Animal and Plant Health Inspection Service

Title: Domestic Quarantines.

OMB Control Number: 0579-0088.

Summary of Collection: Under the Plant Protection Act (7 U.S.C. 7701-7772) the Secretary of Agriculture is authorized to prohibit or restrict the importation, entry, or movement of plants and plant pests to prevent the introduction of plant pests into the United States or their dissemination within the United States. Plant Protection and Quarantine, a program within USDA's Animal and Plant Health Inspection Service (APHIS), is responsible for implementing this Act and does so through the enforcement of its domestic quarantine regulations contained in Title 7 of the Code of Federal Regulations, CFR Part 301. Administering these regulations often requires APHIS to collect information from a variety of individuals who are involved in growing, packing, handling, transporting, plants and plant products. The information collected from these individuals is vital to helping ensure that injurious plant diseases and insect pests do not spread within the United States. Information to be collected is necessary to determine compliance with domestic quarantines. Federal/State domestic quarantines are necessary to regulate the movement of articles from infested areas to noninfested area. Collecting information requires the use of a number of forms and documents. APHIS will collect information using various forms and documents.

Need and Use of the Information: APHIS will collect information by interviewing growers and shippers at the time the inspections are being conducted and by having growers and shippers of exported plants and plant products complete an application for a transit permit. Information is collected from the growers, packers, shippers, and exporters of regulated articles to ensure that the articles, when moved from a quarantined area, do not harbor injurious plant diseases and insect pests. The information obtained will be used to determine compliance with regulations and for issuance of forms, permits, certificates, and other required documents.
