DEPARTMENT OF HOUSING AND URBAN DEVELOPMENT

[Docket No. FR-5130-N-24]

Privacy Act of 1974; Notice of a Computer Matching Program Between the U.S. Department of Housing and Urban Development (HUD) and the U.S. Department of Veterans Affairs (VA)

AGENCY: Office of the Chief Information Officer, HUD.

ACTION: Notice of a Computer Matching Program between HUD and VA.

SUMMARY: In accordance with the Privacy Act of 1974 (5 U.S.C. 552a), as amended by the Computer Matching and Privacy Protection Act of 1988 (Pub. L. 100-503), and the Office of Management and Budget (OMB) Guidelines on the Conduct of Matching Programs (54 FR 25818 (June 19, 1989); and OMB Bulletin 89-22, "Instructions on Reporting Computer Matching Programs to the Office of Management and Budget (OMB), Congress and the Public," HUD is issuing a public notice of its intent to conduct a recurring computer matching program with VA to utilize a computer information system of HUD, the Credit Alert Interactive Voice Response System (CAIVRS), with VA's debtor files.

DATES: *Effective Date:* Computer matching is expected to begin on *June 30, 2008*, or at least 40 days from the date copies of the signed (by both agencies' Data Integrity Boards (DIBs)) computer matching agreement are sent to the Office of Management and Budget (OMB) and Congress, whichever is later unless comments are received, which will result in a contrary determination.

Comments Due Date: June 30, 2008.

ADDRESSES: Interested persons are invited to submit comments regarding this notice to the Rules Docket Clerk, Office of General Counsel, Department of Housing and Urban Development, 451 Seventh Street, SW., Room 10276, Washington, DC 20410.

Communications should refer to the above docket number and title. A copy of each communication submitted will be available for public inspection and copying between 8 a.m. and 5 p.m. weekdays at the above address.

For Further Information From Recipient Agency Contact: Donna Robinson-Staton, Departmental Privacy Act Officer, Department of Housing and Urban Development, 451 Seventh Street, SW., Room 2256, Washington, DC 20410, telephone number (202) 402-8073. [This is not a toll-free number.] A telecommunication device for hearing- and speech-impaired individuals (TTY) is available at 1-800-877-8339 (Federal Information Relay Service).

For Further Information From Source Agency Contact: Jorgeana Williams, Debt Management Center, Department of Veterans Affairs, Bishop Henry Whipple Federal Building, Room 156E, 1 Federal Drive, Ft. Snelling, MN 55111-4050, telephone number (612) 970-5703. [This is not a toll-free number.]

Reporting: In accordance with Public Law 100-503, the Computer Matching and Privacy Protection Act of 1988, as amended, and OMB Bulletin 89-22, "Instructions on Reporting Computer Matching Programs to the Office of Management and Budget (OMB), Congress and the Public," copies of this Notice and report are being provided to the Committee on Oversight and Government Reform of the House of Representatives, the Committee on Homeland Security and Governmental Affairs of the Senate, and the Office of Management and Budget.

Authority: HUD has authority to collect and review mortgage data pursuant to the National Housing Act, as amended, 12 U.S.C. 1701 *et seq.*, and related laws. The VA is authorized, pursuant to 38 U.S.C. 3710, to determine that any veteran who obtains a VA-guaranteed home loan poses a satisfactory credit risk. This computer matching will be conducted pursuant to Public Law 100-503, "The Computer

Matching and Privacy Protection Act of 1988," as amended, and the Office of Management and Budget (OMB) Circulars A-129 (Managing Federal Credit Programs). OMB Circular A-129 was issued under the authority of the Budget and Accounting Act of 1921, as amended; the Budget and Accounting Act of 1950, as amended; the Debt Collection Act of 1982, as amended by the Debt Collection Improvement Act of 1996; Section 2653 of Public Law 98-369; the Federal Credit Reform Act of 1990, as amended; the Federal Debt Collection Procedures Act of 1990, the Chief Financial Officers Act of 1990, as amended; Executive Order 8248; the Cash Management Improvement Act Amendments of 1992; and pre-existing common law authority to charge interest on debts and to offset payments to collect debts administratively.

