bridge owners requested that the drawbridge not be available for openings for vessels each day between the hours of 10 a.m. to 2 p.m. from Saturday, May 31, 2008 through Sunday, March 1, 2009 or until the bridge is properly commissioned, whichever comes first. Construction will continue during this time period and the normal vehicular traffic pattern with five lanes operating in each direction is not anticipated until near the end of the time period.

From a river-user standpoint, the coordinators for the construction of the new Woodrow Wilson Bridge Project have received no requests from boaters or mariners to open during the 10 a.m.

to 2 p.m. timeframe since the first temporary deviation was issued in late June 2006. In fact, no requests have been received for an opening of the new bridge at all since July 3, 2006. Finally, the coordinators have received no complaints on the 10 a.m. to 2 p.m. restriction. This proposal will affect only vessels with mast heights of 75 feet or greater. Furthermore, all operators of affected vessels with mast heights greater than 75 feet will be able to request an opening of the drawbridge in the “off-peak” vehicle traffic hours (evening and overnight) in accordance with 33 CFR 117.255(a).

Discussion of Proposed Rule

The Coast Guard proposes to temporarily amend the operating regulations at 33 CFR § 117.255 by inserting new paragraphs (a)(2)(iii) and (a)(4)(iv) to read as follows: From May 31, 2008 to March 1, 2009, from 10 a.m. to 2 p.m., the draw of the Woodrow Wilson Memorial (I-95) Bridge, at mile 103.8, between Alexandria, Virginia and Oxon Hill, Maryland, need not be opened.

Regulatory Evaluation

This proposed rule is not a “significant regulatory action” under section 3(f) of Executive Order 12866, Regulatory Planning and Review, and does not require an assessment of potential costs and benefits under section 6(a)(3) of that Order. The Office of Management and Budget has not reviewed it under that Order.

We expect the economic impact of this proposed rule to be so minimal that a full Regulatory Evaluation is unnecessary. We reached this conclusion based on the fact that the proposed changes have only a minimal impact on maritime traffic transiting the bridge. All operators of affected vessels with mast heights greater than 75 feet will be able to request an opening of the drawbridge in the “off-peak” vehicle traffic hours (evening and overnight) in accordance with 33 CFR 117.255(a), and mariners can plan their trips in accordance with the scheduled bridge openings to minimize delays.

Small Entities

Under the Regulatory Flexibility Act (5 U.S.C. 601–612), we have considered whether this proposed rule would have a significant economic impact on a substantial number of small entities. The term “small entities” comprises small businesses, not-for-profit organizations that are independently owned and operated and are not dominant in their fields, and

governmental jurisdictions with populations of less than 50,000.

The Coast Guard certifies under 5 U.S.C. 605(b) that this proposed rule would not have a significant economic impact on a substantial number of small entities.

This proposed rule would not have a significant economic impact on a substantial number of small entities because the rule only adds minimal restrictions to the movement of navigation, all operators of affected vessels with mast heights greater than 75 feet will be able to request an opening of the drawbridge in the “off-peak” vehicle traffic hours (evening and overnight) in accordance with 33 CFR 117.255(a), and mariners who plan their transits in accordance with the scheduled bridge openings can minimize delay.

If you think that your business, organization, or governmental jurisdiction qualifies as a small entity and that this rule would have a significant economic impact on it, please submit a comment (see **ADDRESSES**) explaining why you think it qualifies and how and to what degree this rule would economically affect it.

Assistance for Small Entities

Under section 213(a) of the Small Business Regulatory Enforcement Fairness Act of 1996 (Pub. L. 104–121), we want to assist small entities in understanding this proposed rule so that they can better evaluate its effects on them and participate in the rulemaking. If the rule would affect your small business, organization, or governmental jurisdiction and you have questions concerning its provisions or options for compliance, please contact Waverly W. Gregory, Jr., Bridge Administrator, Fifth Coast Guard District, (757) 398–6222. The Coast Guard will not retaliate against small entities that question or complain about this rule or any policy or action of the Coast Guard.

Collection of Information

This proposed rule would call for no new collection of information under the Paperwork Reduction Act of 1995 (44 U.S.C. 3501–3520.).

Federalism

A rule has implications for federalism under Executive Order 13132, Federalism, if it has a substantial direct effect on State or local governments and would either preempt State law or impose a substantial direct cost of compliance on them. We have analyzed this proposed rule under that Order and have determined that it does not have implications for federalism.

Unfunded Mandates Reform Act

The Unfunded Mandates Reform Act of 1995 (2 U.S.C. 1531–1538) requires Federal agencies to assess the effects of their discretionary regulatory actions. In particular, the Act addresses actions that may result in the expenditure by a State, local, or tribal government, in the aggregate, or by the private sector of \$100,000,000 or more in any one year. Though this proposed rule will not result in such an expenditure, we do discuss the effects of this rule elsewhere in this preamble.

Taking of Private Property

This proposed rule would not effect a taking of private property or otherwise have taking implications under Executive Order 12630, Governmental Actions and Interference with Constitutionally Protected Property Rights.

Civil Justice Reform

This proposed rule meets applicable standards in sections 3(a) and 3(b)(2) of Executive Order 12988, Civil Justice Reform, to minimize litigation, eliminate ambiguity, and reduce burden.

Protection of Children

We have analyzed this proposed rule under Executive Order 13045, Protection of Children from Environmental Health Risks and Safety Risks. This rule is not an economically significant rule and would not create an environmental risk to health or risk to safety that might disproportionately affect children.

Indian Tribal Governments

This proposed rule does not have tribal implications under Executive Order 13175, Consultation and Coordination with Indian Tribal Governments, because it would not have a substantial direct effect on one or more Indian tribes, on the relationship between the Federal Government and Indian tribes, or on the distribution of power and responsibilities between the Federal Government and Indian tribes.

Energy Effects

We have analyzed this proposed rule under Executive Order 13211, Actions Concerning Regulations That Significantly Affect Energy Supply, Distribution, or Use. We have determined that it is not a “significant energy action” under that order because it is not a “significant regulatory action” under Executive Order 12866 and is not likely to have a significant adverse effect on the supply, distribution, or use of energy. The Administrator of the Office

of Information and Regulatory Affairs has not designated it as a significant energy action. Therefore, it does not require a Statement of Energy Effects under Executive Order 13211.

Technical Standards

The National Technology Transfer and Advancement Act (NTTAA) (15 U.S.C. 272 note) directs agencies to use voluntary consensus standards in their regulatory activities unless the agency provides Congress, through the Office of Management and Budget, with an explanation of why using these standards would be inconsistent with applicable law or otherwise impractical. Voluntary consensus standards are technical standards (*e.g.*, specifications of materials, performance, design, or operation; test methods; sampling procedures; and related management systems practices) that are developed or adopted by voluntary consensus standards bodies.

This proposed rule does not use technical standards. Therefore, we did not consider the use of voluntary consensus standards.

Environment

We have analyzed this proposed rule under Commandant Instruction M16475.ID which guides the Coast Guard in complying with the National Environmental Policy Act of 1969 (NEPA) (42 U.S.C. 4321–4370f), and have made a preliminary determination that this action is not likely to have a significant effect on the human environment because it simply promulgates the operating regulations or procedures for drawbridges. We seek any comments or information that may lead to the discovery of a significant environmental impact from this proposed rule.
