Change of Address for Submission of Certain Reports; Technical Correction

AGENCY: Environmental Protection Agency (EPA).

ACTION: Final rule; technical amendment.

SUMMARY: EPA is correcting the address for EPA Region VIII in General Provisions of EPA regulations. Certain EPA air pollution control regulations require submittal of notifications, reports, and other documents to the EPA regional office. This technical amendment updates and corrects the address for submitting such information to the EPA Region VIII office.

DATES: *Effective Date:* This document is effective June 5, 2008.

Laurie Ostrand, Air and Toxics Technical Enforcement Program, Environmental Protection Agency (EPA), Region 8, 1595 Wynkoop Street, Denver, Colorado 80202-1129, (303) 312-6437, ostrand.laurie@epa.gov.

SUPPLEMENTARY INFORMATION:

Throughout this document, wherever “we” or “our” is used it means the EPA. Section 553 of the Administrative Procedures Act, 5 U.S.C. 553(b)(B), provides that, when an agency for good cause finds that notice and public procedures are impracticable, unnecessary or contrary to the public interest, the agency may issue a rule without providing notice and an opportunity for public comment. We have determined that there is good cause for making today’s rule final without prior proposal and opportunity for comment because we are merely correcting EPA Region VIII’s address. Thus notice and public procedure are unnecessary. We find that this constitutes good cause under 5 U.S.C. 553(b)(B).

Specifically, EPA is correcting the address for EPA Region VIII in the General Provisions of 40 CFR parts 60, 61, 62, and 63. Certain provisions of 40 CFR parts 60, 61, 62, and 63 regulations require the submittal of notifications, reports, and other documents to the EPA regional office. This technical amendment updates and corrects the address for submitting such information to the EPA Region VIII office.

Statutory and Executive Order Review

Under Executive Order 12866 (58 FR 51735, October 4, 1993), this action is not a “significant regulatory action” and is therefore not subject to review by the Office of Management and Budget. This rule is not subject to Executive Order 13211, “Actions Concerning Regulations That Significantly Affect Energy Supply, Distribution, or Use” (66 FR 28355, May 22, 2001) because it is not a significant regulatory action under Executive Order 12866. Because the agency has made a “good cause” finding that this action is not subject to notice-and-comment requirements under the Administrative Procedure Act or any other statute as indicated in the Supplementary Information section above, it is not subject to the regulatory flexibility provisions of the Regulatory Flexibility Act (5 U.S.C. 601 *et seq.*), or to sections 202 and 205 of the Unfunded Mandates Reform Act of 1995 (UMRA) (Pub. L. 104-4, 109 Stat. 48 (1995)). In addition, this action does not significantly or

uniquely affect small governments or impose a significant intergovernmental mandate, as described in sections 203 and 204 of UMRA. This rule also does not have a substantial direct effect on one or more Indian tribes, on the relationship between the Federal government and Indian tribes, or on the distribution of power and responsibilities between the Federal government and Indian tribes, as specified by Executive Order 13175 (65 FR 67249, November 9, 2000), nor will it have substantial direct effects on the States, on the relationship between the national government and the States, or on the distribution of power and responsibilities among the various levels of government, as specified in Executive Order 13132 (64 FR 43255, August 10, 1999). This rule also is not subject to Executive Order 13045 (62 FR 19885, April 23, 1997), because it is not economically significant. This technical correction action does not involve technical standards; thus the requirements of section 12(d) of the National Technology Transfer and Advancement Act of 1995 (15 U.S.C. 272 note) do not apply. The rule also does not involve special consideration of environmental justice related issues as required by Executive Order 12898 (59 FR 7629, February 16, 1994). In issuing this rule, EPA has taken the necessary steps to eliminate drafting errors and ambiguity, minimize potential litigation, and provide a clear legal standard for affected conduct, as required by section 3 of Executive Order 12988 (61 FR 4729, February 7, 1996). EPA has complied with Executive Order 12630 (53 FR 8859, March 15, 1998) by examining the takings implications of the rule in accordance with the “Attorney General’s Supplemental Guidelines for the Evaluation of Risk and Avoidance of Unanticipated Takings” issued under the Executive Order. This rule does not impose an information collection burden under the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 *et seq.*).

The Congressional Review Act (CRA) (5 U.S.C. 801 *et seq.*), as added by the Small Business Regulatory Enforcement Fairness Act of 1996, generally provides that before a rule may take effect, the agency promulgating the rule must submit a rule report, which includes a copy of the rule, to each House of the Congress and to the Comptroller General of the United States. Section 808 allows the issuing agency to make a rule effective sooner than otherwise provided by the CRA if the agency makes a good cause finding that notice and public procedure is impracticable,

unnecessary or contrary to the public interest. This determination must be supported by a brief statement. 5 U.S.C. 808(2). As stated previously, EPA has made such a good cause finding, including the reasons therefore, and established an effective date of June 5, 2008. EPA will submit a report containing this rule and other required information to the U.S. Senate, the U.S. House of Representatives, and the Comptroller General of the United States prior to publication of the rule in the **Federal Register**. These corrections to the General Provisions of 40 CFR part 63 is not a "major rule" as defined by 5 U.S.C. 804(2).

RIN 0938-AP33

Medicare Program; Changes for Long-Term Care Hospitals Required by Certain Provisions of the Medicare, Medicaid, SCHIP Extension Act of 2007: 3-Year Delay in the Application of Payment Adjustments for Short Stay Outliers and Changes to the Standard Federal Rate

AGENCY: Centers for Medicare & Medicaid Services (CMS), HHS.

ACTION: Interim final rule with comment period.

SUMMARY: This interim final rule with comment period implements certain

provisions of section 114 of the Medicare, Medicaid, and SCHIP Extension Act of 2007 relating to long term care hospitals (LTCHs). These provisions include a 3-year delay in the application of certain provisions of the payment adjustment for short-stay outliers and revisions to the RY 2008 standard Federal rate.

DATES: Effective date: The provisions of § 412.1 and § 412.500 are effective June 5, 2008. The provisions of § 412.529(c)(1) through (c)(3) are effective on December 29, 2007. In accordance with section 1871(e)(1)(A)(i) and (ii) of the Social Security Act (the Act), the Secretary has determined that retroactive application of the provisions of § 412.529(c)(1) through (c)(3) is necessary to comply with the statute and that failure to apply the changes retroactively would be contrary to public interest. Also, in accordance with section 1871(e)(1)(A)(ii) of the Act, the technical corrections to § 412.529(f)
