

and on one sidewall with the information specified in S5.5(e) through (h) according to the phase-in schedule specified in S7 of this standard. The markings must be placed between the maximum section width and the bead on at least one sidewall, unless the maximum section width of the tire is located in an area that is not more than one-fourth of the distance from the bead to the shoulder of the tire. If the maximum section width falls within that area, those markings must appear between the bead and a point one-half the distance from the bead to the shoulder of the tire, on at least one sidewall. The markings must be in letters and numerals not less than 0.078 inches high and raised above or sunk below the tire surface not less than 0.015 inch.

(a) The symbol DOT, which constitutes a certification that the tire conforms to applicable Federal motor vehicle safety standards;

(b) The tire size designation as listed in the documents and publications specified in S4.1.1 of this standard;

(c) The maximum permissible inflation pressure, subject to the limitations of S5.5.4 through S5.5.6 of this standard;

(d) The maximum load rating;

(e) The generic name of each cord material used in the plies (both sidewall and tread area) of the tire;

(f) The actual number of plies in the sidewall, and the actual number of plies in the tread area, if different;

(g) The term "tubeless" or "tube type," as applicable; and

(h) The word "radial," if the tire is a radial ply tire.

Goodyear explains that the noncompliance is that the sidewall marking incorrectly identifies the number of plies in the tread of the tire. Specifically, the tires in question were inadvertently manufactured with "Tread 3 Polyester + 2 Steel" marked on the sidewall. The labeling should have been "Tread 2 Polyester + 2 Steel + 2 Polyester".

Goodyear states that it discovered the mold labeling error that caused the non-compliance during a routine quality audit.

Goodyear makes the argument that the subject tires were manufactured with the correct number of plies in the tread and only the sidewall marking is incorrect.

Goodyear also contends that all of the markings related to tire service (load capacity, corresponding inflation pressure, etc.) are correct and that the mislabeling of these tires is inconsequential to motor vehicle safety because the tires meet or exceed all applicable Federal Motor Vehicle Safety performance standards.

Goodyear also points out that NHTSA has previously granted petitions for sidewall marking noncompliances that it believes are similar to the instant noncompliance.

Goodyear also stated that it will correct the problem that caused these errors so that they will not be repeated in future production.

NHTSA notes that the statutory provisions (49 U.S.C. 30118(d) and 30120(h)) that permit manufacturers to file petitions for a determination of inconsequentiality allow NHTSA to exempt manufacturers only from the duties found in sections 30118 and 30120, respectively, to notify owners, purchasers, and dealers of a defect or noncompliance and to remedy the defect or noncompliance. Therefore, these provisions only apply to vehicles and equipment that have already passed from the manufacturer to an owner, purchaser, or dealer.

Interested persons are invited to submit written data, views, and arguments on this petition. Comments must refer to the docket and notice number cited at the beginning of this notice and be submitted by any of the following methods:

a. *By mail addressed to:* U.S. Department of Transportation, Docket Operations, M-30, West Building Ground Floor, Room W12-140, 1200 New Jersey Avenue, SE., Washington, DC 20590.

b. *By hand delivery to:* U.S. Department of Transportation, Docket Operations, M-30, West Building Ground Floor, Room W12-140, 1200 New Jersey Avenue, SE., Washington, DC 20590. The Docket Section is open on weekdays from 10 am to 5 pm except Federal Holidays.

c. *Electronically:* By logging onto the Federal Docket Management System (FDMS) Web site at <http://www.regulations.gov/>. Follow the online instructions for submitting comments. Comments may also be faxed to 1-202-493-2251.

Comments must be written in the English language, and be no greater than 15 pages in length, although there is no limit to the length of necessary attachments to the comments. If comments are submitted in hard copy form, please ensure that two copies are provided. If you wish to receive confirmation that your comments were received, please enclose a stamped, self-addressed postcard with the comments. Note that all comments received will be posted without change to [http://www.regulations.gov](http://www.regulations.gov/), including any personal information provided.

Anyone is able to search the electronic form of all comments received into any of our dockets by the name of the individual submitting the comment (or signing the comment, if submitted on behalf of an association, business, labor union, etc.). DOT's

complete Privacy Act Statement in the **Federal Register** published on April 11, 2000 (65 FR 19477-78).

You may view documents submitted to a docket at the address and times given above. You may also view the documents on the Internet at <http://www.regulations.gov> by following the online instructions for accessing the dockets available at that Web site.

