

documents in the possession of these agencies need not be marked as set forth in this document.

Removal From SGI-M Category

Documents containing SGI-M shall be removed from the SGI-M category (decontrolled) only after the NRC determines that the information no longer meets the criteria of SGI-M. Licensees have the authority to make determinations that specific documents which they created no longer contain SGI-M information and may be decontrolled. Consideration must be exercised to ensure that any document decontrolled shall not disclose SGI-M in some other form or be combined with other unprotected information to disclose SGI-M.

The authority to determine that a document may be decontrolled may be exercised only by, or with the permission of, the individual (or office) who made the original determination. The document shall indicate the name and organization of the individual removing the document from the SGI-M category and the date of the removal. Other persons who have the document in their possession should be notified of the decontrolling of the document.

Reproduction of Matter Containing SGI-M

SGI-M may be reproduced to the minimum extent necessary consistent with need without permission of the originator. Newer digital copiers which scan and retain images of documents represent a potential security concern. If the copier is retaining SGI-M information in memory, the copier cannot be connected to a network. It should also be placed in a location that is cleared and controlled for the authorized processing of SGI-M information. Different copiers have different capabilities, including some which come with features that allow the memory to be erased. Each copier would have to be examined from a physical security perspective.

Use of Automatic Data Processing (ADP) Systems

SGI-M may be processed or produced on an ADP system provided that the system is assigned to the licensee's or contractor's facility and requires the use of an entry code/password for access to stored information. Licensees are encouraged to process this information in a computing environment that has adequate computer security controls in place to prevent unauthorized access to the information. An ADP system is defined here as a data processing system having the capability of long term storage of SGI-M. Word processors such as typewriters are not subject to the requirements as long as they do not transmit information offsite. (Note: if SGI-M is produced on a typewriter, the ribbon must be removed and stored in the same manner as other SGI-M information or media.) The basic objective of these restrictions is to prevent access and retrieval of stored SGI-M by unauthorized individuals, particularly from remote terminals. Specific files containing SGI-M will be password protected to preclude access by an unauthorized individual. The National Institute of Standards and Technology (NIST) maintains a listing of all

validated encryption systems at <http://csrc.nist.gov/cryptval/1401/1401val.htm>. SGI-M files may be transmitted over a network if the file is encrypted. In such cases, the licensee will select a commercially available encryption system that NIST has validated as conforming to Federal Information Processing Standards (FIPS). SGI-M files shall be properly labeled as "Safeguards Information—Modified Handling" and saved to removable media and stored in a locked file drawer or cabinet.

Telecommunications

SGI-M may not be transmitted by unprotected telecommunications circuits except under emergency or extraordinary conditions. For the purpose of this requirement, emergency or extraordinary conditions are defined as any circumstances that require immediate communications in order to report, summon assistance for, or respond to a security event (or an event that has potential security significance).

This restriction applies to telephone, telegraph, teletype, facsimile circuits, and to radio. Routine telephone or radio transmission between site security personnel, or between the site and local police, should be limited to message formats or codes that do not disclose facility security features or response procedures. Similarly, call-ins during transport should not disclose information useful to a potential adversary. Infrequent or non-repetitive telephone conversations regarding a physical security plan or program are permitted provided that the discussion is general in nature.

Individuals should use care when discussing SGI-M at meetings or in the presence of others to insure that the conversation is not overheard by persons not authorized access. Transcripts, tapes or minutes of meetings or hearings that contain SGI-M shall be marked and protected in accordance with these requirements.

Destruction

Documents containing SGI-M should be destroyed when no longer needed. They may be destroyed by tearing into small pieces, burning, shredding or any other method that precludes reconstruction by means available to the public at large. Piece sizes one half inch or smaller composed of several pages or documents and thoroughly mixed would be considered completely destroyed.

Attachment 3: Trustworthiness and Reliability Requirements for Individuals Handling Safeguards Information

Trustworthiness and Reliability Requirements for Individuals Handling Safeguards Information

In order to ensure the safe handling, use, and control of information designated as Safeguards Information, each licensee shall control and limit access to the information to only those individuals who have established the need-to-know the information, and are considered to be trustworthy and reliable. Licensees shall document the basis for concluding that there is reasonable assurance that individuals granted access to Safeguards Information are trustworthy and reliable, and do not constitute an unreasonable risk for malevolent use of the information.

The Licensee shall comply with the requirements of this attachment:

1. The trustworthiness and reliability of an individual shall be determined based on a background investigation:

(a) The background investigation shall address at least the past three (3) years, and, at a minimum, include verification of employment, education, and personal references. The licensee shall also, to the extent possible, obtain independent information to corroborate that provided by the employee (i.e., seeking references not supplied by the individual).

(b) If an individual's employment has been less than the required three (3) year period, educational references may be used in lieu of employment history.

The licensee's background investigation requirements may be satisfied for an individual that has an active Federal security clearance.

2. The licensee shall retain documentation regarding the trustworthiness and reliability of individual employees for three years after the individual's employment ends.

In order for an individual to be granted access to Safeguards Information, the individual must be determined to be trustworthy and reliable, as describe in requirement 1 above, and meet the requirements of NRC Order EA-08-162.

