

hours per Partner has decreased, but the total hourly burden for LMOP Partners still increased because of an increase in the number of Partners. For perspective on the magnitude of Partner growth, there were 365 Partners at the end of 2003 when the ICR was last renewed, whereas there were 675 Partners as of July 2007. This indicates an 85% increase in Partners since the last renewal. The remainder of the increase in total hourly burden comes from a planned initiative to collect critical landfill data from 1,000 additional landfill owners and operators. These data are necessary in order to better respond to public data requests and evaluate the potential of future LFGE opportunities. This type of data collection has not occurred before during LMOP's history. This change is the result of a program change.

#### What Is the Next Step in the Process for This ICR?

EPA will consider the comments received and amend the ICR as appropriate. The final ICR package will then be submitted to OMB for review and approval pursuant to 5 CFR 1320.12. At that time, EPA will issue another **Federal Register** notice pursuant to 5 CFR 1320.5(a)(1)(iv) to announce the submission of the ICR to OMB and the opportunity to submit additional comments to OMB. If you have any questions about this ICR or the approval process, please contact the technical person listed under **FOR FURTHER INFORMATION CONTACT**.

Dated: May 6, 2008.

[FRL-8575-1; Docket ID No. EPA-HQ-ORD-2008-0111]

#### Draft Toxicological Review of Cerium Oxide and Cerium Compounds: In Support of the Summary Information on the Integrated Risk Information System (IRIS)

**AGENCY:** Environmental Protection Agency (EPA).

**ACTION:** Notice of Listening Session.

**SUMMARY:** EPA is announcing a listening session to be held on June 25, 2008, during the public comment period for the draft document entitled, "Toxicological Review of Cerium Oxide and Cerium Compounds: In Support of

Summary Information on the Integrated Risk Information System (IRIS)". This listening session is a new step in EPA's revised process, announced on April 10, 2008, for development of human health assessments for inclusion on IRIS. The purpose of the listening session is to allow all interested parties to present scientific and technical comments on draft IRIS health assessments to EPA and other interested parties during the public comment period and prior to the external peer review meeting. EPA welcomes the scientific and technical comments that will be provided to the Agency by the listening session participants. The comments will be considered by the Agency as it revises the draft assessment in response to the independent external peer review and public comments. All electronic or hard copies of presentations made at the meeting will become part of the official and public record.

The EPA's draft assessment and peer review charge are available via the Internet on the National Center for Environmental Assessment's (NCEA) home page under the Recent Additions and the Data and Publications menus at <http://www.epa.gov/ncea>.

**DATES:** The listening session on the draft IRIS health assessment for cerium oxide and cerium compounds will be held on June 25, 2008, beginning at 9 a.m. and ending at 4 p.m., Eastern Daylight Time. If you wish to make a presentation at the listening session, you should register by June 20, 2008, and indicate that you wish to make oral comments at the session including the length of your presentation. At the time of your registration, please indicate if you require audio-visual aid (e.g. lap top and slide projector). In general, each presentation should be no more than 30 minutes. If, however, there are more requests for presentations than the allotted time will allow, then the time limit for each presentation will be adjusted accordingly. Participants may also register at the beginning of the listening session to make comments. The order of the presentations will follow the order of registration. A copy of the agenda for the listening session will be available at the meeting.

The public comment period for review of this draft assessment was announced previously in the **Federal Register** (FR) (73 FR 24982-24983) on May 6, 2008. As stated in that FR notice, the public comment period began on May 5, 2008, and ends June 30, 2008. Any technical comments submitted during the public comment period should be in writing and must be received by EPA by June 30, 2008,

according to the procedures outlined below. Only those public comments submitted using the procedures identified in the May 6 FR notice by the June 30 deadline can be assured of being provided to the independent peer review panel prior to the peer review meeting to be held on July 8, 2008. The logistics for the peer review meeting were announced in the May 6, 2008, FR notice.

Listening session participants who wish to have their comments available to the external peer reviewers should also submit written comments during the public comment period using the detailed and established procedures included in the aforementioned FR notice (May 6, 2008). Comments submitted to the docket prior to the end of the public comment period will be submitted to the external peer reviewers and considered by EPA in the disposition of public comments. Comments received in the docket after the public comment period closes must still be submitted to the docket but will not be submitted to the external peer reviewers.

**ADDRESSES:** The listening session on the draft cerium assessment will be held at the EPA offices at Two Potomac Yard (North Building), 7th Floor, Room 7100, 2733 South Crystal Drive, Arlington, Virginia 22202. To attend the listening session, please register by June 20, 2008, via e-mail at [ross.christine@epa.gov](mailto:ross.christine@epa.gov) (subject line: cerium oxide listening session), by phone: 703-347-3389, or by faxing a registration request to 703-347-8689 (please reference the "Cerium Oxide Listening Session" and include your name, title, affiliation, full address and contact information). Please note that to gain entrance to this EPA building to attend the meeting, attendees must have photo identification with them and must register at the guard's desk in the lobby. The guard will retain your photo identification and will provide you with a visitor's badge. At the guard's desk, attendees should give the name Christine Ross and the telephone number 703-347-3389, to the guard on duty. The guard will contact Ms. Ross, who will meet you in the reception area to escort you to the meeting room. Upon your exit from the building please return your visitor's badge and you will receive the photo identification that you provided.

A teleconference line will also be available for participants. The teleconference number is 866-299-3188 and the access code is 1068186199, followed by the pound sign (#). The teleconference line will be activated at

8:45 a.m., and you will be asked to identify yourself and your affiliation at the beginning of the call.