The petition, supporting materials, and all comments received before the close of business on the closing date indicated below will be filed and will be considered. All comments and supporting materials received after the closing date will also be filed and will be considered to the extent possible. When the petition is granted or denied, notice of the decision will be published in the **Federal Register** pursuant to the authority indicated below.

*Comment closing date:* July 28, 2008.

**Authority:** (49 U.S.C. 30118, 30120; delegations of authority at CFR 1.50 and 501.8)

Issued on: June 20, 2008.

### National Highway Traffic Safety Administration

[Docket No. NHTSA-2008-0120]

#### Notice of Receipt of Petition for Decision That Nonconforming 2004 Land Rover Range Rover Multipurpose Passenger Vehicles Are Eligible for Importation

**AGENCY:** National Highway Traffic Safety Administration, DOT.

**ACTION:** Notice of receipt of petition for decision that nonconforming 2004 Land Rover Range Rover multipurpose passenger vehicles are eligible for importation.

**SUMMARY:** This document announces receipt by the National Highway Traffic Safety Administration (NHTSA) of a petition for a decision that 2004 Land Rover Range Rover multipurpose passenger vehicles that were not originally manufactured to comply with all applicable Federal motor vehicle safety standards (FMVSS) are eligible for importation into the United States because (1) they are substantially similar to vehicles that were originally manufactured for sale in the United States and that were certified by their

manufacturer as complying with the safety standards, and (2) they are capable of being readily altered to conform to the standards.

**DATE:** The closing date for comments on the petition is July 28, 2008.

**ADDRESSES:** Comments should refer to the docket and notice numbers above and be submitted by any of the following methods:

- *Federal eRulemaking Portal:* Go to <http://www.regulations.gov>. Follow the online instructions for submitting comments.

- *Mail:* Docket Management Facility: U.S. Department of Transportation, 1200 New Jersey Avenue, SE., West Building Ground Floor, Room W12-140, Washington, DC 20590-0001.

- *Hand Delivery or Courier:* West Building Ground Floor, Room W12-140, 1200 New Jersey Avenue, SE., between 9 a.m. and 5 p.m. ET, Monday through Friday, except Federal holidays.

- *Fax:* 202-493-2251.

*Instructions:* Comments must be written in the English language, and be no greater than 15 pages in length, although there is no limit to the length of necessary attachments to the comments. If comments are submitted in hard copy form, please ensure that two copies are provided. If you wish to receive confirmation that your comments were received, please enclose a stamped, self-addressed postcard with the comments. Note that all comments received will be posted without change to <http://www.regulations.gov>, including any personal information provided. Please see the Privacy Act heading below.

*Privacy Act:* Anyone is able to search the electronic form of all comments received into any of our dockets by the name of the individual submitting the comment (or signing the comment, if submitted on behalf of an association, business, labor union, etc.). You may review DOT's complete Privacy Act Statement in the **Federal Register** published on April 11, 2000 (65 FR 19477-78).

*How To Read Comments Submitted to the Docket:* You may read the comments received by Docket Management at the address and times given above. You may also view the documents from the Internet at <http://www.regulations.gov>. Follow the online instructions for accessing the dockets. The docket ID number and title of this notice are shown at the heading of this document notice. Please note that even after the comment closing date, we will continue to file relevant information in the Docket as it becomes available. Further, some people may submit late comments.

Accordingly, we recommend that you periodically search the Docket for new material.

**FOR FURTHER INFORMATION CONTACT:** Coleman Sachs, Office of Vehicle Safety Compliance, NHTSA (202-366-3151).

**SUPPLEMENTARY INFORMATION:**

**Background**

Under 49 U.S.C. 30141(a)(1)(A), a motor vehicle that was not originally manufactured to conform to all applicable FMVSS shall be refused admission into the United States unless NHTSA has decided that the motor vehicle is substantially similar to a motor vehicle originally manufactured for sale in the United States, certified under 49 U.S.C. 30115, and of the same model year as the model of the motor vehicle to be compared, and is capable of being readily altered to conform to all applicable FMVSS.

Petitions for eligibility decisions may be submitted by either manufacturers or importers who have registered with NHTSA pursuant to 49 CFR part 592. As specified in 49 CFR 593.7, NHTSA publishes notice in the **Federal Register** of each petition that it receives, and affords interested persons an opportunity to comment on the petition. At the close of the comment period, NHTSA decides, on the basis of the petition and any comments that it has received, whether the vehicle is eligible for importation. The agency then publishes this decision in the **Federal Register**.

Wallace Environmental Testing Laboratories, Inc. of Houston, Texas (WETL) (Registered Importer 90-005) has petitioned NHTSA to decide whether nonconforming 2004 Land Rover Range Rover multipurpose passenger vehicles are eligible for importation into the United States. The vehicles which WETL believes are substantially similar are 2004 Land Rover Range Rover multipurpose passenger vehicles that were manufactured for sale in the United States and certified by their manufacturer as conforming to all applicable FMVSS.

The petitioner claims that it carefully compared non-U.S. certified 2004 Land Rover Range Rover multipurpose passenger vehicles to their U.S.-certified counterparts, and found the vehicles to be substantially similar with respect to compliance with most FMVSS.

WETL submitted information with its petition intended to demonstrate that non-U.S. certified 2004 Land Rover Range Rover multipurpose passenger vehicles, as originally manufactured, conform to many FMVSS in the same

manner as their U.S. certified counterparts, or are capable of being readily altered to conform to those standards.

Specifically, the petitioner claims that non-U.S. certified 2004 Land Rover Range Rover multipurpose passenger vehicles are identical to their U.S.-certified counterparts with respect to compliance with Standard Nos. 102 *Transmission Shift Lever Sequence, Starter Interlock, and Transmission Braking Effect*, 103 *Windshield Defrosting and Defogging Systems*, 104 *Windshield Wiping and Washing Systems*, 106 *Brake Hoses*, 113 *Hood Latch System*, 114 *Theft Protection*, 116 *Motor Vehicle Brake Fluids*, 118 *Power-Operated Window, Partition, and Roof Panel Systems*, 119 *New Pneumatic Tires for Vehicles Other than Passenger Cars*, 124 *Accelerator Control Systems*, 135 *Light Vehicle Brake Systems*, 201 *Occupant Protection in Interior Impact*, 202 *Head Restraints*, 204 *Steering Control Rearward Displacement*, 205 *Glazing Materials*, 206 *Door Locks and Door Retention Components*, 207 *Seating Systems*, 208 *Occupant Crash Protection*, 209 *Seat Belt Assemblies*, 210 *Seat Belt Assembly Anchorages*, 212 *Windshield Mounting*, 214 *Side Impact Protection*, 216 *Roof Crush Resistance*, 219 *Windshield Zone Intrusion*, 225 *Child Restraint Anchorage Systems*, and 302 *Flammability of Interior Materials*.

Petitioner also contends that the vehicle is capable of being readily altered to meet the following standards, in the manner indicated:

Standard No. 101 *Controls and Displays:* (a) Inscription of the word "brake" on the instrument cluster in place of the international ECE warning symbol, and (b) replacement or conversion of the speedometer to read in miles per hour.

Standard No. 108 *Lamps, Reflective Devices and Associated Equipment:* Installation of U.S.-model headlamps, and rear mounted side marker lamps.

Standard No. 111 *Rearview Mirrors:* Installation of a U.S.-model passenger side rearview mirror, or inscription of the required warning statement on the face of that mirror.

Standard No. 120 *Tire Selection and Rims for Motor Vehicles Other than Passenger Cars:* Installation of a tire information placard.

Standard No. 301 *Fuel System Integrity:* Installation of U.S.-model fuel system rollover valve and associated mounting hardware.

The petitioner additionally states that a vehicle identification plate must be affixed to the vehicles near the left windshield post to meet the requirements of 49 CFR part 565.

All comments received before the close of business on the closing date indicated above will be considered, and will be available for examination in the docket at the above addresses both before and after that date. To the extent possible, comments filed after the closing date will also be considered. Notice of final action on the petition will be published in the **Federal Register** pursuant to the authority indicated below.

**Authority:** 49 U.S.C. 30141(a)(1)(A) and (b)(1); 49 CFR 593.8; delegations of authority at 49 CFR 1.50 and 501.8.

Issued on: June 20, 2008.

## DEPARTMENT OF TRANSPORTATION

### National Highway Traffic Safety Administration

[Docket No. NHTSA-2008-0117]

#### Notice of Receipt of Petition for Decision That Nonconforming 2006 Lamborghini Gallardo Roadster Passenger Cars Manufactured Between January 1, 2006 and August 31, 2006 Are Eligible for Importation

**AGENCY:** National Highway Traffic Safety Administration, DOT.

**ACTION:** Notice of receipt of petition for decision that nonconforming 2006 Lamborghini Gallardo roadster passenger cars manufactured between January 1, 2006 and August 31, 2006 are eligible for importation.

