## ENVIRONMENTAL PROTECTION AGENCY

### Sulfluramid; Product Cancellation Order

**AGENCY:** Environmental Protection Agency (EPA).

**ACTION:** Notice.

**SUMMARY:** This notice announces EPA's order for the cancellation, voluntarily requested by the registrant and accepted by the Agency, of products containing the pesticide sulfluramid, pursuant to section 6(f)(1) of the Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA), as amended. This cancellation order follows a December 19, 2007 **Federal Register** Notice of Receipt of Request from the sulfluramid registrant to voluntarily cancel the last remaining sulfluramid manufacturing-use product (MUP) registration. In the December 19, 2007 notice, EPA indicated that it would issue an order implementing the cancellation, unless the Agency received substantive comments within the 30-day comment period that would merit its further review of these requests, or unless the registrant withdrew their request within this period. The Agency did not receive any comments on the notice. Further, the registrant did not withdraw their request. Accordingly, EPA hereby issues in this notice a cancellation order granting the requested cancellation. This cancellation order does not cancel the remaining end-use sulfluramid products currently registered for use in the United States. Any distribution, sale, or use of the sulfluramid products subject to this cancellation order is permitted only in accordance with the terms of this order, including any existing stocks provisions.

**DATES:** The cancellations are effective May 16, 2008.

##### III. Summary of Public Comments Received and Agency Response to Comments

During the public comment period provided, EPA received no comments in response to the December 19, 2007 **Federal Register** notice announcing the Agency's receipt of the request for voluntary cancellation of sulfluramid.

##### IV. Cancellation Order

Pursuant to FIFRA section 6(f), EPA hereby approves the requested cancellation of sulfluramid registration identified in Table 1 of Unit II. Accordingly, the Agency orders that the sulfluramid product registration identified in Table 1 of Unit II. is hereby canceled. Any distribution, sale, or use of existing stocks of the products identified in Table 1 of Unit II. in a manner inconsistent with any of the Provisions for Disposition of Existing Stocks set forth in Unit VI. will be considered a violation of FIFRA.

##### V. What is the Agency's Authority for Taking this Action?

Section 6(f)(1) of FIFRA provides that a registrant of a pesticide product may at any time request that any of its pesticide registrations be canceled or amended to terminate one or more uses. FIFRA further provides that, before acting on the request, EPA must publish a notice of receipt of any such request in the **Federal Register**. Thereafter, following the public comment period, the Administrator may approve such a request.

##### VI. Provisions for Disposition of Existing Stocks

Existing stocks are those stocks of registered pesticide products which are currently in the United States and

which were packaged, labeled, and released for shipment prior to the effective date of the cancellation action. The cancellation order issued in this notice includes the following existing stocks provisions.

This notice announces EPA's order to cancel the final sulfluramid MUP registration, which is identified in Table 1 of this notice. Since DuPont (the only seller) has no existing stocks, EPA is not allowing any further sale or distribution of the MUP. However, this request does not cancel the remaining end-use sulfluramid products (the remaining registered use is for termite control) currently registered in the U.S. End-use registrants may continue to reformulate any existing stocks of the MUP currently in their possession until December 31, 2012.

The central theme of *HP2010* focuses on the role of communities and community partnerships in promoting healthy living in the U.S. *HP2010* is a powerful force in the effort to promote health and prevent disease in the U.S. The agenda reflects extensive consultation with over 350 national organizations, 250 state agencies, health experts, and the public.

HHS is eager to document the utilization of *HP2010*, and to seek input from key users on how the next iteration of the initiative, *Healthy People 2020*, could be improved to encourage greater involvement. This study will identify examples of effective strategies and approaches to using *HP2010*, and, where possible, the short-term results of those efforts.