*Information on Services for Individuals with Disabilities:* For information on access or services for individuals with disabilities, please contact Christine Ross at 703-347-3389 or [ross.christine@epa.gov](mailto:ross.christine@epa.gov). To request accommodation of a disability, please contact Christine Ross, preferably at least 10 days prior to the meeting, to give EPA as much time as possible to process your request.

**FOR FURTHER INFORMATION CONTACT:** For information on the public listening sessions, please contact Christine Ross, IRIS Staff, National Center for Environmental Assessment, (8601P), U.S. EPA, 1200 Pennsylvania Avenue, NW., Washington, DC 20460; telephone: 703-347-3389; facsimile: 703-347-8689; or e-mail: [ross.christine@epa.gov](mailto:ross.christine@epa.gov). If you have questions about the draft cerium assessment, contact Martin Gehlhaus, IRIS Staff, National Center for Environmental Assessment, (8601P), U.S. EPA, 1200 Pennsylvania Avenue, NW., Washington, DC 20460; telephone: 703-347-8579; facsimile: 703-347-8689; or e-mail: [gehlhaus.martin@epa.gov](mailto:gehlhaus.martin@epa.gov).

**SUPPLEMENTARY INFORMATION:** This listening session is a new step in EPA's revised process, announced on April 10, 2008, for development of human health assessments for inclusion on IRIS. The new process is posted on the NCEA home page under the Recent Additions menu at <http://www.epa.gov/ncea>. Two listening sessions are scheduled under the new IRIS process. The first is during the public review of the draft assessment that includes only qualitative discussion. The second session is during the public review of the externally peer-reviewed draft assessment; if feasible, this draft will include both qualitative and quantitative elements (i.e., a "complete draft"). All IRIS assessments that are at the document development stage will follow the revised process, which includes the two listening sessions. However, when EPA initiated the new IRIS process, its draft assessment for Cerium Oxide and Cerium Compounds had already been released for public review and comment, so EPA will only hold one listening session during the public review and comment period of the externally peer-reviewed draft.

Dated: May 28, 2008.

## ENVIRONMENTAL PROTECTION AGENCY

[EPA-R05-OAR-2007-0520; FRL-8574-9]

### Adequacy Status of the Indiana and Ohio Portions of the Cincinnati-Hamilton, Ohio/Kentucky/Indiana, Submitted 8-Hour Ozone Attainment Demonstration for Transportation Conformity Purposes; Correction

**AGENCY:** Environmental Protection Agency (EPA).

**ACTION:** Notice of adequacy; correction.

**SUMMARY:** This document corrects an error in the table posted in the April 23, 2008, notice of adequacy of the motor vehicle emissions budgets (MVEB) for the Indiana and Ohio portions of the Cincinnati-Hamilton OH/KY/IN area. The MVEBs were submitted by Indiana as part of the 8-hour ozone attainment demonstration for the area. The MVEB table in that notice conflicts with the actual MVEBs. EPA, therefore, is correcting the erroneous table.

**DATES:** *Effective Date:* This correction is effective on June 3, 2008.

**FOR FURTHER INFORMATION CONTACT:** Anthony Maietta, Life Scientist, Criteria Pollutant Section, Air Programs Branch (AR-18J), Environmental Protection Agency, Region 5, 77 West Jackson Boulevard, Chicago, Illinois 60604, (312) 353-8777, [maietta.anthony@epa.gov](mailto:maietta.anthony@epa.gov).

**SUPPLEMENTARY INFORMATION:** EPA published a notice of adequacy on April 23, 2008, (73 FR 21932) which finds the 2008 MVEBs for volatile organic compounds (VOC) and oxides of nitrogen (NO<sub>x</sub>) for the Indiana and Ohio portions of the Cincinnati-Hamilton OH/KY/IN area to be adequate for transportation conformity purposes. In this notice, EPA erroneously identified the 2008 MVEBs as 72.16 tons per day (tpd) for VOC and 18.99 tpd for NO<sub>x</sub>.

The table in that notice conflicts with the actual MVEBs. The actual 2008 MVEBs are 46.00 tpd for VOC and 91.36 tpd for NO<sub>x</sub>. Therefore, the table is being corrected to refer to the correct budget amounts.

#### Correction

In the notice of adequacy published in the **Federal Register** on April 23, 2008,

(73 FR 21932), on page 21932, in second column, the table:

	2008 MVEB (tpd)
VOC .....	72.16
NO <sub>x</sub> .....	18.99

is corrected to read:

	2008 MVEB (tpd)
VOC .....	46.00
NO <sub>x</sub> .....	91.36

Dated: May 20, 2008.

## FEDERAL RESERVE SYSTEM

### Proposed Agency Information Collection Activities; Comment Request

**AGENCY:** Board of Governors of the Federal Reserve System.

**SUMMARY:** *Background.* On June 15, 1984, the Office of Management and Budget (OMB) delegated to the Board of Governors of the Federal Reserve System (Board) its approval authority under the Paperwork Reduction Act (PRA), as per 5 CFR 1320.16, to approve of and assign OMB control numbers to collection of information requests and requirements conducted or sponsored by the Board under conditions set forth in 5 CFR 1320 Appendix A.1. Board-approved collections of information are incorporated into the official OMB inventory of currently approved collections of information. Copies of the Paperwork Reduction Act Submission, supporting statements and approved collection of information instruments are placed into OMB's public docket files. The Federal Reserve may not conduct or sponsor, and the respondent is not required to respond to, an information collection that has been extended, revised, or implemented on or after October 1, 1995, unless it displays a currently valid OMB control number.

#### Request for Comment on Information Collection Proposals

The following information collections, which are being handled under this delegated authority, have received initial Board approval and are hereby published for comment. At the end of the comment period, the proposed information collections, along with an analysis of comments and
