SUMMARY: This order revokes two Secretarial Orders in their entireties, as they affect approximately 278 acres of National Forest System lands withdrawn for use by the Forest Service for a tree nursery and an administrative site. This order opens 120 acres to such forms of disposition as may by law be made of National Forest System lands and to mining. The remaining lands are located within an overlapping withdrawal.

Appropriation of lands described in this order under the general mining laws prior to the date and time of restoration is unauthorized. Any such attempted appropriation, including attempted adverse possession under 30 U.S.C. 38 (2000), shall vest no rights against the United States. Acts required to establish a location and to initiate a right of possession are governed by State law where not in conflict with Federal law. The Bureau of Land Management will not intervene in disputes between rival locators over possessory rights since Congress has provided for such determinations in local courts.
