

individuals who had a claim paid in the last 3 years on a Title I loan.

ED will provide HUD with debtor files contained in its system of records (Higher Education Act, Title IV Program File, 18-11-05), originally published in the **Federal Register** at 64 FR 30163-66 (June 4, 1999) and subsequently amended at 64 FR 72407 (December 27, 1999). ED records from which the information is compiled are maintained in the Student Financial Assistance Collection system of records, 18-11-07, 64 FR 30166 (June 4, 1999), as amended, 64 FR 72407 (December 27, 1999). ED's routine use for this match is published as routine use number one in the notice for the Student Financial Assistance Files, which permits disclosures of the pertinent information to HUD. ED's data contain information on individuals who have defaulted on their guaranteed loans. ED will retain ownership and responsibility for their systems of records that they place with HUD. HUD serves only as a record location and routine use recipient for ED's data and maintains these records only as a ministerial action on behalf of ED, and not as part of HUD's systems of records.

Notice Procedures

HUD and ED have separate notification procedures. When the Federal credit being sought is a HUD/FHA mortgage, HUD will notify individuals at the time of application (ensuring that routine use appears on the application form). ED will notify individuals at the time of application for Federal student loan programs that their records will be matched to determine whether they are delinquent or in default on a Federal debt. HUD and ED will also publish notices concerning "routine use" disclosures in the **Federal Register** to inform individuals that a computer match may be performed to determine a loan applicant's credit status with the Federal government.

Categories of Records/Individuals Involved

The debtor records include these data elements: SSN, claim number, the Department of Education's Regional Office Code, Collection Agency Code, program code, and indication of indebtedness. Categories of records include: Records of claims and defaults, repayment agreements, credit reports, financial statements, and records of foreclosures. Categories of individuals include: former mortgagors and purchasers of HUD-owned properties, and home improvement loan debtors who are delinquent or in default (at least 90 days delinquent on their loans or who have had their partial claim

subordinate mortgage called due and payable and it has not been paid in full); or who have any outstanding claims paid during the last 3 years on a title II insured or guaranteed home mortgage loans; or individuals who has a claim paid in the last 3 years on a Title I loan. ED's data contain information on individuals who have defaulted on their guaranteed loans

Period of the Match

Matching will begin at least 40 days from the date copies of the signed (by both agencies DIBs) computer matching agreement are sent to both Houses of Congress and OMB or at least 30 days from the date this notice is published in the **Federal Register**, whichever is later, providing no comments are received which would result in a contrary determination.
