SUPPLEMENTARY INFORMATION:

I. Abstract

Regulations at 50 CFR part 300, Subpart J, govern U.S. fishing in the economic zone of the Russian Federation. Russian authorities may permit U.S. fishermen to fish for allocations of surplus stocks in the Russian Economic Zone. The permit application information is sent to the National Marine Fisheries Service (NMFS) for transmission to Russia. If Russian authorities issue a permit, the vessel owner or operator must submit a permit abstract report to NMFS, and also report 24 hours before leaving the U.S. Exclusive Economic Zone (EEZ) for the Russian Economic Zone and 24 hours before re-entering the EEZ after being in the Russian Economic Zone.

The permit application information is used by Russian authorities to determine whether to issue a permit. NMFS uses the other information to help ensure compliance with Russian and U.S. fishery management regulations.

II. Method of Collection

Forms are used for applications. Submission of copies of permits, vessel abstract reports, and departure and return messages are provided by fax.

SUPPLEMENTARY INFORMATION:

I. Abstract

The National Marine Fisheries Service (NMFS) Alaska Region Groundfish Observer Program (Observer Program) collects and disseminates catch, bycatch, and biological data necessary to support in-season monitoring and stock assessment of fisheries in the Exclusive Economic Zone off the coast of Alaska. Owners of vessels, shoreside processors, and stationary floating processors are required to carry observers and must arrange for observer services from an observer provider. Although the vessel and plant owners pay for the cost of the observers, the costs associated with managing the program are paid by NMFS. A list of observer providers is available from the Observer Program's home page at http://www.afsc.noaa.gov/refm/observers/observer_providers.htm. The main focus of this information collection continues to be the documentation required by NMFS from an observer provider. Observer providers are permitted by NMFS to hire and deploy qualified individuals as observers in the Alaska Region groundfish fisheries. Observer candidates are required to meet specified criteria in order to qualify as an observer and must successfully complete an initial certification training course, as well as meet other criteria, prior to being certified.
