OFFICE OF PERSONNEL MANAGEMENT

Proposed Collection; Comment Request for a Revised Information Collection: Mail Reinterview Form (INV10)—Previously the Ofi 10, OMB No. 3206-0106

AGENCY: U.S. Office of Personnel Management.

ACTION: Notice.

SUMMARY: In accordance with the Paperwork Reduction Act of 1995 (Pub. L. 104-13, May 22, 1995), this notice announces that the U.S. Office of Personnel Management (OPM) intends to submit to the Office of Management and Budget (OMB) a request for clearance of a revised information collection. OPM sends the INV 10 questionnaire to a random sampling of record and personal sources contacted during background investigations when investigators have performed fieldwork. The INV 10 is used as a quality control instrument designed to ensure the accuracy and integrity of the investigative product, as it inquires of the sources about the investigative procedure employed by the investigator, the investigator's professionalism, and the information discussed and reported. In addition to the pre-formatted response options, OPM invites the recipients to respond with any other relevant comments or suggestions. A postage-paid envelope is provided with the INV 10.

Comments are particularly invited on:

- Whether this collection of information is necessary for the proper performance of functions of the Office of Personnel Management and its Center for Federal Investigative Services, which administers its background investigations;

- Whether our estimate of the public burden of this collection is accurate, and based on valid assumptions and methodology;

- Ways in which we can minimize the burden of the collection of information on those who are asked to

respond, through the use of the appropriate technological collection techniques or other forms of information technology; and,

- Whether the reinterview questionnaire addresses all of the questions relevant to ensure the accuracy and integrity of the investigative product.

It is estimated that 9,600 INV 10 forms are sent to individual sources annually. Of those, it is estimated that 5,600 individuals will respond. Each form takes approximately 6 minutes to complete. The estimated annual burden is 560 hours.

RAILROAD RETIREMENT BOARD

Proposed Collection; Comment Request

Summary: In accordance with the requirement of Section 3506(c)(2)(A) of the Paperwork Reduction Act of 1995 which provides opportunity for public comment on new or revised data collections, the Railroad Retirement Board (RRB) will publish periodic summaries of proposed data collections.

Comments are invited on: (a) Whether the proposed information collection is necessary for the proper performance of the functions of the agency, including whether the information has practical utility; (b) the accuracy of the RRB's estimate of the burden of the collection of the information; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d)

ways to minimize the burden related to the collection of information on respondents, including the use of automated collection techniques or other forms of information technology.

Title and purpose of information collection: Medicare; OMB 3220-0082.

Under Section 7(d) of the Railroad Retirement Act (RRA), the Railroad Retirement Board (RRB) administers the Medicare program for persons covered by the railroad retirement system. The RRB uses Form AA-6, Employee Application for Medicare; Form AA-7, Spouse/Divorced Spouse Application For Medicare; and Form AA-8, Widow/Widower Application for Medicare; to obtain the information needed to determine whether individuals who have not yet filed for benefits under the RRA are qualified for Medicare payments provided under Title XVIII of the Social Security Act.

Further, in order for the RRB to determine if a qualified railroad retirement beneficiary who is claiming supplementary medical insurance coverage under Medicare is entitled to a Special Enrollment Period (SEP) and/or premium surcharge relief because of coverage under an Employer Group Health Plan (EGHP), it needs to obtain information regarding the claimant's EGHP coverage, if any. The RRB uses Form RL-311-F, Evidence of Coverage Under An Employer Group Health Plan, to obtain the basic information needed by the RRB to establish EGHP coverage for a qualified railroad retirement beneficiary. Completion of the forms is required to obtain a benefit. One response is requested of each respondent.

The RRB proposes no changes to Forms AA-6, AA-7 and AA-8. The RRB proposes revision of Form RL-311-F to add a new item which asks if the employee is still working. This information is being added to clarify the employment status of the employee and is needed to determine the Special Enrollment Period. The RRB estimates that 180 Form AA-6's, 50 Form AA-7's, 10 Form AA-8's, and 800 RL-311-F's are completed annually. The completion time for Forms AA-6, AA-7 and AA-8 is estimated at 8 minutes. The completion time for Form RL-311-F is estimated at 10 minutes.

