SUPPLEMENTARY INFORMATION:

Background

Under 49 U.S.C. 31136(e) and 31315, FMCSA may renew an exemption from the vision requirements in 49 CFR 391.41(b)(10), which applies to drivers of CMVs in interstate commerce, for a two-year period if it finds "such exemption would likely achieve a level of safety that is equivalent to, or greater than, the level that would be achieved absent such exemption." The procedures for requesting an exemption (including renewals) are set out in 49 CFR part 381.

Exemption Decision

This notice addresses 25 individuals who have requested a renewal of their exemption in accordance with FMCSA procedures. FMCSA has evaluated these 25 applications for renewal on their merits and decided to extend each exemption for a renewable two-year period. They are:

James C. Askin
Paul J. Bannon
Ernie E. Black
Ronnie F. Bowman
Gary O. Brady
Richard J. Cummings
Stephen H. Goldcamp
Steven F. Grass
Wai F. King
Dennis E. Krone
Christopher P. Lefler
William F. Mack
Richard J. McKenzie, Jr.
Christopher J. Meerten
Craig W. Miller
William J. Miller
Robert J. Mohorter

James A. Mohr
Roderick F. Peterson
Tommy L. Ray, Jr.
Ricky L. Shepler
Donald W. Sidwell
Elmer K. Thomas
Raul R. Torres
Richard G. Wendt

These exemptions are extended subject to the following conditions: (1) That each individual have a physical examination every year (a) by an ophthalmologist or optometrist who attests that the vision in the better eye continues to meet the standard in 49 CFR 391.41(b)(10), and (b) by a medical examiner who attests that the individual is otherwise physically qualified under 49 CFR 391.41; (2) that each individual provide a copy of the ophthalmologist's or optometrist's report to the medical examiner at the time of the annual medical examination; and (3) that each individual provide a copy of the annual medical certification to the employer for retention in the driver's qualification file and retain a copy of the certification on his/her person while driving for presentation to a duly authorized Federal, State, or local enforcement official. Each exemption will be valid for two years unless rescinded earlier by FMCSA. The exemption will be rescinded if: (1) The person fails to comply with the terms and conditions of the exemption; (2) the exemption has resulted in a lower level of safety than was maintained before it was granted; or (3) continuation of the exemption would not be consistent with the goals and objectives of 49 U.S.C. 31136(e) and 31315.

Basis for Renewing Exemptions

Under 49 U.S.C. 31315(b)(1), an exemption may be granted for no longer than two years from its approval date and may be renewed upon application for additional two year periods. In accordance with 49 U.S.C. 31136(e) and 31315, each of the 25 applicants has satisfied the entry conditions for obtaining an exemption from the vision requirements (64 FR 27027; 64 FR 51568; 66 FR 63289; 69 FR 8260; 71 FR 16410; 64 FR 54948; 65 FR 159; 67 FR 10475; 71 FR 26601; 64 FR 68195; 65 FR 20251; 67 FR 38311; 69 FR 26921; 71 FR 27033; 67 FR 17102; 69 FR 17267; 65 FR 20245; 65 FR 57230; 65 FR 33406; 69 FR 17263; 69 FR 31447; 71 FR 6826; 71 FR 19602; 71 FR 14566; 71 FR 30227). Each of these 25 applicants has requested renewal of the exemption and has submitted evidence showing that the vision in the better eye continues to meet the standard specified at 49 CFR 391.41(b)(10) and that the vision impairment is stable. In addition, a

review of each record of safety while driving with the respective vision deficiencies over the past two years indicates each applicant continues to meet the vision exemption standards. These factors provide an adequate basis for predicting each driver's ability to continue to drive safely in interstate commerce. Therefore, FMCSA concludes that extending the exemption for each renewal applicant for a period of two years is likely to achieve a level of safety equal to that existing without the exemption.

Request for Comments

FMCSA will review comments received at any time concerning a particular driver's safety record and determine if the continuation of the exemption is consistent with the requirements at 49 U.S.C. 31136(e) and 31315. However, FMCSA requests that interested parties with specific data concerning the safety records of these drivers submit comments by June 16, 2008.