Objectives to be Met by the Matching Program: HUD's primary objective for continuing the matching program is to permit prescreening of applicants for Federal Credit Programs, to ensure that applicants are not delinquent on a Federal loan or have defaulted on a direct or guaranteed loan. HUD will be provided access to VA's debtor data for prescreening purposes.

In this computer matching program, each month HUD/CAIVRS receives limited information on borrowers who have defaulted on loans administered by participating federal agencies. This information includes: Social Security Number (SSN) or Employer Identification Number (EIN), case number, Federal Agency identifying code, and record type. Participating agencies also provide HUD with a file containing authorized lenders/business partners. When federal agency personnel or authorized lenders access CAIVRS, they must enter a user authorization code followed by either an SSN or EIN (for businesses and non-profits). Only the following information is returned/displayed:

- Yes/No as to whether the holder of that SSN/EIN is in default on a Federal loan; and
- If Yes, then CAIVRS provides to the lender:
 - Loan case number;
 - Record type (claim, default, foreclosure, or judgment);
 - Agency administering the loan program; and
 - Phone # at that agency (to call to clear up the default)
 - Confirmation Code associated with the query

By law, processing of applications for Federal Credit benefits (such as government-insured loans) must be suspended when applicants are delinquent on Federal debt. Processing may continue only when the debtor satisfactorily resolves the debt (e.g., pays in full or renegotiates a new

payment plan). To remove a CAIVRS sanction, the borrower must use the information provided to contact the agency that reported their SSN or EIN to HUD/CAIVRS.

Records to be Matched: HUD will use records from its systems of records entitled, HUD/SFH-01, Single Family Default Monitoring System; HUD/SFH-02, Single Family Insurance System CLAIMS Subsystem; HUD/HS-55, Debt Collection Asset Management System; and HUD/HS-57, Single Family Mortgage Notes. The debtor files for programs involved are included in these systems of records. HUD's debtor files contain information on borrowers and co-borrowers who are currently in default (at least 90 days delinquent on their loans or who have had their partial claim subordinate mortgage called due and payable and it has not been repaid in full); or who have any outstanding claims paid during the last three years on a Title II insured or guaranteed home mortgage loans; or individuals who had a claim paid in the last three years on a Title I loan.

The VA will provide HUD with debtor files contained in its system of records entitled SS-VA26, Loan Guaranty Systems of Records. Central Accounts Receivable On Line System is a subsidiary of SS-VA26. HUD is maintaining VA's records only as a ministerial action on behalf of VA, not as a part of HUD's systems of records. VA's data contain information on individuals who have defaulted on their guaranteed loans. The VA will retain ownership and responsibility for their systems of records that they place with HUD. HUD serves only as a record location and routine use recipient for VA's data.

Notice Procedures: HUD and the VA will notify individuals at the time of application (ensuring that routine use appears on the application form) for guaranteed or direct loans that their records will be matched to determine whether they are delinquent or in default on a Federal debt. HUD and the VA will also publish notices concerning routine use disclosures in the **Federal Register** to inform individuals that a computer match may be performed to determine a loan applicant's credit status with the federal government.

Categories of Records/Individuals Involved: The debtor records include these data elements from HUD's systems of records, SSN, claim number, program code, and indication of indebtedness. Categories of records include: Records of claims and defaults, repayment agreements, credit Reports, financial statements, and records of foreclosures. Categories of individuals include:

Former mortgagors and purchasers of HUD-owned properties, home improvement loan debtors who are delinquent or in default (at least 90-days delinquent on their loans or who have had their partial claim subordinate mortgage called due and payable and has not been paid in full); or who have any outstanding claims paid during the last three years on a title II insured or guaranteed home mortgage loans, or individual who has claim paid in the last three years on a Title I loan.

Period of the Match: Matching will begin at least 40 days from the date copies of the signed (by both agencies DIBS) computer matching agreements are sent to both Houses of Congress or at least 30 days from the date this Notice is published in the **Federal Register**, whichever is later, providing no comments are received which would result in a contrary determination. The matching program will be in effect and continue for 18 months with an option to renew for 12 additional months unless one of the parties to the agreement advises the other in writing to terminate or modify the agreement.

Dated: May 22, 2008.

Joseph M. Milazzo,

Acting Chief Information Officer.

[FWS-R4-ES-2008-N0139; 40120-1112-0000-F2; ABC Code: F2]

Endangered and Threatened Wildlife and Plants; Permits

AGENCY: Fish and Wildlife Service, Interior.