Additional Information or Comments: To request more information or to obtain a copy of the information collection justification, forms, and/or supporting material, please call the RRB Clearance Officer at (312) 751-3363 or send an e-mail request to Charles.Mierzwa@RRB.GOV. Comments regarding the information collection should be addressed to Ronald J.

Hodapp, Railroad Retirement Board, 844 North Rush Street, Chicago, Illinois 60611-2092 or send an e-mail to Ronald.Hodapp@RRB.GOV. Written comments should be received within 60 days of this notice.

Charles Mierzwa,
Clearance Officer.

⁵ The exact text of the DTC's proposed rule change can be found at www.dtc.org/impNtc/mor/index.html#2006.

I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

DTC proposes to amend its rules to update, standardize, and restate the requirements for the Fast Automated Securities Transfer Program ("FAST"), to delineate the responsibilities of DTC and the transfer agents with respect to the securities held by transfer agents as part of the FAST program, and to restate the requirements for transfer agents participating in the Direct Registration System ("DRS"). Specifically, in this fourth amendment to SR-DTC-2006-16, DTC proposes to amend FAST Agent No. 1 requirement and FAST Agent No. 9 requirement.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the DTC included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. DTC has prepared summaries, set forth in sections (A), (B), and (C) below, of the most significant aspects of these statements.⁶

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

Prior to the establishment of the FAST program, transfers of securities to or from DTC occurred by sending securities back and forth between DTC and transfer agents. In the case of securities being deposited with DTC, DTC sent the certificates to the transfer agent for registration into the name of DTC's nominee, Cede & Co., and the transfer agent returned the reregistered certificates to DTC. In the case of securities being withdrawn from DTC, DTC sent the certificates registered in the name of Cede & Co. to the transfer agent for reregistration into the name designated by the withdrawing DTC participant, and the transfer agent returned the reregistered security to DTC for delivery to the withdrawing participant. This process exposed securities to risk of loss during transit between DTC and transfer agents and resulted in the expense of making physical deliveries of securities.

Under the FAST program, transfer agents hold FAST-eligible securities registered in the name of Cede & Co. in

the form of balance certificates. As additional securities are deposited or withdrawn from DTC, transfer agents adjust the denomination of the balance certificates as appropriate and electronically confirm these changes with DTC. Such "FAST agents" are holding in custody those securities that would otherwise be held at DTC for the benefit of DTC's participants. As such, the FAST program reduces the movement of certificates between DTC and the transfer agents and therefore reduces the costs and risks associated with the creation, movement, and storing of certificates to DTC, DTC participants, issuers, and transfer agents.⁷

The FAST program has grown substantially since first being introduced in 1975.⁸ Recent changes in the rules of the major securities exchanges are expected to further accelerate this growth.⁹ Those exchange rules require as a listing prerequisite that issues be eligible for processing through DRS. Since becoming a FAST agent is a criterion for a transfer agent's eligibility for participation in DRS, DTC anticipates significant growth in the FAST program.

DRS allows an investor to hold a security as the registered owner in electronic form on the books of the transfer agent rather than holding through the use of a certificate or holding indirectly through a financial intermediary (e.g., a broker-dealer) that holds the security in "street name." DRS also allows for the transfer of a DRS position from the books of the transfer agent to a DTC broker-dealer participant through the facilities of DTC using FAST.¹⁰

⁷ For a description of DTC's current rules relating to FAST, see Securities Exchange Act Release Nos. 13342 (March 8, 1977) [File No. SR-DTC-76-3]; 14997 (July 26, 1978) [File No. SR-DTC-78-11]; 21401 (October 16, 1984) [File No. SR-DTC-84-8]; 31941 (March 3, 1993) [SR-DTC-92-15]; and 46956 (December 6, 2002) [File No. SR-DTC-2002-15].

⁸ DTC introduced the FAST program in 1975 with 400 issues and 10 agents. Currently, there are over 930,000 issues and approximately 90 agents in FAST.
