

BLM is not a party to any 1031 Exchange.

In the event of a sale, the unreserved mineral interests will be conveyed simultaneously with the sale of the land. These unreserved mineral interests have been determined to have no known mineral value pursuant to 43 CFR 2720.0–6 and 2720.2(a).

Acceptance of the sale offer will constitute an application for conveyance of those unreserved mineral interests. The purchaser will be required to pay a \$50 non-refundable filing fee for conveyance of the available mineral interests. In accordance with BLM's authority to conduct direct sales, BLM is borrowing some of the competitive bid procedures as set forth below. The purchaser will have until 4 p.m., Pacific Time, 30 days from the date of receiving the sale offer to accept the offer and submit a deposit of 20 percent of the purchase price, the \$50 filing fee for conveyance of mineral interests, and payment of publication costs to the Las Vegas Field Office. The purchaser must remit the remainder of the purchase price within 180 days from the date of receiving the sale offer to the Las Vegas Field Office. Payments must be received by certified check, postal money order, bank draft, or cashier's check payable to the U.S. Department of the Interior—BLM. Failure to meet conditions established for this sale will void the sale and any monies received will be forfeited. Arrangements for electronic fund transfer to BLM for the balance due shall be made a minimum of two weeks prior to the date you wish to make payment.

The BLM may accept or reject any or all offers to purchase any parcel, or may withdraw any parcel of land or interest therein from sale, if, in the opinion of the authorized officer, consummation of the sale would not be fully consistent with the FLPMA or other applicable laws or is determined to not be in the public interest.

Public Comments: The parcel of land will not be offered for sale prior to 60 days from the date of publication of this notice. For a period until *July 7, 2008*, interested parties may submit written comments to the Las Vegas Field Office. Only written comments submitted by postal service or overnight mail will be considered as properly filed. Electronic mail, facsimile, or telephone comments will not be considered comments as properly filed.

Before including your address, phone number, e-mail address, or other personal identifying information in your comment, you should be aware that your entire comment—including your personal identifying information—may

be made publicly available at any time. While you can ask us in your comment to withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so.

Any adverse comments regarding the proposed sale will be reviewed by the BLM Nevada State Director, who may sustain, vacate, or modify this realty action. In the absence of timely filed objections, this realty action will become the final determination of the Department of the Interior.

Authority: 43 CFR 2711.

Dated: May 12, 2008.

Mary Jo Rugwell,

Las Vegas Field Office Manager.

BILLING CODE 4310–HC–P

INTERNATIONAL BOUNDARY AND WATER COMMISSION, UNITED STATES AND MEXICO

United States Section; Notice of Availability of the Revised Record of Decision for the Final Supplemental Environmental Impact Statement for International Boundary and Water Commission Clean Water Act Compliance at the South Bay International Wastewater Treatment Plant, San Diego County, CA

AGENCY: United States Section, International Boundary and Water Commission (USIBWC).

ACTION: Notice of availability of the Revised Record of Decision for the Final Supplemental Environmental Impact Statement.

SUMMARY: On September 30, 2005, the USIBWC issued a Record of Decision (“ROD”) which selected Alternative 4, Treatment Option C, Discharge Option 1 (Operation of SBIWTP as Advance Primary Facility, Secondary Treatment in Mexico) as the means for achieving CWA compliance at the SBIWTP. Reevaluation of alternatives for achieving compliance was prompted by the inability to timely implement the selected alternative and by changes in financial considerations relevant to the decision of whether to provide secondary treatment in Mexico or in the United States. After reevaluation, the USIBWC has decided to upgrade the SBIWTP to secondary treatment in the United States (Secondary Treatment in the United States, Alternative 5, Option B–2, Activated Sludge with Expanded Capacity) to achieve compliance with the CWA and the NPDES permit. This Revised Record of Decision reflects the

results of the reevaluation and was prepared in compliance with 40 CFR 1505.2.

DATES: The Revised ROD for the Final SEIS was made available to agencies, organizations and the general public on May 15, 2008. A copy of the Revised ROD for the Final SEIS was posted on the USIBWC Web site at http://www.ibwc.gov/Files/ROD_sbiwtp_2008.pdf.

FOR FURTHER INFORMATION CONTACT: Mr. Daniel Borunda, Environmental Protection Specialist, Environmental Management Division, USIBWC, 4171 North Mesa Street, C–100, El Paso, Texas 79902 or e-mail: danielborunda@ibwc.gov.

Dated: May 16, 2008.

Susan E. Daniel,

Legal Counsel.
