Overview of This Information Collection

Type of Review: Three Year Extension—No change.

Collection Title: Elementary-Secondary Staff Information Report (EEO-5).

OMB Number: OMB Number 3046-0003.

Form No.: 168A.

Frequency of Report: Biennially.

Type of Respondent: Public elementary and secondary school districts with 100 or more employees.

Description of Affected Public: Public elementary and secondary school districts and their employees.

Responses: 7,500.

Reporting Hours: 10,000.

Cost to Respondents: \$190,000.

Federal Cost: \$170,000.

Abstract: Section 709 (c) of Title VII of the Civil Rights Act of 1964, as amended, 42 U.S.C. 2000e-8(c), requires employers to make and keep records relevant to a determination of whether unlawful employment practices have been or are being committed and to make reports therefrom as required by the EEOC. The EEOC has issued regulations, 29 CFR 1602.41-45, which sets forth the reporting requirements for public elementary and secondary schools. Elementary and secondary

public school systems and districts have been required to submit EEO-5 reports to EEOC since 1974 (biennially in even numbered years since 1982). Since 1996 each school district or system has submitted all of the district data on a single form, EEOC Form 168A. The individual school form, EEOC Form 168B, was eliminated in 1996, greatly reducing the respondent burden and cost. EEO-5 data are used by EEOC to investigate charges of employment discrimination against elementary and secondary public school districts. The data are used to support EEOC decisions and conciliations, and for research. The data are shared with the Department of Education (Office for Civil Rights and the National Center for Education Statistics) and the Department of Justice. Pursuant to section 709(d) of Title VII of the Civil Rights Act of 1964, as amended, EEO-5 data are also shared with eighty-six State and Local Fair Employment Practices Agencies (FEPAs). The individual reports are confidential.

EEO-5 data are used by the EEOC to investigate charges of discrimination against elementary and secondary public school systems and to provide information on the employment status in this sector of the work place by race, ethnicity and gender.

Burden Statement: The estimated number of respondents included in the biennial EEO-5 survey is 7,500 public elementary and secondary school districts. The estimated number of responses per respondent is one report so the annual number of responses is approximately 7,500 and the total hours per response is approximately 1.3 hours. The estimated total number of burden hours is 10,000 hours each time the survey is conducted (i.e., biennially.) In order to help reduce burden, respondents are encouraged to report data using EEOC's on-line filing system.
