

Resource Management Plans (Forest Plans). It would result in an addendum to the Kootenai National Forest, Forest Plan, Appendix 8.

Copies of the environmental documents and 2004 ROD are available on the Kootenai National Forest internet Web site at: http://www.fs.fed.us/rl/kootenai/projects/planning/documents/forest_plan/amendments/index.shtml. Documents may also be requested by contacting Kirsten Kaiser, Team Leader, at 406-283-7659.

Preliminary Issues and Alternatives

Issues raised during the comment period on the DEIS centered around three main topics: (1) grizzly bear and best available science, specifically the science that was used in the environmental analysis and by the IGBC including the biological defensibility of the 55 percent Core, 33 percent OMRD and 26 percent TMRD standards; (2) reductions in motorized public access; and (3) impacts to employment and income.

Early Notice of Environmental Review

The Forest Supervisors are giving notice that the Idaho Panhandle, Kootenai, and Lolo National Forests are supplementing an existing environmental analysis for this proposed action so that interested or affected people can participate in the analysis and contribute to the final decision. The Forest Service is seeking comments from individuals, organizations, tribal governments, and Federal, State, and local agencies that are interested or may be affected by the proposed action. The draft SETS is intended to provide additional evaluation of current information on grizzly bears, and provide that information to the public. The public is invited to help identify issues and concerns related to the preferred alternative and the supplemental analysis documented in the draft SEIS.

Estimated Dates for Filing

The draft SEIS is expected to be filed with the EPA and to be available for public review in July 2008. The comment period on the draft SEIS will be 45 days from the date the EPA publishes the Notice of Availability in the **Federal Register**. The draft SEIS will be distributed to all parties that received the 2002 FEIS and Record of Decision as well as to those who expressed interest.

The final SEIS is scheduled to be completed by April 2009. In the final SEIS, the Forest Service is required to respond to comments received during the comment period that pertain to the environmental consequences discussed

in the draft SEIS and applicable laws, regulations, and policies considered in making a decision regarding the proposal.

The Reviewer's Obligation To Comment

The Forest Service believes it is important to give reviewers notice at this early stage of several court rulings related to public participation in the environmental review process. First, reviewers of draft environmental impact statements must structure their participation in the environmental review of the proposal so that it is meaningful and alerts an agency to the reviewer's position and contentions [*Vermont Yankee Nuclear Power Corp. v. NRDC*, 435 U.S. 519, 553 (1978)]. Also, environmental objections that could be raised at the draft environmental impact statement stage but that are not raised until after completion of the final environmental impact statement may be waived or dismissed by the courts [*Wisconsin Heritages, Inc. v. Harris*, 490 F. Supp. 1334, 1338 (E.D. Wis. 1980)]. Because of these court rulings, it is very important that those interested in this proposed action participate by the close of the 90-day comment period so that comments and objections are made available to the Forest Service at a time when it can meaningfully consider them and respond to them in the final environmental impact statement.

To assist the Forest Service in identifying and considering issues and concerns on the preferred alternative and the supplemental analysis, comments on the draft SEIS should be as specific as possible. It is also helpful if comments refer to specific pages or sections of the draft SEIS. Reviewers may wish to refer to the Council on Environmental Quality Regulations for implementing the procedural provisions of the National Environmental Policy Act at 40 CFR 1503.3 in addressing these points.

Foreign-Trade Zones Board

[Docket T-2-2008]

Foreign-Trade Zone 26 Atlanta, GA, Application for Temporary/Interim Manufacturing Authority, Kia Motors Manufacturing Georgia, Inc. (Motor Vehicles), West Point, GA

An application has been submitted to the Executive Secretary of the Foreign-Trade Zones Board (the Board) by the Georgia Foreign-Trade Zone, Inc., grantee of FTZ 26, requesting temporary/interim manufacturing (T/IM) authority within FTZ 26 at the Kia Motors Manufacturing Georgia, Inc. (KMMG) facility in West Point, Georgia.

The application was filed on May 7, 2008.

The KMMG facility (about 2,500 employees) is located at 700 Kia Parkway in West Point (Troup County), Georgia (Site 1 T1). Under T/IM procedures, KMMG would produce up to 350,000 light-duty passenger vehicles (sedans, sport utility vehicles, minivans) (HTSUS 8703.23, 8703.24) annually for the U.S. market and export. Foreign components that would be used in production (representing about 25% of total material inputs) include: oils (HTSUS 2710.11), paints (3208.10, 3209.90), plastic tubes/pipes/hoses (3917.31, 3917.40), plastic sheets/strips/plates (3919.90, 3921.90), rubber tubes/hoses (4009.11, 4009.31), rubber belts (4010.31, 4010.33), tires (4011.20), gaskets/washers/o-rings (4016.93, 4016.99), carpet sets (5703.20), safety glass (7007.11, 7007.21), mirrors (7009.10), tube fittings (7307.22, 7307.99), fasteners (7318.14), locks/keys (8301.20, 8301.40), engines (8407.34), engine parts (8409.91), pumps (8413.30), valves (8481.80), and bumpers (8708.10) (duty rates: free - 8.6%).

FTZ procedures could exempt KMMG from customs duty payments on foreign components used in export production (estimated to be 10% of plant shipments). On its domestic sales, KMMG would be able to choose the duty rate that applies to finished passenger vehicles (2.5%) for the foreign inputs noted above that have higher rates. Customs duties also could possibly be deferred or reduced on foreign status production equipment.

Public comment is invited from interested parties. Submissions (original and 3 copies) shall be addressed to the Board's Executive Secretary at the following address: Office of the Executive Secretary, Room 2111, U.S. Department of Commerce, 1401 Constitution Avenue, NW., Washington, DC 20230-0002. For further information, contact Pierre Duy at pierre_duy@ita.doc.gov, or (202) 482-1378. The closing period for receipt of comments is June 12, 2008.

A copy of the application will be available for public inspection at the Office of the Foreign-Trade Zones Board's Executive Secretary at the address listed above.
