Notice of Extension of Expiring Information Collection: IMLS Library Workforce Study

AGENCY: Institute of Museum and Library Services, National Foundation for the Arts and Humanities.

ACTION: Notice.

SUMMARY: The Institute of Museum and Library Service (IMLS) as part of its continuing effort to reduce paperwork and respondent burden, conducts a pre-clearance consultation program to provide the general public and federal agencies with an opportunity to comment on proposed and/or continuing collections of information in accordance with the Paperwork Reduction Act of 1995 (PRA95) [44 U.S.C. 3506(c)(2)(A)]. This program helps to ensure that requested data can be provided in the desired format, reporting burden (time and financial resources) is minimized, collection instruments are clearly understood, and the impact of collection requirements on respondents can be properly assessed. Currently the Institute of Museum and Library Services is soliciting comments concerning a study to promote improved workforce planning including strategies for recruitment and retention of workers in the LIS field. In particular, the study aims to collect current and projected employment in terms of numbers of positions (filled and vacant), functional specialization, educational requirements, skill/competency requirements, salaries and benefits, demographics, annual budget/expenditures, constituency or market size. Information to be collected from LIS professionals includes current employment, career path and career progression, professional association/union membership and demographics.

DATES: Written comments must be submitted to the office listed in the
