

U.S.C. 225(a)). Individual respondent data are confidential under section (b)(4) of the Freedom of Information Act (5 U.S.C. 552).

Abstract: The monthly FR 2248 report collects balance sheet data on major categories of consumer and business credit receivables, major short-term liabilities, and securitized assets. For quarter-end months (March, June, September, and December), additional asset and liability items are collected to provide a full balance sheet. If the need arises, a special addendum may be used, no more than semi-annually, for timely information on questions of immediate concern to the Federal Reserve.

Current actions: The Federal Reserve proposes to split current data item 6, All other assets and accounts and notes receivable, into three separate data items: Cash and cash equivalents (proposed data item 6.A), Securities held (proposed data item 6.B), and All other assets (proposed data item 6.C). These three new data items would result in improved cash and cash equivalents data. In addition, the Federal Reserve proposes to reduce the current authorized panel size from 80 finance companies to 70. These changes would be effective October 31, 2008.

Board of Governors of the Federal Reserve System, June 26, 2008.

Jennifer J. Johnson,
Secretary of the Board.
