(2) *Obligor limit.* An institution must not invest more than 15 percent of its total surplus in rural community investments issued by any single entity, issuer, or obligor. This obligor limit does not apply to obligations of the United States or its agencies, instrumentalities, or corporations. parents based on the ownership percentage of each bank or association.

(f) *Management of rural community investments.* Before a System institution invests in rural communities, its board of directors must first adopt written policies for managing the institution's rural community investments. Investment management policies must be appropriate for the levels, types, and complexities of each institution's rural community investments. These written policies must comply with requirements of § 615.5133. Investments made under this section that System institutions classify and account for as held-to-maturity securities in accordance with generally accepted accounting principles are exempt from the requirements of paragraph (f) of § 615.5133. The board of directors must ensure that the institution implements procedures and internal controls to ensure compliance with the board's policies and the regulation.

The Proposal

The FAA is proposing an amendment to title 14 Code of Federal Regulations (14 CFR) part 71 by establishing Class E airspace at Weiser Municipal Airport, Weiser, ID. Controlled airspace is necessary to accommodate aircraft using the new RNAV (GPS) SIAP at Weiser Municipal Airport, Weiser, ID. This action would enhance the safety and management of aircraft operations at Weiser Municipal Airport, Weiser, ID.

Class E airspace designations are published in paragraph 6005 of FAA Order 7400.9R, signed August 15, 2007, and effective September 15, 2007, which is incorporated by reference in 14 CFR 71.1. The Class E airspace designation listed in this document will be published subsequently in this Order.

The FAA has determined that this proposed regulation only involves an established body of technical regulations for which frequent and routine amendments are necessary to keep them operationally current. Therefore, this proposed regulation: (1) Is not a "significant regulatory action" under Executive Order 12866; (2) is not a "significant rule" under DOT Regulatory Policies and Procedures (44 FR 11034; February 26, 1979); and (3) does not warrant preparation of a regulatory evaluation as the anticipated impact is so minimal. Since this is a routine matter that will only affect air traffic procedures and air navigation, it is certified that this proposed rule, when promulgated, would not have a significant economic impact on a substantial number of small entities

under the criteria of the Regulatory Flexibility Act.

The FAA's authority to issue rules regarding aviation safety is found in title 49 of the U.S. Code subtitle 1, section 106, describes the authority for the FAA Administrator. Subtitle VII, Aviation Programs, describes in more detail the scope of the agency's authority. This rulemaking is promulgated under the authority described in subtitle VII, part A, subpart I, section 40103.

Under that section, the FAA is charged with prescribing regulations to assign the use of the airspace necessary to ensure the safety of aircraft and the efficient use of airspace. This regulation is within the scope of that authority as it establishes additional controlled airspace at Weiser Municipal Airport, Weiser, ID.

The Proposed Amendment

Accordingly, pursuant to the authority delegated to me, the Federal Aviation Administration proposes to amend 14 CFR part 71 as follows:

PART 71—DESIGNATION OF CLASS A, B, C, D, AND E AIRSPACE AREAS; AIR TRAFFIC SERVICE ROUTES; AND REPORTING POINTS

1. The authority citation for 14 CFR part 71 continues to read as follows:

§ 71.1 [Amended]

2. The incorporation by reference in 14 CFR 71.1 of the FAA Order 7400.9R, Airspace Designations and Reporting Points, signed August 15, 2007, and effective September 15, 2007 is amended as follows:
