SUPPLEMENTARY INFORMATION:

OMB Number: 3060-0568.

Title: Commercial Leased Access.

Form Number: Not applicable.

Type of Review: Revision of a currently approved collection.

Respondents: Business or other for-profit entities, Not-for-profit institutions.

Number of Respondents/Responses: 7,365 respondents; 152,315 responses.

Estimated Time per Response: 0.50 hours to 45 hours.

Frequency of Response: Annual reporting requirement; On occasion reporting requirement; Recordkeeping requirement; Third party disclosure requirement.

Total Annual Burden: 173,610.

Total Annual Cost: \$105,000.

Nature of Response: Required to obtain or retain benefits. The statutory authority for this information collection is contained in Section 154(i) and 612 of the Communications Act of 1934, as amended.

Confidentiality: No need for confidentiality required.

Privacy Impact Assessment: No impact(s).

Needs and Uses: On February 1, 2008, the Commission released a Report and Order and Further Notice of Proposed Rulemaking, In the Matter of Leased Commercial Access, MB Docket No. 07-42, FCC 07-208. In this Report and Order, we modify the leased access rules. With respect to leased access, we modify the leased access rate formula; adopt customer service obligations that require minimal standards and equal treatment of leased access programmers with other programmers; eliminate the requirement for an independent accountant to review leased access rates; and require annual reporting of information on leased access. We also adopt expedited time frames for resolution of complaints and improve the discovery process. The commercial leased access requirements are set forth in Section 612 of the Communications Act of 1934, as amended. The statute and corresponding leased access rules require a cable operator to set aside channel capacity for commercial use by unaffiliated video programmers. The Commission's rules implementing the statute require that cable operators with 36 or more channels calculate rates for leased access channels, maintain and provide on request information pertaining to leased access channels, and provide billing and collection services as required. The Commission may be required to resolve complaints about rates, terms and conditions of leased access. Changes to the rules increased the quantity of information maintained and provided, increase the information needed to calculate rates and require the filing of an annual

report with the Commission on the status of leased access channels.

In addition, the Commission is consolidating information collection OMB Control Number 3060-0569 (Commercial Leased Access Dispute Resolution) into this collection OMB Control Number 3060-0568.

FEDERAL COMMUNICATIONS COMMISSION

Notice of Public Information Collection(s) Being Reviewed by the Federal Communications Commission; Comments Requested

April 23, 2008.

SUMMARY: As part of its continuing effort to reduce paperwork burden and as required by the Paperwork Reduction Act (PRA) of 1995 (44 U.S.C. 3501-3520), the Federal Communications Commission invites the general public and other Federal agencies to comment on the following information collection(s). Comments are requested concerning: (a) Whether the proposed collection of information is necessary for the proper performance of the functions of the Commission, including whether the information shall have practical utility; (b) the accuracy of the Commission's burden estimate; (c) ways to enhance the quality, utility, and clarity of the information collected; and (d) ways to minimize the burden of the collection of information on the respondents, including the use of automated collection techniques or other forms of information technology. An agency may not conduct or sponsor a collection of information unless it displays a currently valid OMB control number. No person shall be subject to any penalty for failing to comply with a collection of information subject to the Paperwork Reduction Act that does not display a valid OMB control number.

DATES: Written PRA comments should be submitted on or before June 27, 2008. If you anticipate that you will be submitting comments, but find it difficult to do so within the period of time allowed by this notice, you should advise the contact listed below as soon as possible.

ADDRESSES: You may submit all PRA comments by e-mail or U.S. post mail. To submit your comments by e-mail, send them to PRA@fcc.gov. To submit your comments by U.S. mail, mark them

to the attention of Cathy Williams, Federal Communications Commission, Room 1-C823, 445 12th Street, SW., Washington, DC 20554.

FOR FURTHER INFORMATION CONTACT: For additional information about the information collection(s), contact Cathy Williams at (202) 418-2918 or send an e-mail to PRA@fcc.gov.

SUPPLEMENTARY INFORMATION:

OMB Control Number: 3060-0027.

Type of Review: Revision of a currently approved collection.

Title: Application for Construction Permit for Commercial Broadcast Station.

Form Number: FCC Form 301.

Respondents: Business or other for-profit entities; Not-for-profit institutions.

Number of Respondents/Responses: 4,278.

Estimated Time per Response: 2 to 5 hours.

Frequency of Response: On occasion reporting requirement; Third party disclosure requirement.

Obligation to Respond: Required to obtain benefits—Statutory authority for this collection of information is contained in Sections 154(i), 303, and 308 of the Communications Act of 1934, as amended, and Section 204 of the Telecommunications Act of 1996.