FMCSA believes that the requirements for a renewal of an exemption under 49 U.S.C. 31136(e) and 31315 can be satisfied by initially granting the renewal and then requesting and evaluating, if needed, subsequent comments submitted by interested parties. As indicated above, the Agency previously published notices of final disposition announcing its decision to exempt these 25 individuals from the vision requirement in 49 CFR 391.41(b)(10). The final decision to grant an exemption to each of these individuals was based on the merits of each case and only after careful consideration of the comments received to its notices of applications. The notices of applications stated in detail the qualifications, experience, and medical condition of each applicant for an exemption from the vision requirements. That information is available by consulting the above cited **Federal Register** publications.

Interested parties or organizations possessing information that would otherwise show that any, or all of these drivers, are not currently achieving the statutory level of safety should immediately notify FMCSA.

The Agency will evaluate any adverse evidence submitted and, if safety is being compromised or if continuation of the exemption would not be consistent with the goals and objectives of 49 U.S.C. 31136(e) and 31315, FMCSA will take immediate steps to revoke the exemption of a driver.

ACTION: Notice of final disposition.

SUMMARY: FMCSA, in an earlier notice, announced its decision to renew the exemptions from the vision requirement in the Federal Motor Carrier Safety Regulations for 34 individuals. FMCSA has statutory authority to exempt individuals from the vision requirement if the exemptions granted will not compromise safety. The Agency has reviewed the comments submitted in response to the previous announcement and concluded that granting these exemptions will provide a level of safety that will be equivalent to, or greater than, the level of safety maintained without the exemptions for these commercial motor vehicle (CMV) drivers.

Background

Under 49 U.S.C. 31136(e) and 31315, FMCSA may grant an exemption for a 2-year period if it finds "such exemption would likely achieve a level of safety that is equivalent to, or greater than, the level that would be achieved absent such exemption." The statute also allows the Agency to renew exemptions

at the end of the 2-year period. The notice was published on March 5, 2008 (FR 73 11989), and the comment period ended on April 4, 2008.

Discussion of Comments

FMCSA received one comment in this proceeding. The comment was considered and discussed below.

Advocates for Highway and Auto Safety (Advocates) expressed opposition to FMCSA's policy to grant exemptions from the FMCSR, including the driver qualification standards. Specifically, Advocates: (1) Objects to the manner in which FMCSA presents driver information to the public and makes safety determinations; (2) objects to the Agency's reliance on conclusions drawn from the vision waiver program; (3) claims the Agency has misinterpreted statutory language on the granting of exemptions (49 U.S.C. 31136(e) and 31315); and finally (4) suggests that a 1999 Supreme Court decision affects the legal validity of vision exemptions.

The issues raised by Advocates were addressed at length in 64 FR 51568 (September 23, 1999), 64 FR 66962 (November 30, 1999), 64 FR 69586 (December 13, 1999), 65 FR 159 (January 3, 2000), 65 FR 57230 (September 21, 2000), and 66 FR 13825 (March 7, 2001). We will not address these points again here, but refer interested parties to those earlier discussions.

Conclusion

The Agency has not received any adverse evidence on any of these drivers that indicates that safety is being compromised. Based upon its evaluation of the 34 renewal applications, FMCSA renews the Federal vision exemptions for Scott E. Ames, Otto J. Ammer, Jr., Nick D. Bacon, Mark A. Baisden, Johnny W. Bradford, Lawrence M. Daley, Clifford H. Dovel, Ray L. Emert, Arthur L. Fields, John W. Forgy, Daniel R. Franks, Glenn E. Gee, Rupert G. Gilmore, III, Albert L. Gschwind, Walter R. Hardiman, George A. Hoffman, III, Laurent G. Jacques, Michael W. Jones, Matthew J. Konecki, Duane R. Krug, Paul E. Lindon, Jack D. Miller, Eric M. Moats, Sr., Rick Moreno, Robert W. Nicks, Joseph S. Nix, IV., Monte L. Purcifil, George S. Rayson, Luis F. Saavedra, Gerald M. Smith, Edward J. Sullivan, Steven Valley, Darel G. Wagner, and Bernard J. Wood.

In accordance with 49 U.S.C. 31136(e) and 31315, each renewal exemption will be valid for 2 years unless revoked earlier by FMCSA.

The exemption will be revoked if: (1) The person fails to comply with the terms and conditions of the exemption; (2) the exemption has resulted in a

lower level of safety than was maintained before it was granted; or (3) continuation of the exemption would not be consistent with the goals and objectives of 49 U.S.C. 31136 and 31315.
