

clearance and settlement of such transactions, and, in general, to protect investors and the public interest. They accomplish this purpose by applying substantially the same rules and procedures to these transactions as OCC applies to similar transactions in other cash-settled options except to the extent that special rules and procedures are required in order to accommodate unique features of range options. The proposed rule change is not inconsistent with the existing rules of OCC, including any rules proposed to be amended.

(B) Self-Regulatory Organization's Statement on Burden on Competition

OCC does not believe that the proposed rule change would impose any burden on competition.

(C) Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

Written comments were not and are not intended to be solicited with respect to the proposed rule change, and none have been received.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

Section 17A(b)(3)(F) of the Act requires, among other things, that the rules of a clearing agency be designed to promote the prompt and accurate clearance and settlement of securities transactions.⁶ The purpose of the proposed rule change is to amend OCC's By-Laws and Rules so that OCC may clear and settle range options. Accordingly, the proposed rule change should result in the prompt and accurate clearance and settlement of securities transactions, specifically transactions in range options.

OCC has requested that the Commission approve the proposed rule prior to the thirtieth day after publication of the notice of filing. The Commission finds good cause for approving the proposed rule change prior to the thirtieth day after publication of notice because such approval will allow CBOE to commence trading of range options without any unnecessary delay.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Exchange included statements concerning the purpose of, and basis for, the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in Sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

CBSX is CBOE's stock trading facility. One of the aims of CBSX is to provide an effective and efficient platform for CBOE members to execute stock trades. This includes the hedging activity of CBOE option Market-Makers. Many CBOE option Market-Makers generate stock orders using systems from third-party technology providers that integrate options pricing and position management functions with functionality that generates stock orders for hedging purposes. The practice has typically been for these Market-Maker hedging orders to be routed to a stock broker for further routing to an exchange, including CBSX, or other venue for execution. To better facilitate the ability of CBOE Market-Makers to access CBSX, CBOE and CBSX are now making available to CBOE Market-Makers a direct connection between CBSX and the most prevalent of the market-making systems in use on CBOE that will enable the Market-Makers using that system to transmit stock orders directly to CBSX in their capacity as CBSX members.⁵ Similar to member connectivity fees charged by CBOE, CBSX is establishing a connectivity charge for members that desire to utilize this connection (and any similar connection that CBOE/CBSX may make available in the future) to directly route orders to CBSX. CBSX intends to charge \$50 per calendar quarter; however, to promote usage, the fee will be waived through the first quarter of 2009.

⁵ Since CBSX is a facility of CBOE, CBOE members are eligible to trade on CBSX as "members."

2. Statutory Basis

The proposed rule change is consistent with the requirements of Section 6(b) of the Act,⁶ in general, and Section 6(b)(4) of the Act,⁷ in particular, in that it is designed to provide for the equitable allocation of reasonable dues, fees, and other charges among CBOE members and other persons using its facilities.

B. Self-Regulatory Organization's Statement on Burden on Competition

CBOE does not believe that the proposed rule change will impose any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants or Others

No written comments were solicited or received with respect to the proposed rule change.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

The foregoing proposed rule change is effective upon filing pursuant to Section 19(b)(3)(A)(ii) of the Act⁸ and Rule 19b-4(f)(2) thereunder,⁹ because it establishes or changes a due, fee, or other charge applicable only to a member imposed by the Exchange. At any time within 60 days of the filing of the proposed rule change, the Commission may summarily abrogate such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act.
