[Docket No. CP08-72-000]

Northern Border Pipeline Company; Notice of Availability of the Environmental Assessment for the Proposed Des Plaines Project

June 10, 2008.

The staff of the Federal Energy Regulatory Commission (FERC or Commission) has prepared an environmental assessment (EA) of the natural gas compressor station proposed by Northern Border Pipeline Company (Northern Border) in the above-referenced docket.

The EA was prepared to satisfy the requirements of the National Environmental Policy Act. The FERC staff concludes that approval of the proposed project, with appropriate mitigating measures, would not constitute a major federal action significantly affecting the quality of the human environment.

The EA assesses the potential environmental effects of the construction and operation of Northern Border's proposed Des Plaines Project, consisting of a new 1,600 horsepower compressor station, meter station, and interconnect facilities at a site along Northern Border's existing pipeline system in Will County, Illinois. The Des Plaines Project would enable Northern Border to receive natural gas from ANR Pipeline Company, for transport to a
