Agency Forms Undergoing Paperwork Reduction Act Review

The Centers for Disease Control and Prevention (CDC) publishes a list of information collection requests under review by the Office of Management and Budget (OMB) in compliance with the Paperwork Reduction Act (44 U.S.C. Chapter 35). To request a copy of these requests, call the CDC Reports Clearance Officer at (404) 639-5960 or send an e-mail to *omb@cdc.gov*. Send written comments to CDC Desk Officer, Office of Management and Budget, Washington, DC or by fax to (202) 395-6974. Written comments should be received within 30 days of this notice.

Proposed Project

Personal Flotation Devices (PFDs) and Commercial Fishermen: Preconceptions and Evaluation in Actual Use—New—National Institute for Occupational Safety and Health (NIOSH), Centers for Disease Control and Prevention (CDC).

Background and Brief Description

NIOSH has the responsibility under Public Law 91-596 section 20 (Occupational Safety and Health Act of 1970) to conduct research relating to innovative methods, techniques, and approaches for dealing with occupational safety and health problems.

Commercial fishing is one of the most dangerous occupations in the United States, with a fatality rate 30 times higher than the national average. Most fishermen who die on the job drown subsequent to a vessel sinking (51%) or fall overboard (29%). Because drowning is the leading cause of death for commercial fishermen, its prevention is one of the highest priorities for those who work to make the industry safer.

The risk of drowning for commercial fisherman is high, yet most fishermen do not wear Personal Flotation Devices (PFDs) while on deck. From 1990 to 2005, 71 commercial fishermen drowned subsequent to a fall overboard in Alaska. None of the victims were wearing a PFD, and many were within minutes of being rescued when they lost their strength and disappeared under the surface of the water.

Although there are many new styles of PFDs on the market, it is unknown how many commercial fishermen are aware of them, or if they are more comfortable and wearable than the older styles. There have not been any published studies testing PFDs on commercial fisherman to measure product attributes and satisfaction.

The purpose of this study is to first, identify fishermen's perceptions of risk, safety attitudes, and beliefs about PFDs; and second, to evaluate a variety of

modern PFDs with commercial fishermen to discover the features and qualities that they like and dislike. This study addresses the repeated recommendation by NIOSH that all commercial fishermen wear PFDs while on deck.

NIOSH is requesting OMB approval for 24 months to administer a survey to collect data on fishermen's perceptions, attitudes, and beliefs. Additionally, NIOSH is requesting approval to involve fishermen directly with an evaluation of the wearability of several different styles of PFDs during fishing operations.

This study has the potential to greatly benefit the fishing industry. One of the first steps to increasing PFD use among commercial fishermen is gaining an understanding of fishermen's reasons for not wearing PFDs. With the empirical data at hand, safety professionals may be better equipped to address fishermen's concerns and remove the barriers that are currently in place.

Findings from the PFD evaluations will provide manufacturers valuable information about commercial fishermen's needs and expectations of PFDs. Because the PFD wearability ratings will be completed by fishermen during fishing operations, the results may have more credibility when they are disseminated to the industry. The PFD evaluation will also supply information to fishermen about which types of PFDs worked best for different types of fishing operations.

There are no costs to respondents other than their time. The total estimated annualized burden hours are 200.

ESTIMATED ANNUALIZED BURDEN HOURS

Type of respondent	Number of respondents	Number of responses per respondent	Average burden per response (in hours)	Total burden hours
Fishermen (Survey)	400	1	20/60	133
Fishermen (Evaluation)	200	2	10/60	67
Total				200

BILLING CODE 4163-18-P

DEPARTMENT OF HEALTH AND HUMAN SERVICES

Centers for Disease Control and Prevention

National Center for Injury Prevention and Control

In accordance with section 10(a)(2) of the Federal Advisory Committee Act (Pub. L. 92-463), the Centers for Disease

Control and Prevention (CDC) announces the following meeting of the aforementioned review group:

Name: National Center for Injury Prevention and Control Initial Review Group (NCIPC/IRG).

Time and Date: 1 p.m.—3 p.m., May 16, 2008 (closed).

Place: Teleconference.

Status: Portions of the meetings will be closed to the public in accordance with provisions set forth in Section 552b(c)(4) and

(6), Title 5, U.S.C., and the Determination of the Director, Management Analysis and Services Office, CDC, pursuant to Section 10(d) of Public Law 92-463.

Purpose: This group is charged with providing advice and guidance to the Secretary, Department of Health and Human Services, and the Director, CDC, concerning the scientific and technical merit of grant and cooperative agreement applications received from academic institutions and other public and private profit and nonprofit organizations, including State and local government agencies, to conduct specific injury research that focuses on prevention and control.

Matters to be Discussed: The meeting will include the review, discussion, and evaluation of cooperative agreement applications submitted in response to Fiscal Year 2008 Requests for Applications related to the following individual research announcement: CE08-004, Translation Research to Prevent Motor Vehicle-Related Crashes and Injuries to Teen Drivers and Their Passengers (R01).

Agenda items are subject to change as priorities dictate.

National Center for Injury Prevention and Control determines that agency business requires its consideration of this matter on less than 15 days notice to the public and that no earlier notice of this meeting was possible.

Contact Person for More Information: J. Felix Rogers, PhD, M.P.H., Telephone (770) 488-4334, NCIPC/ERPO, CDC, 4770 Buford Highway, NE., M/S F62, Atlanta, Georgia 30341-3724.

The Director, Management Analysis and Services Office has been delegated the authority to sign **Federal Register** notices pertaining to announcements of meetings and other committee management activities for both CDC and the Agency for Toxic Substances and Disease Registry.

Dated: May 8, 2008.

Elaine L. Baker,

Director, Management Analysis and Services Office, Centers for Disease Control and Prevention.

BILLING CODE 4163-18-P

DEPARTMENT OF HEALTH AND HUMAN SERVICES

Centers for Disease Control and Prevention

Notice of Meeting

AGENCY: The National Institute for Occupational Safety and Health (NIOSH) of the Centers for Disease Control and Prevention (CDC), Department of Health and Human Services (HHS).

ACTION: Notice of Public Meeting.

SUMMARY: The National Institute for Occupational Safety and Health (NIOSH) of the Centers for Disease Control and Prevention (CDC) announces the following public meeting: "Partnerships to Advance the National Occupational Research Agenda (NORA)".

Public Meeting Time and Date:

9 a.m.-3 p.m. EDT, June 19, 2008.

Place: Patriots Plaza, 395 E Street, SW., Conference Room 9000, Washington, DC 20201.

Purpose of Meeting: The National Occupational Research Agenda (NORA) has been structured to engage partners with each other and/or with NIOSH to advance NORA priorities. The NORA Liaison Committee continues to be an opportunity for representatives from organizations with national scope to learn about NORA progress and to suggest possible partnerships based on their organization's mission and contacts. This opportunity is now structured as a public meeting via the Internet to attract participation by a larger number of organizations and to further enhance the success of NORA. Some of the types of organizations of national scope that are especially encouraged to participate are employers, unions, trade associations, labor associations, professional associations, and foundations. Others are welcome.

This meeting will include updates from NIOSH leadership on NORA as well as updates from approximately half of the Sector Councils on their progress, priorities, and implementation plans to date, including the Construction Sector, Manufacturing Sector, Services Sector, Public Safety Sub-Sector, and Wholesale and Retail Trade Sector. After each update, there will be time to discuss partnership opportunities.

Status: The meeting is open to the public, limited only by the capacities of the conference call and conference room facilities. There is limited space available in the meeting room (capacity 34). Therefore, information to allow participation in the meeting through the Internet (to see the slides) and a teleconference call (capacity 50) will be provided to registered participants. Participants are encouraged to consider attending by this method. Each participant is requested to register for the free meeting by sending an e-mail to noracoordinator@cdc.gov containing the participant's name, organization name, contact phone number on the day of the meeting, and preference for participation by Web meeting (requirements include: computer, Internet connection, and phone, preferably with "mute" capability) or in person. An e-mail confirming
