DEPARTMENT OF JUSTICE**Notice of Lodging of Second Amendment to Consent Decree Under the Clean Air Act**

Under 28 CFR 50.7, notice is hereby given that on June 24, 2008, a Second Amendment to the Consent Decree entered in the case of *United States, et al. v. ConocoPhillips Company*, Civil Action No. H-05-0258, was lodged with the United States District Court for the Southern District of Texas.

Under the original Consent Decree, the ConocoPhillips Company ("COPC") agreed to implement innovative pollution control technologies to reduce emissions of nitrogen oxides, sulfur dioxide, and particulate matter from refinery process units at nine refineries owned and operated by COPC. COPC also agreed to adopt facility-wide enhanced benzene waste monitoring and fugitive emission control programs. Subsequently, under a First Amendment that was entered in May of 2007, COPC agreed, *inter alia*, to install additional pollution control technology in consideration for deadline extensions.

COPC still is obligated to comply with the Consent Decree as amended. However, under the Second Amendment, COPC will: (i) Add new controls to its sewer system and a wastewater lift station at its refinery in Ferndale, Washington, to ensure compliance with the Benzene Waste

Operations NESHAP ("BWON"); (ii) install controls on the guidepoles of five tanks at its refinery in Linden, New Jersey, in exchange for a deadline extension there; and (iii) install a wet gas scrubber instead of an electrostatic precipitator as the control device for a major process unit at its refinery in Sweeny, Texas. Additional minor modifications also are included in the Second Amendment. COPC will pay a civil penalty of \$60,000 and perform two Supplemental Environmental Projects valued at \$100,000 each near its Ferndale refinery in exchange for a liability release for alleged BWON violations there. COPC also will pay a stipulated penalty of \$80,500 for a flaring incident at its refinery in Trainer, Pennsylvania.

In the Second Amendment, the United States is joined by the State of Illinois, the State of Louisiana, the State of New Jersey, the Commonwealth of Pennsylvania, and the Northwest Clean Air Agency in the State of Washington.

The Department of Justice will receive for a period of thirty (30) days from the date of this publication comments relating to the Second Amendment.
