

insulating fittings for electrical machines (8547.90); parachutes and rotocutes (8804.00); corrective or protective spectacles and goggles (9004.90); lasers (9013.20); compasses (9014.10); aeronautical navigation instruments and appliances (9014.20); surveying instruments and appliances (9015.80); calculating instruments (9017.20); breathing appliances and gas masks (9020.00); thermometers and pyrometers (9025.19); hydrometers (9025.80); speedometers, tachometers and stroboscopes (9029.20); instruments for checking voltage and current (9030.39); instruments to measure and check instruments and their parts (9031.80, 9031.90); thermostats (9032.10); hydraulic and pneumatic instruments (9032.81); automatic voltage and voltage-current regulators (9032.89); electric lamps and lighting fittings (9405.20, 9405.40); illuminated signs and name plates (9405.60); plastic parts for lamps and lighting fixtures (9405.92, 9405.99); and, ball-point pens (9608.10). The duty rates on the imported components range from duty-free to 15 percent.

This application requests authority for HBC to conduct the manufacturing activity under FTZ procedures, which would exempt the company from customs duty payments on the imported components used in export production. Approximately 50 percent of production is exported. On domestic sales, the company could choose the lower duty rate (duty-free) that applies to the finished product for the imported components used in manufacturing. HBC may also realize savings related to direct delivery and weekly customs entry procedures. The company will also realize savings on the elimination of duties on materials that become scrap/waste during manufacturing. Additionally, customs duties could possibly be deferred or reduced on foreign status production equipment. The application indicates that the FTZ-related savings would improve the plant's international competitiveness.

In accordance with the Board's regulations, Christopher Kemp of the FTZ staff is designated examiner to investigate the application and report to the Board.

Public comment is invited from interested parties. Submissions (original and 3 copies) shall be addressed to the Board's Executive Secretary at the address listed below. The closing period for their receipt is June 23, 2008. Rebuttal comments in response to material submitted during the foregoing period may be submitted during the subsequent 15-day period (to July 7, 2008).

A copy of the application and accompanying exhibits will be available at each of the following addresses: U. S. Department of Commerce Export Assistance Center, 150 North Main Street, Suite 200, Wichita, Kansas; and, Office of the Executive Secretary, Foreign-Trade Zones Board, Room 2111, U.S. Department of Commerce, 1401 Constitution Avenue, NW, Washington, D.C., 20230. Certain Preserved Mushrooms From the People's Republic of China: Final Results of Antidumping Duty New Shipper Review

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

SUMMARY: On January 28, 2008, the Department of Commerce (the "Department") published in the **Federal Register** the preliminary results of the new shipper review of the antidumping duty order on certain preserved mushrooms from the People's Republic of China ("the PRC") for Ayecue International SLU and its affiliated producer, Ayecue (Liaocheng) Foodstuff Co., Ltd. (collectively, "Ayecue"). See *Certain Preserved Mushrooms From the People's Republic of China: Preliminary Results of the Antidumping Duty New Shipper Review*, 73 FR 4822 (January 28, 2008) ("*Preliminary Results*"). We gave interested parties an opportunity to comment on the *Preliminary Results*.

EFFECTIVE DATE: April 23, 2008.

FOR FURTHER INFORMATION CONTACT: Thomas Martin, AD/CVD Operations, Office 4, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th St. and Constitution Ave., NW., Washington, DC 20230; telephone: (202) 482-3936.

SUPPLEMENTARY INFORMATION:

Case History

The *Preliminary Results* for this administrative review were published on January 28, 2008. Since the *Preliminary Results*, the following events have occurred:

Verification

The Department did not conduct verification in this new shipper review.

Case Briefs and Rebuttal Briefs

On January 28, 2008, in the *Preliminary Results*, the Department stated that interested parties were to submit case briefs within 30 days of publication of the preliminary results and rebuttal briefs within five days after the time limit for filing case briefs. Ayecue timely filed its case brief on February 27, 2008. No other interested party submitted a case or rebuttal brief.

Hearing

No party requested a hearing for this new shipper review.

Scope of the Order

The products covered by this order are certain preserved mushrooms, whether imported whole, sliced, diced, or as stems and pieces. The certain preserved mushrooms covered under this order are the species *Agaricus bisporus* and *Agaricus bitorquis*. "Certain Preserved Mushrooms" refers to mushrooms that have been prepared or preserved by cleaning, blanching, and sometimes slicing or cutting. These mushrooms are then packed and heated in containers including, but not limited to, cans or glass jars in a suitable liquid medium, including, but not limited to, water, brine, butter or butter sauce. Certain preserved mushrooms may be imported whole, sliced, diced, or as stems and pieces. Included within the scope of this order are "brined" mushrooms, which are presalted and

packed in a heavy salt solution to provisionally preserve them for further processing.