Total Annual Burden: 11,072 hours.

Total Annual Costs: \$51,802,197.

Nature and Extent of Confidentiality: There is no need for confidentiality with this information collection.

Privacy Act Impact Assessment: No impact(s).

Needs and Uses: On December 18, 2007, the Commission adopted a Report and Order and Order on Reconsideration in its 2006 Quadrennial Regulatory Review of the Commission's Broadcast Ownership Rules and Other Rules Adopted Pursuant to Section 202 of the Telecommunications Act of 1996, MB Docket No. 06-121, FCC 07-216. Section 202 requires the Commission to review its broadcast ownership rules every four years and determine whether any of such rules are necessary in the public interest. Further, Section 202 requires the Commission to repeal or modify any regulation it determines to be no longer in the public interest.

Consistent with actions taken by the Commission in the 2006 Quadrennial Regulatory Review, the following changes are made to Form 301: The instructions to Form 301 are revised to include a reference to the 2006 Quadrennial Regulatory Review as a source of information regarding the Commission's multiple ownership attribution policies and standards. Also,

the language in Section A, IV of Worksheet #2 in Form 301 is changed. This worksheet is used in connection with Section II, Item 4 of Form 301 to determine the applicant's compliance with the Commission's multiple ownership rules and cross-ownership rules set forth in 47 CFR 73.3555. The revisions to the worksheet account for changes made by the Commission in the 2006 Quadrennial Review to 47 CFR 73.3555(d), the Daily Newspaper Cross-Ownership Rule. The revised rule changes the circumstances under which an entity may own a daily newspaper and a radio station or television station in the same designated market area. In conjunction with this same rule change, language from 47 CFR 73.3555(d) is added to Section B of Worksheet #2 to assist applicants in their determination of compliance with the Daily Newspaper Cross-Ownership Rule. 47 CFR 73.3555(d) (daily newspaper cross-ownership rule) states:

(1) No license for an AM, FM or TV broadcast station shall be granted to any party (including all parties under common control) if such party directly or indirectly owns, operates or controls a daily newspaper and the grant of such license will result in:

(i) The predicted or measured 2 mV/m contour of an AM station, computed in accordance with § 73.183 or § 73.186, encompassing the entire community in which such newspaper is published; or

(ii) The predicted 1 mV/m contour for an FM station, computed in accordance with § 73.313, encompassing the entire community in which such newspaper is published; or

(iii) The Grade A contour of a TV station, computed in accordance with § 73.684, encompassing the entire community in which such newspaper is published.

(2) Paragraph (1) shall not apply in cases where the Commission makes a finding pursuant to Section 310(d) of the Communications Act that the public interest, convenience, and necessity would be served by permitting an entity that owns, operates or controls a daily newspaper to own, operate or control an AM, FM, or TV broadcast station whose relevant contour encompasses the entire community in which such newspaper is published as set forth in paragraph (1).

(3) In making a finding under paragraph (2), there shall be a presumption that it is not inconsistent with the public interest, convenience, and necessity for an entity to own, operate or control a daily newspaper in a top 20 Nielsen DMA and one commercial AM, FM or TV broadcast station whose relevant contour encompasses the entire community in

which such newspaper is published as set forth in paragraph (1), provided that, with respect to a combination including a commercial TV station,

(i) The station is not ranked among the top four TV stations in the DMA, based on the most recent all-day (9 a.m.–midnight) audience share, as measured by Nielsen Media Research or by any comparable professional, accepted audience ratings service; and

(ii) At least 8 independently owned and operating major media voices would remain in the DMA in which the community of license of the TV station in question is located (for purposes of this provision major media voices include full-power TV broadcast stations and major newspapers).

(4) In making a finding under paragraph (2), there shall be a presumption that it is inconsistent with the public interest, convenience, and necessity for an entity to own, operate or control a daily newspaper and an AM, FM or TV broadcast station whose relevant contour encompasses the entire community in which such newspaper is published as set forth in paragraph (1) in a DMA other than the top 20 Nielsen DMAs or in any circumstance not covered under paragraph (3).

(5) In making a finding under paragraph (2), the Commission shall consider:

(i) Whether the combined entity will significantly increase the amount of local news in the market;

(ii) Whether the newspaper and the broadcast outlets each will continue to employ its own staff and each will exercise its own independent news judgment;

(iii) The level of concentration in the Nielsen Designated Market Area (DMA); and

(iv) The financial condition of the newspaper or broadcast station, and if the newspaper or broadcast station is in financial distress, the proposed owner's commitment to invest significantly in newsroom operations.