**SUMMARY:** This document announces receipt by the National Highway Traffic Safety Administration (NHTSA) of a petition for a decision that 2006 Lamborghini Gallardo roadster passenger cars manufactured between January 1, 2006 and August 31, 2006 that were not originally manufactured to comply with all applicable Federal motor vehicle safety standards (FMVSS) are eligible for importation into the United States because (1) they are substantially similar to vehicles that were originally manufactured for sale in the United States and that were certified by their manufacturer as complying with the safety standards (the U.S.-certified version of the 2006 Lamborghini Gallardo roadster passenger cars manufactured between January 1, 2006 and August 31, 2006,) and (2) they are capable of being readily altered to conform to the standards.

**DATES:** The closing date for comments on the petition is July 28, 2008.

**ADDRESSES:** Comments should refer to the docket and notice numbers above and be submitted by any of the following methods:

- *Federal eRulemaking Portal:* Go to <http://www.regulations.gov>. Follow the online instructions for submitting comments.

- *Mail:* Docket Management Facility: U.S. Department of Transportation, 1200 New Jersey Avenue, SE., West Building Ground Floor, Room W12-140, Washington, DC 20590-0001

- *Hand Delivery or Courier:* West Building Ground Floor, Room W12-140, 1200 New Jersey Avenue, SE., between 9 a.m. and 5 p.m. ET, Monday through Friday, except Federal holidays.

- *Fax:* 202-493-2251.

**Instructions:** Comments must be written in the English language, and be no greater than 15 pages in length, although there is no limit to the length of necessary attachments to the comments. If comments are submitted in hard copy form, please ensure that two copies are provided. If you wish to receive confirmation that your comments were received, please enclose a stamped, self-addressed postcard with the comments. Note that all comments received will be posted without change to <http://www.regulations.gov>, including any personal information provided. Please see the Privacy Act heading below.

**Privacy Act:** Anyone is able to search the electronic form of all comments received into any of our dockets by the name of the individual submitting the comment (or signing the comment, if submitted on behalf of an association, business, labor union, etc.). You may review DOT's complete Privacy Act Statement in the **Federal Register** published on April 11, 2000 (65 FR 19477-78) or you may visit <http://DocketInfo.dot.gov>.

**How To Read Comments Submitted to the Docket:** You may read the comments received by Docket Management at the address and times given above. You may also see the comments on the Internet. To read the comments on the Internet, take the following steps:

- (1) Go to the Federal Docket Management System (FDMS) Web page <http://www.regulations.gov>.

- (2) On that page, click on "Advanced Docket Search."

- (3) On the next page select "NATIONAL HIGHWAY TRAFFIC SAFETY ADMINISTRATION" from the drop-down menu in the Agency field and enter the Docket ID number shown at the heading of this document.

(4) After entering that information, click on "submit."

(5) The next page contains docket summary information for the docket you selected. Click on the comments you wish to see. You may download the comments. Please note that even after the comment closing date, we will continue to file relevant information in the Docket as it becomes available. Further, some people may submit late comments. Accordingly, we recommend that you periodically search the Docket for new material.

**FOR FURTHER INFORMATION CONTACT:** Coleman Sachs, Office of Vehicle Safety Compliance, NHTSA (202-366-3151).

#### SUPPLEMENTARY INFORMATION:

##### Background

Under 49 U.S.C. 30141(a)(1)(A), a motor vehicle that was not originally manufactured to conform to all applicable FMVSS shall be refused admission into the United States unless NHTSA has decided that the motor vehicle is substantially similar to a motor vehicle originally manufactured for importation into and sale in the United States, certified under 49 U.S.C. § 30115, and of the same model year as the model of the motor vehicle to be compared, and is capable of being readily altered to conform to all applicable FMVSS.

Petitions for eligibility decisions may be submitted by either manufacturers or importers who have registered with NHTSA pursuant to 49 CFR part 592. As specified in 49 CFR 593.7, NHTSA publishes notice in the **Federal Register** of each petition that it receives, and affords interested persons an opportunity to comment on the petition. At the close of the comment period, NHTSA decides, on the basis of the petition and any comments that it has received, whether the vehicle is eligible for importation. The agency then publishes this decision in the **Federal Register**.

Automobile Concepts, Inc. ("AMC"), of North Miami, Florida (Registered Importer 01-278) has petitioned NHTSA to decide whether nonconforming 2006 Lamborghini Gallardo roadster passenger cars manufactured between January 1, 2006 and August 31, 2006 are eligible for importation into the United States. The vehicles which AMC believes are substantially similar are 2006 Lamborghini Gallardo roadster passenger cars manufactured between January 1, 2006 and August 31, 2006 that were manufactured for sale in the United States and certified by their manufacturer as conforming to all applicable FMVSS.