Excluded from the scope of this order are the following: (1) All other species of mushroom, including straw mushrooms; (2) all fresh and chilled mushrooms, including "refrigerated" or "quick blanched mushrooms" (3) dried mushrooms; (4) frozen mushrooms; and (5) "marinated," "acidified," or "pickled" mushrooms, which are prepared or preserved by means of vinegar or acetic acid, but may contain oil or other additives.¹

The merchandise subject to this order is classifiable under subheadings: 2003.10.0127, 2003.10.0131, 2003.10.0137, 2003.10.0143, 2003.10.0147, 2003.10.0153 and 0711.51.0000 of the Harmonized Tariff Schedule of the United States ("HTSUS"). Although the HTSUS subheadings are provided for convenience and Customs purposes, the written description of the scope of this order is dispositive.

Analysis of Comments Received

All issues raised in the post-preliminary comments by parties in this review are addressed in the memorandum from Stephen J. Claeys, Deputy Assistant Secretary for Import Administration, to David M. Spooner, Assistant Secretary for Import Administration, "Issues and Decision Memorandum for the Final Results of

the Eleventh Antidumping Duty New Shipper Review on Certain Preserved Mushrooms from the People's Republic of China," dated April 17, 2008 ("Issues and Decision Memorandum"), which is hereby adopted by this notice. A list of the issues that parties raised and to which we responded in the Issues and Decision Memorandum is attached to this notice as an appendix. The Issues and Decision Memorandum is a public document and is on file in the Central Records Unit ("CRU") in room 1117 in the main Commerce Department building, and is also accessible on the Web at <http://ia.ita.doc.gov/frn>. The paper copy and electronic version of the memorandum are identical in content.

Changes Since the Preliminary Results

Based on our analysis of comments received, we have made the following changes in the margin calculations for the final results: (1) We used the 2006–2007 annual report of Agro Dutch Industries Limited (Agro Dutch) to value fresh mushrooms and (2) we used the average 2006–2007 data from the annual reports of Agro Dutch and Flex Foods Limited to calculate surrogate financial ratios.

Final Results of the Review

The Department has determined that the following final dumping margin exists for the period February 1, 2006, through January 31, 2007:

Exporter	Manufacturer	Weighted-average margin (percentage)
Ayecue International SLU	Ayecue (Liaocheng). Foodstuff Co., Ltd	0.00

Assessment Rates

Upon issuance of the final results, the Department will determine, and U.S. Customs and Border Protection ("CBP") shall assess, antidumping duties on all appropriate entries. The Department intends to issue assessment instructions for Ayecue to CBP after 15 days of the date of publication of the final results of review. Pursuant to 19 CFR 351.212(b)(1), we will calculate importer-specific (or customer) *ad valerom* duty assessment rates based on the ratio of the total amount of the dumping margins calculated for the examined sales to the total entered

value of those same sales. We will instruct CBP to assess antidumping duties on all appropriate entries covered by this review if any importer-specific (or customer) assessment rate calculated in the final results of this review is above *de minimis*.

Cash Deposit Requirements

The following cash deposit requirements will be effective upon publication of these final results of the new shipper review for all shipments of subject merchandise exported by Ayecue International SLU and produced by Ayecue (Liaocheng) Foodstuff Co.,

Ltd. entered, or withdrawn from warehouse, for consumption on or after the publication date, as provided by section 751(a)(2)(C) of the Tariff Act of 1930, as amended (the "Act"): (1) For subject merchandise exported by Ayecue International SLU and produced by Ayecue (Liaocheng) Foodstuff Co., Ltd., no cash deposit will be required; (2) for subject merchandise exported by Ayecue International SLU but not manufactured by Ayecue (Liaocheng) Foodstuff Co., Ltd. the cash deposit rate will continue to be the PRC-wide rate (*i.e.*, 198.63 percent); and (3) for subject merchandise manufactured by Ayecue

¹ On June 19, 2000, the Department affirmed that "marinated," "acidified," or "pickled" mushrooms containing less than 0.5 percent acetic acid are within the scope of the antidumping duty order. See "Recommendation Memorandum—Final Ruling

of Request by Tak Fat, *et al.* for Exclusion of Certain Marinated, Acidified Mushrooms from the Scope of the Antidumping Duty Order on Certain Preserved Mushrooms from the People's Republic of China," dated June 19, 2000. On February 9, 2005, this

decision was upheld by the United States Court of Appeals for the Federal Circuit. See *Tak Fat v. United States*, 396 F.3d 1378 (Fed Cir. 2005).