ACTION: Notice of receipt of an application for an incidental take permit for the expansion of the Sun Ray Wastewater Treatment Facility, Polk County, Florida.

SUMMARY: We, the Fish and Wildlife Service (Service), announce the availability of an incidental take permit (ITP) and Habitat Conservation Plan (HCP). Polk County Utilities (applicants) request an ITP pursuant to section 10(a)(1)(B) of the Endangered Species Act of 1973, as amended (Act). The applicants anticipate taking about 6.63 acres of sand skink (*Neopseps reynoldsi*) and bluetail mole skink (*Eumeces egregius lividus*) (skinks) foraging and sheltering habitat incidental to construction activities associated with the expansion of the

existing Sun Ray Wastewater Treatment Facility in Polk County, Florida (project). The applicants' HCP describes the mitigation and minimization measures proposed to address the effects of the project on the skinks.

DATES: We must receive your written comments on the ITP application and HCP on or before June 30, 2008.

ADDRESSES: See the **SUPPLEMENTARY INFORMATION** section below for information on how to submit your comments on the ITP application and HCP. You may obtain a copy of the ITP application and HCP by writing the South Florida Ecological Services Office, Attn: Permit number TE182090-0, U.S. Fish and Wildlife Service, 1339 20th Street, Vero Beach, FL 32960-3559. In addition, we will make the ITP application and HCP available for public inspection by appointment during normal business hours at the above address.

FOR FURTHER INFORMATION CONTACT: Ms. Trish Adams, Fish and Wildlife Biologist, South Florida Ecological Services Office (see **ADDRESSES**); telephone: (772) 562-3909, ext. 232.

SUPPLEMENTARY INFORMATION: If you wish to comment on the ITP application and HCP, you may submit comments by any one of the following methods. Please reference permit number TE182090-0 in such comments.

1. Mail or hand-deliver comments to our South Florida Ecological Services Office address (see **ADDRESSES**).

2. E-mail comments to trish_adams@fws.gov. If you do not receive a confirmation that we have received your e-mail message, contact us directly at the telephone number listed under **FOR FURTHER INFORMATION CONTACT**.

Before including your address, phone number, e-mail address, or other personal identifying information in your comments, you should be aware that your entire comment-including your personal identifying information-may be made publicly available at any time. While you can ask us in your comment to withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so.

Construction activities associated with the expansion of the existing wastewater treatment facility will take place within Sections 7 and 18, Township 32, Range 28, Frostproof, Polk County, Florida.

Polk County Utilities is proposing to expand the Sun Ray Wastewater Treatment Facility onto a 37.09 acre site adjacent to the existing facility that would result in the development of 6.63

acres of occupied skink habitat. The applicant proposes to mitigate for impacts by restoring and managing in perpetuity 19.9 acres of scrub habitat on site.

We have determined that the applicants' proposal, including the proposed mitigation and minimization measures, will have a minor or negligible effect on the species covered in the HCP. Therefore, the ITP is a "low-effect" project and qualifies as a categorical exclusion under the National Environmental Policy Act (NEPA), as provided by the Department of the Interior Manual (516 DM 2 Appendix 1 and 516 DM 6 Appendix 1). Low-effect HCPs are those involving (1) minor or negligible effects on federally listed or candidate species and their habitats and (2) minor or negligible effects on other environmental values or resources. Based on our review of public comments that we receive in response to this notice, we may revise this preliminary determination.

We will evaluate the HCP and comments submitted thereon to determine whether the application meets the requirements of section 10(a) of the Act (16 U.S.C. 1531 et seq.). If we determine that the application meets the requirements, we will issue the ITP for incidental take of the skinks. We will also evaluate whether issuance of the section 10(a)(1)(B) ITP complies with section 7 of the Act by conducting an intra-Service section 7 consultation. We will use the results of this consultation, in combination with the above findings, in the final analysis to determine whether or not to issue the ITP.

Authority: We provide this notice pursuant to Section 10 of the Endangered Species Act (16 U.S.C. 1531 et seq.) and NEPA regulations (40 CFR 1506.6).

Dated: May 14, 2008.

Paul Souza,

Field Supervisor, South Florida Ecological Services Office.