(6) In order to overcome the negative presumption set forth in paragraph (4) with respect to the combination of a major newspaper and a television station, the applicant must show by clear and convincing evidence that the co-owned major newspaper and station will increase the diversity of independent news outlets and increase competition among independent news sources in the market, and the factors set forth above in paragraph (5) will inform this decision.

(7) The negative presumption set forth in paragraph (4) shall be reversed under the following two circumstances:

(i) The newspaper or broadcast station is failed or failing; or

(ii) The combination is with a broadcast station that was not offering local newscasts prior to the combination, and the station will initiate at least seven hours per week of local news programming after the combination.

Financial Systems Integration Office (FSIO); Federal Acquisition System Requirements

AGENCY: Office of Governmentwide Policy, GSA.

ACTION: Notice with request for comments.

SUMMARY: The Office of Governmentwide Policy invites

comments on the proposed "Federal Acquisition System Requirements." This document gives functional, process technical and data standards requirements for software developers of Government acquisition and contract writing systems, and is regarded as a draft document that will be revised to consider input from comments solicited from industry and other government agencies during this open comment period. This document will be a baseline (as-is) document with the understanding that it will be revised as processes and data standards are harmonized within the acquisition domain and later as it harmonized with other domains—primarily the Financial Management Line of Business (FMLoB). This document does not supersede or obsolete documents, standards or requirements issued by the Joint Financial Management Improvement Program (JFMIP), Financial Systems Integration Office (FSIO) or the Financial Management Line of Business (FMLoB). Over time, efforts will be made to harmonize across these domains.

FOR FURTHER INFORMATION CONTACT: Mr. Earl Warrington, Director, Integrated Acquisition Environment, by telephone at (703) 872-8609 or via e-mail to earl.warrington@gsa.gov.

DATES: Interested parties should submit written comments to the FAR Secretariat on or before June 27, 2008.

ADDRESSES: Submit comments identified by ME-2008-N01, by any of the following methods:

- Regulations.gov: <http://www.regulations.gov>. Submit comments via the Federal eRulemaking portal by inputting "ME-2008-N01" under the heading "Comment or Submission". Select the link "Send a Comment or Submission" that corresponds with ME-2008-N01. Follow the instructions provided to complete the "Public Comment and Submission Form". Please include your name, company name (if any), and "ME-2008-N01" on your attached document.

- Fax: 202-501-4067.
- Mail: General Services Administration, Regulatory Secretariat (VPR), 1800 F Street, NW., Room 4035, ATTN: Diedra Wingate, Washington, DC 20405.

Instructions: Please submit comments only and cite ME-2008-N01, in all correspondence related to this case. All comments received will be posted without change to <http://www.regulations.gov>, including any personal and/or business confidential information provided.

SUPPLEMENTARY INFORMATION: The FSIO Federal Financial Management Systems Requirements is a series of publications entitled Federal Financial Management System Requirements (FFMSR). The FFMSR documents specify the functional and technical requirements that all financial management-related systems must meet in order to be considered compliant with Federal standards as mandated by the Federal Financial Management Improvement Act (FFMIA). In the future Federal Acquisition System Requirements will evolve to create harmonization between the Federal Financial and Acquisition Communities.

This notice requests comments on the Acquisition System Requirements document, located at <http://www.acquisition.gov>. This document specifies the functional and technical requirements that acquisition systems must satisfy for Federal agency use. The document was developed at the request of the Chief Acquisition Officers Council (CAOC) and Chief Financial Officers Council (CFOC), demonstrating a commitment to starting the process of integrating the acquisition and finance functions more effectively. These requirements were drafted by the Acquisition Requirements Team (ART), consisting of representatives from both communities. The ART members recognize that agencies face major challenges in streamlining and automating procurement processes. Having access to better acquisition software is a first step toward this end. A key prerequisite to developing better software is to clearly define the requirements that the software product must meet.

The Office of Management and Budget (OMB) Circular A-130, Management of Federal Information Resources, requires agencies to use commercially available off-the-shelf (COTS) software to reduce costs, improve the efficiency and effectiveness of system improvement projects, and reduce the risks inherent in developing and implementing a new system. To support this OMB mandate, vendors will be required to offer acquisition system products utilizing COTS software to the greatest extent practicable.

This document is part of a long-term plan to have integration. The first document, *Joint Financial Management Improvement Program (JFMIP)-Federal Financial Management System Requirements (FFMSP)*, [Document No. JFMIP-SR-01-03, dated December 7, 2001], gave the list of touch points between the financial and acquisition domains and still stands. The current document goes more in depth to
