of the investigations. Industrial users, and, if the merchandise under investigation is sold at the retail level, representative consumer organizations have the right to appear as parties in Commission antidumping and countervailing duty investigations. The Secretary will prepare a public service list containing the names and addresses of all persons, or their representatives, who are parties to the investigations.

### Background

On April 14, 2008, a petition was filed with the Commission and Commerce by Archer Daniels Midland Co., Decatur, IL; Cargill, Inc., Wayzata, MN; and Tate & Lyle Americas, Inc., Decatur, IL, alleging that an industry in the United States is materially injured or threatened with material injury by reason of imports of citric acid and certain citrate salts from Canada and China that are alleged to be sold in the United States at LTFV and subsidized by the Government of China. Accordingly, effective April 14, 2008, the Commission instituted antidumping and countervailing duty investigations Nos. 701-TA-456 and 731-TA-1151-1152 (Preliminary).

Notice of the institution of the Commission's investigations and of a public conference to be held in connection therewith was given by posting copies of the notice in the Office of the Secretary, U.S. International Trade Commission, Washington, DC, and by publishing the notice in the **Federal Register** of April 22, 2008 (73 FR 21650). The conference was held in Washington, DC, on May 7, 2008, and all persons who requested the opportunity were permitted to appear in person or by counsel.

The Commission transmitted its determinations in these investigations to the Secretary of Commerce on May 29, 2008. The views of the Commission are contained in USITC Publication 4008 (June 2008), entitled *Citric Acid and Certain Citrate Salts from Canada and China: Investigation Nos. 701-TA-456 and 731-TA-1151-1152 (Preliminary)*.
