

capability surprise and the measures to ensure that DoD and its interested partners are best positioned to prevent, or mitigate, capability surprise against itself. The Board will also discuss plans for future consideration of scientific and technical aspects of specific strategies, tactics, and policies as they may affect the U.S. national defense posture and homeland security.

In accordance with section 10(d) of the Federal Advisory Committee Act, Public Law No. 92-463, as amended (5 U.S.C. App. 2) and 41 CFR 102-3.155, the Department of Defense has determined that these Defense Science Board Quarterly meetings will be closed to the public. Specifically, the Under Secretary of Defense (Acquisition, Technology and Logistics), with the coordination of the DoD Office of General Counsel, has determined in writing that all sessions of these meetings will be closed to the public because they will be concerned throughout with matters listed in 5 U.S.C. 552b(c)(1).

Interested persons may submit a written statement for consideration by the Defense Science Board. Individuals submitting a written statement must submit their statement to the Designated Federal Official at the address detailed above, at any point, however, if a written statement is not received at least 10 calendar days prior to the meeting, which is the subject of this notice, then it may not be provided to or considered by the Defense Science Board. The Designated Federal Official will review all timely submissions with the Defense Science Board Chairperson, and ensure they are provided to members of the Defense Science Board before the meeting that is the subject of this notice.

Department of the Navy

Notice of Availability of Finding

AGENCY: Department of the Navy, DoD.

ACTION: Notice.

SUMMARY: Pursuant to Section 102(2)(C) of the National Environmental Policy Act (NEPA) of 1969 and the Council on Environmental Quality regulations (40 CFR parts 1500-1508), implementing procedural provisions of NEPA, and Executive Order (EO) 12114, Environmental Effects Abroad of Major Federal Actions, the Department of the Navy (DON) gives notice that a combined Finding of No Significant Impact (FONSI)/Finding of No Significant Harm (FONSH) has been issued and is available for Expeditionary Strike Group Composite Training Unit Exercise (ESG COMPTUEX) July 2008.

DATES: The effective date of the finding is June 24, 2008.

ADDRESSES: Electronic copies of the combined FONSI/FONSH are available for public viewing or downloading at <http://www.navydocuments.com>.

FOR FURTHER INFORMATION CONTACT: Commander, Second Fleet Public Affairs, Commander Phillips, telephone: 757-443-9822 or visit <http://www.navydocuments.com>.

SUPPLEMENTARY INFORMATION: ESG COMPTUEX (July 2008) is a major Navy Atlantic Fleet training exercise proposed to occur in July 2008 in the offshore Cherry Point, Charleston, and Jacksonville Operating Areas (OPAREAs) and adjacent military installations. The purpose of this exercise is to certify naval forces as combat-ready. Activities conducted during the exercise include air-to-ground bombing, shore fire control party training, amphibious landings, non-explosive naval gunfire, fast attack craft/fast inshore attack craft, maritime interdiction operations and anti-submarine warfare, including use of mid-frequency active sonar.

The FONSI is based on analysis contained in a Comprehensive Environmental Assessment (EA)

addressing environmental impacts associated with land-based training for Major Atlantic Fleet Training Exercises on the East and Gulf Coasts of the U.S. (February 2006) and the EA for Routine Shore Fire Control Party (SFCP) Training, Marine Corps Base Camp Lejeune (July 2002). The FONSH is based on analysis contained in a Comprehensive Overseas Environmental Assessment (OEA) (February 2006) and a Supplement to the Comprehensive OEA (SOEA) for environmental impacts associated with Navy's conduct of major exercise training in offshore operating areas along the East and Gulf Coasts of the U.S. (April 2008).

Environmental concerns addressed in the EA included land use, community facilities, coastal zone management, socioeconomic, cultural resources, airspace, air quality, noise, geology, soils, water resources, biological resources, munitions and hazardous materials management, and safety.

The EA and OEA addressed potential impacts to the ocean physical environment, fish and Essential Fish Habitat; sea turtles and marine mammals; seabirds and migratory birds; endangered and threatened species; socioeconomic; and cultural resources. The SOEA included an updated analysis of MFA sonar use.

This action includes mitigation measures to reduce impacts to a level that is less than significant. In accordance with the Major Atlantic Fleet Training Exercise EA and OEA and the SOEA and the evaluation of the nature, scope and intensity of the proposed action, the Navy finds that the conduct of the ESG COMPTUEX in July 2008 will not significantly impact or harm the environment and, therefore, an Environmental Impact Statement or Overseas Environmental Impact Statement is not required.

DEPARTMENT OF EDUCATION

Notice of Proposed Information Collection Requests

AGENCY: Department of Education.

SUMMARY: The IC Clearance Official, Regulatory Information Management Services, Office of Management, invites comments on the proposed information collection requests as required by the Paperwork Reduction Act of 1995.

DATES: Interested persons are invited to submit comments on or before August 29, 2008.

SUPPLEMENTARY INFORMATION: Section 3506 of the Paperwork Reduction Act of 1995 (44 U.S.C. Chapter 35) requires that the Office of Management and Budget (OMB) provide interested Federal agencies and the public an early opportunity to comment on information collection requests. OMB may amend or waive the requirement for public consultation to the extent that public participation in the approval process would defeat the purpose of the information collection, violate State or

Federal law, or substantially interfere with any agency's ability to perform its statutory obligations. The IC Clearance Official, Regulatory Information Management Services, Office of Management, publishes that notice containing proposed information collection requests prior to submission of these requests to OMB. Each proposed information collection, grouped by office, contains the following: (1) Type of review requested, e.g., new, revision, extension, existing or reinstatement; (2) Title; (3) Summary of the collection; (4) Description of the need for, and proposed use of, the information; (5) Respondents and frequency of collection; and (6) Reporting and/or Recordkeeping burden. OMB invites public comment.

The Department of Education is especially interested in public comment addressing the following issues: (1) Is this collection necessary to the proper functions of the Department; (2) will this information be processed and used in a timely manner; (3) is the estimate of burden accurate; (4) how might the Department enhance the quality, utility, and clarity of the information to be collected; and (5) how might the Department minimize the burden of this collection on the respondents, including through the use of information technology.

Dated: June 24, 2008.
