

already have been listed and trading on an exchange that has last-sale reporting.

The Commission believes that the proposed rule change will facilitate the listing and trading of additional types of exchange-traded products that will enhance competition among market participants, to the benefit of investors and the marketplace. In addition, the listing and trading criteria set forth in the proposal are intended to protect investors and the public interest. As such, the Commission believes it is reasonable and consistent with the Act for the Exchange to modify the index component eligibility criteria for Units in the manner described in the proposal.

IV. Conclusion

It is therefore ordered, pursuant to Section 19(b)(2) of the Act,¹⁹ that the proposed rule change (SR-NYSEArca-2008-29), as modified by Amendment No. 1 thereto, be, and it hereby is, approved.

For the Commission, by the Division of Trading and Markets, pursuant to delegated authority.²⁰

SECURITIES AND EXCHANGE COMMISSION

[File No. 500-1]

In the Matter of: Health Professionals, Inc., Respondent; Order of Suspension of Trading

May 5, 2008.

It appears to the Securities and Exchange Commission that there is a lack of current and accurate information concerning the securities of Health Professionals, Inc. because it has not filed any periodic reports since it filed a Form 10-Q for the period ended December 31, 1997.

The Commission is of the opinion that the public interest and the protection of investors require a suspension of trading in the securities of the above-listed company.

Therefore, it is ordered, pursuant to section 12(k) of the Securities Exchange Act of 1934, that trading in the securities of Health Professionals, Inc. is suspended for the period from 9:30 a.m. EDT on May 5, 2008 through 11:59 p.m. EDT on May 16, 2008.

By the Commission.

Abstract of Proposed Collection

Since 2002, MEPI has obligated more than \$430 million to over 250 organizations, who carry out more than 370 projects in support of the empowerment of women and political, economic, and education reform in 20 countries of the Middle East and North Africa. As a normal course of business and in compliance with OMB Guidelines contained in Circular A-110, recipient organizations are required to provide, and the U.S. State Department required to collect, periodic program and financial performance reports. The responsibility of the State Department to track and monitor the programmatic and financial performance necessitates a database that can help facilitate this in a consistent and standardized manner. The MEPI Performance Reporting System (PRS) enables enhanced monitoring and evaluation of grants through standardized collection and storage of relevant award elements, such as quarterly progress reports, workplans, results monitoring plans, grant agreements, financial reports, and other business information related to MEPI implementers. The PRS streamlines communication with implementers and allows for rapid identification of information gaps for specific projects.

Methodology

Information is entered into PRS electronically by respondents. Non-respondents submit their quarterly reports on paper.
