Privacy Act; Proposed New System of Records, Tracking-at-a-Glance® Case Management Services for the Disaster Housing Assistance Program

AGENCY: Office of the Chief Information Officer, HUD.

ACTION: Notification of the establishment of a new System of Records, Tracking-at-a-Glance® (TAAG).

SUMMARY: HUD proposes to establish a new Privacy Act record system to add to its inventory of systems of records subject to the Privacy Act of 1974 (5 U.S.C. 552a), as amended. The proposed new system of records is the TAAG case management system. This record system will be used for program implementation activities related to the Disaster Housing Assistance Program

(DHAP) case management services. DHAP is a Federal Emergency Management Agency (FEMA) pilot grant program to provide temporary rental subsidies and case management for non-HUD assisted individuals and families displaced by Hurricanes Katrina or Rita. HUD is the servicing agency that administers the DHAP program for FEMA.

DATES: Effective Date: This action shall be effective without further notice on May 23, 2008, unless comments are received during or before this period that would result in a contrary determination.

Comment Due Date: May 23, 2008.

ADDRESSES: Interested persons are invited to submit comments regarding this notice to the Rules Docket Clerk, Office of General Counsel, Department of Housing and Urban Development, 451 Seventh Street, SW., Room 10276, Washington, DC 20410-0500. Communications should refer to the above docket number and title. Facsimile (FAX) comments are not accepted. A copy of each communication submitted will be available for public inspection and copying between 8 a.m. and 5 p.m. weekdays at the above address.

FOR FURTHER INFORMATION CONTACT: The Departmental Privacy Act Officer, Department of Housing and Urban Development, 451 Seventh Street, SW., Room 2256, Washington, DC 20410, Telephone Number (202) 402-8073 (This is not a toll-free number.) A telecommunication device for hearing-

and speech-impaired individuals (TTY) is available at (800) 877-8339 (Federal Information Relay Service).

SUPPLEMENTARY INFORMATION: In July 2007, HUD and FEMA executed an Interagency Agreement (IAA) under which HUD acts as the servicing agency for administering the DHAP program. Pursuant to FEMA's grant authority, grants are provided to local PHAs to administer DHAP on behalf of FEMA. Under DHAP, public housing authorities (PHAs) will make rental assistance payments on behalf of eligible families to participating landlords for the duration of the program, ending on March 1, 2009. In order to prepare the family for this eventuality, FEMA requires that case management services be provided for the entire duration of DHAP. The objectives of these services are greater self-sufficiency and permanent housing status for participating individuals and families. This will include assisting program participants identify non-disaster supported housing solutions such as other affordable housing options that may be available for income eligible families. PHAs are required to report case management outputs and outcomes through TAAG, which is the DHAP case management reporting system for the duration of the program. TAAG will contain personal identifying information from PHAs about program participants; such as, name, social security number, etc. Please refer to the following "categories of records" section for other personal/sensitive data

types collected, maintained and disseminated by this system.

Title 5 U.S.C. 552a(e)(4) and (11) provide that the public be afforded a 30-day period in which to comment on the new system of records. The new system report was submitted to the Office of Management and Budget (OMB), the Senate Committee on Homeland Security and Governmental Affairs, and the House Committee on Oversight and Government Reform pursuant to paragraph 4c of Appendix 1 to OMB Circular No. A-130, "Federal Agency Responsibilities for Maintaining Records About Individuals," July 25, 1994 (59 FR 37914).

SUPPLEMENTARY INFORMATION:

Monument Background

On June 15, 2006, President George W. Bush established the Northwestern Hawaiian Islands Marine National Monument by issuing Presidential Proclamation 8031 (Proclamation) (71 FR 36443, June 26, 2006) under the authority of the Act of June 8, 1906 (34 Stat. 225, 16 U.S.C. 431) (the Antiquities Act).

On December 8, 2006, the Secretaries of Commerce and the Interior and the Governor of Hawai'i signed a Memorandum of Agreement to jointly manage Federal and State lands and waters within the Monument as Co-Trustees and to collectively protect, conserve, and enhance Monument marine and terrestrial habitats and resources.

On February 28, 2007, President Bush amended the Proclamation to rename the Monument—Papahānaumokuākea Marine National Monument—to reflect Hawaiian language and culture (72 FR 10031, March 6, 2007).

Location, Size, and Federal and State Resource Management

Proclamation 8031 reserves all lands and interests in lands owned or controlled by the Government of the United States in the Northwestern Hawaiian Islands (NWHI), including emergent and submerged lands and waters out to a distance of approximately 50 nautical miles from the islands.

The Monument is approximately 100 nautical miles wide and extends approximately 1,200 miles around coral islands, seamounts, banks, and shoals. The area includes the:

- Northwestern Hawaiian Islands Coral Reef Ecosystem Reserve,
- Midway Atoll National Wildlife Refuge/Battle of Midway National Memorial,
- Hawaiian Islands National Wildlife Refuge,
- Hawaii State Seabird Sanctuary at Kure Atoll, and
- State of Hawai'i's Northwestern Hawaiian Islands Marine Refuge.

NOAA maintains responsibility for managing the NWHI Coral Reef Ecosystem Reserve, included within the Monument, and has primary responsibility regarding the management of the marine areas of the Monument, in consultation with FWS.

Refuge areas within the Monument, including the Midway Atoll National Wildlife Refuge, the Battle of Midway National Memorial, and the Hawaiian Islands National Wildlife Refuge, are managed by FWS.

The State maintains responsibility for managing state lands and waters within the Monument, including the NWHI State Marine Refuge and State Seabird Sanctuary at Kure Atoll.

Public Outreach and the MMP's Relationship to Previous Plans

As directed by Proclamation 8031, the Co-Trustees modified NOAA's Northwestern Hawaiian Islands Proposed National Marine Sanctuary Draft Management Plan (available at <http://www.hawaiiireef.noaa.gov/>), as appropriate, to create the Draft MMP. The MMP also builds upon the Interim Midway Visitor Services Plan (available at <http://www.fws.gov/midway>). Nearly 52,000 comments were received during NOAA's Sanctuary planning process, and a total of 6,282 comments were received on FWS's Draft Interim Midway Visitor Services Plan. Comments and issues raised during these planning efforts that are subject to decision by the Co-Trustees were considered during development of the Draft MMP. A summary of public involvement and the issues raised during scoping are included in the Draft MMP.

Management Planning Process and MMP Framework

The Draft EA of the MMP was developed in accordance with the requirements of the National Environmental Policy Act of 1969