(Liaocheng) Foodstuff Co., Ltd., but exported by any party other than Ayecue International SLU, the cash deposit rate will be the rate applicable to the exporter. These cash deposit requirements will remain in effect until further notice.

Reimbursement of Duties

This notice also serves as a final reminder to importers of their responsibility under 19 CFR 351.402(f) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this POR. Failure to comply with this requirement could result in the Secretary's presumption that reimbursement of antidumping duties occurred and the subsequent assessment of doubled antidumping duties.

Administrative Protective Orders

This notice also serves as a reminder to parties subject to administrative protective orders ("APO") of their responsibility concerning the return or destruction of proprietary information disclosed under APO in accordance with 19 CFR 351.305, which continues to govern business proprietary information in this segment of the proceeding. Timely written notification of the return/destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and terms of an APO is a violation which is subject to sanction.

This new shipper review and notice are in accordance with sections 751(a)(2)(B) and 777(i)(1) of the Act and 19 CFR 351.214(h).

Dated: April 17, 2008.

David M. Spooner,

Assistant Secretary for Import Administration.

Notice of Preliminary Determination of Sales at Less Than Fair Value: Sodium Nitrite from the People's Republic of China

AGENCY: Import Administration, International Trade Administration, Department of Commerce

EFFECTIVE DATE: April 23, 2008.

SUMMARY: The Department of Commerce (the Department) preliminarily determines that sodium nitrite from the People's Republic of China (PRC) is being, or is likely to be, sold in the United States at less than fair value (LTFV), as provided in section 733 of the Tariff Act of 1930, as amended (the Act). The estimated dumping margin is shown in the "Preliminary Determination" section of this notice.

FOR FURTHER INFORMATION CONTACT: Magd Zalok, AD/CVD Operations, Office 4, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, NW, Washington, DC, 20230; telephone: (202) 482-4162.

SUPPLEMENTARY INFORMATION:

Background

On November 8, 2007, the Department received petitions concerning imports of sodium nitrite from the PRC and the Federal Republic of Germany filed in proper form by General Chemical LLC (petitioner). The Department initiated antidumping duty investigations of sodium nitrite from the above-

mentioned countries on November 28, 2007. *See Sodium Nitrite from the Federal Republic of Germany and the People's Republic of China: Initiation of Antidumping Duty Investigations*, 72 FR 68563 (December 5, 2007) (*Initiation Notice*).

In the "Respondent Selection" section of the *Initiation Notice*, the Department stated that it intended to select respondents based on U.S. Customs and Border Protection (CBP) data. On the date of publication of the *Initiation Notice*, the Department released to parties under an Administrative Protective Order (APO), the CBP data obtained for respondent selection purposes. On December 12, 2007, the petitioner submitted comments regarding respondent selection, urging the Department to select as mandatory respondents, two PRC exporters who accounted for the majority of the sodium nitrite imported into the United States from the PRC during the period of investigation (POI). The Department did not receive any other comments from interested parties concerning respondent selection.

In order to identify the universe of potential respondents for purposes of this investigation, the Department analyzed information obtained from the petition, CBP, and its own research. The petition identified 92 exporters and producers of sodium nitrite from the PRC. The Department obtained public information for two exporters and/or producers of the subject merchandise that are identified in the CBP data, Qingdao Hengyuan Chemical Co., Ltd. (Qingdao), and Hualong Ammonium Nitrate Company Ltd. (Hualong). The Department determined that Qingdao and Hualong were the appropriate respondents in this investigation because they represent all publicly identified PRC exporters of subject merchandise during the POI. On December 31, 2007, the Department selected Qingdao and Hualong as mandatory respondents. *See Memorandum regarding "Identification of Respondents in the Antidumping Investigation of Sodium Nitrite from the People's Republic of China,"* dated December 31, 2007 (Respondent Selection Memorandum).

On December 26, 2007, the International Trade Commission (ITC) preliminarily determined that there is a reasonable indication that an industry in the United States is materially injured by reason of imports of sodium nitrite from Germany and the PRC. *See Sodium Nitrite from China and Germany*, 73 FR 2278 (January 14, 2008).