PEACE CORPS

Agency Information Collection Under Review by the Office of Management and Budget

AGENCY: Peace Corps.

ACTION: Notice of information collection for review by OMB and public comment.

SUMMARY: In accordance with the Paperwork Reduction Act, this notice invites the public to comment on the collection of information by the Peace Corps' Office of Communications, and gives notice of the Peace Corps' intention to request Office of Management and Budget (OMB) approval of the information collection. The Peace Corps' Office of Communications wishes to solicit stories and pictures from Returned Peace Corps Volunteers and other members of the public concerning the experience of Volunteers over the past 50 years. The submitted material will be used as a part of celebrations of Peace Corps' 50th anniversary in 2011. When Returned Peace Corps Volunteers and other members of the public submit stories and/or pictures, Peace Corps will request information identifying the submitter, his or her rights to the material submitted, a non-exclusive license for Peace Corps to use the

material, contact information of the submitter, and information regarding the submitter's Peace Corps service, if any. Although submission of stories and pictures is voluntary, submitters will be required to fill out the forms for which Peace Corps is seeking approval.

DATES: Submit comments on or before September 2, 2008.

ADDRESSES: Comments should be addressed to Stacia Clifton, Office of Communications, Peace Corps, 1111 20th Street, NW., Washington, DC 20526. Ms. Clifton can be contacted by telephone at 202-692-2234 or e-mail at archive@peacecorps.gov. E-mail comments must be made in text and not in attachments.

FOR FURTHER INFORMATION CONTACT:

SUPPLEMENTARY INFORMATION:

Title: 50th Anniversary Archive Submission Form.

OMB Control Number: To be assigned.

Type of Request: New Collection of Information.

Abstract: The Peace Corps is collecting contact information, stories, and photos related to Peace Corps service from Returned Peace Corps Volunteers. Submissions will be received electronically or by hardcopy. Each submitter will be asked for his or her name, name at time of service (if different from present), address, telephone number, e-mail address, country of service, service years, confirmation of the submitter's ownership of the material, a non-exclusive license for Peace Corps to use the material, and basic descriptive information about the submissions such as document format, subjects and keywords. The information will be used in informational and promotional articles, exhibits and events celebrating the history of the Peace Corps.

Affected Public: Returned Peace Corps Volunteers and other members of the public with Peace Corps Volunteer stories or pictures.

Burden on the Public:

- a. Annual reporting burden: 750 hours.
- b. Estimated average burden per response: 15 minutes.
- c. Frequency of response: Once.
- e. Estimated number of likely respondents: 3000.
- f. Estimated cost to respondents: \$0.00/\$0.00.

Dated: June 26, 2008.

Wilbert Bryant,

Associate Director for Management, Peace Corps.

SECURITIES AND EXCHANGE COMMISSION

Proposed Collection; Comment Request

Upon Written Request, Copies Available From: Securities and Exchange Commission, Office of Investor Education and Advocacy, Washington, DC 20549.

Extension: Rule 203A-2; SEC File No. 270-501; OMB Control No. 3235-0559.

Notice is hereby given that, pursuant to the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 *et seq.*) ("PRA"), the Securities and Exchange Commission ("Commission") is soliciting comments on the collection of information summarized below. The Commission plans to submit the existing collection of information to the Office of Management and Budget for extension and approval.

Rule 203A-2(f),¹ which is entitled "Internet Investment Advisers," exempts from the prohibition on Commission registration an Internet investment adviser who provides investment advice to all of its clients exclusively through computer software-based models or applications, termed under the rule as "interactive Web sites." These advisers generally would not meet the statutory thresholds set out in section 203A of the Advisers Act²—they do not manage \$25 million or more in assets and do not advise registered investment companies. Eligibility under rule 203A-2(f) is conditioned on an adviser maintaining in an easily accessible place, for a period of not less than five years from the filing of Form ADV relying on the rule,³ a record demonstrating that the adviser's advisory business has been conducted

through an interactive Web site in accordance with the rule.⁴

This record maintenance requirement is a "collection of information" for PRA purposes. The Commission believes that approximately 39 advisers are registered with the Commission under rule 203-2A(f), which involves a recordkeeping requirement manifesting in approximately four burden hours per year per adviser and results in an estimated 156 of total burden hours (4 × 39) for all advisers.

This collection of information is mandatory, as it is used by Commission staff in its examination and oversight program in order to determine continued Commission registration eligibility for advisers registered under this rule. Responses generally are kept confidential pursuant to section 210(b) of the Advisers Act.⁵ Written comments are invited on: (a) Whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility; (b) The accuracy of the agency's estimate of the burden of the collection of information; (c) Ways to enhance the quality, utility, and clarity of the information collected; and (d) Ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology. Consideration will be given to comments and suggestions submitted in writing within 60 days of this publication.

Please direct your written comments to R. Corey Booth, Director/Chief Information Officer, Securities and Exchange Commission, C/O Shirley Martinson, 6432 General Green Way, Alexandria, VA 22312; or send an e-mail to: PRA_Mailbox@sec.gov.

Dated: June 25, 2008.

Florence E. Harmon,

Acting Secretary.
