

to the submission of a request for hearing, and documents filed by interested governmental entities participating under 10 CFR 2.315(c), must be filed in accordance with the NRC E-Filing rule, which the NRC promulgated in August 2007, 72 FR 49139 (Aug. 28, 2007). The E-Filing process requires participants to submit and serve all adjudicatory documents over the Internet, or in some cases to mail copies on electronic storage media. Participants may not submit paper copies of their filings unless they seek a waiver in accordance with the procedures described below.

To comply with the procedural requirements associated with E-Filing, at least ten (10) days prior to the filing deadline the requestor should contact the Office of the Secretary by e-mail at HEARINGDOCKET@NRC.GOV, or by calling (301) 415-1677, to request (1) a digital ID certificate, which allows the participant (or its counsel or representative) to digitally sign documents and access the E-Submittal server for any NRC proceeding in which it is participating; and/or (2) creation of an electronic docket for the proceeding (even in instances when the requestor (or its counsel or representative) already holds an NRC-issued digital ID certificate). Each requestor will need to download the Workplace Forms Viewer™ to access the Electronic Information Exchange (EIE), a component of the E-Filing system. The Workplace Forms Viewer™ is free and is available at <http://www.nrc.gov/site-help/e-submittals/install-viewer.html>. Information about applying for a digital ID certificate also is available on NRC's public Web site at <http://www.nrc.gov/site-help/e-submittals/apply-certificates.html>.

Once a requestor has obtained a digital ID certificate, has a docket created, and downloaded the EIE viewer, it can then submit a request for a hearing through EIE. Submissions should be in Portable Document Format (PDF) in accordance with NRC guidance available on the NRC public Web site at <http://www.nrc.gov/site-help/e-submittals.html>. A filing is considered complete at the time the filer submits its document through EIE. To be timely, electronic filings must be submitted to the EIE system no later than 11:59 p.m. Eastern Time on the due date. Upon receipt of a transmission, the E-Filing system time-stamps the document and sends the submitter an e-mail notice confirming receipt of the document. The EIE system also distributes an e-mail notice that provides access to the document to the NRC Office of the General Counsel and any others who

have advised the Office of the Secretary that they wish to participate in the proceeding, so that the filer need not serve the document on those participants separately. Therefore, any others who wish to participate in the proceeding (or their counsel or representative) must apply for and receive a digital ID certificate before a hearing request is filed so that they may obtain access to the document via the E-Filing system.

A person filing electronically may seek assistance through the "Contact Us" link located on the NRC Web site at <http://www.nrc.gov/site-help/e-submittals.html> or by calling the NRC technical help line, which is available between 8:30 a.m. and 4:15 p.m., Eastern Time, Monday through Friday. The help line number is (800) 397-4209 or locally, (301) 415-4737.

Participants who believe that they have good cause for not submitting documents electronically must file an exemption request, in accordance with 10 CFR 2.302(g), with their initial paper filing requesting authorization to continue to submit documents in paper format. Such filings must be submitted by (1) first-class mail addressed to the Office of the Secretary of the Commission, U.S. Nuclear Regulatory Commission, Washington, DC 20555-0001, Attention: Rulemaking and Adjudications Staff; or (2) courier, express mail, or expedited delivery service to the Office of the Secretary, Sixteenth Floor, One White Flint North, 11555 Rockville Pike, Rockville, Maryland 20852, Attention: Rulemaking and Adjudications Staff. Participants filing a document in this manner are responsible for serving the document on all other participants. Filing is considered complete by first-class mail as of the time of deposit in the mail, or by courier, express mail, or expedited delivery service upon depositing the document with the provider of the service.

Documents submitted in adjudicatory proceedings will appear in NRC's electronic hearing docket which is available to the public at http://ehd.nrc.gov/EHD_Proceeding/home.asp, unless excluded pursuant to an order of the Commission, the Atomic Safety and Licensing Board, or a Presiding Officer. Participants are requested not to include personal privacy information, such as social security numbers, home addresses, or home phone numbers in their filings. With respect to copyrighted works, except for limited excerpts that serve the purpose of the adjudicatory filings and would constitute a Fair Use application, Participants are requested

not to include copyrighted materials in their submission.

If a person requests a hearing, that person shall set forth with particularity the manner in which his interest is adversely affected by this Order and shall address the criteria set forth in 10 CFR 2.309(d).

The scope of this order extending the construction completion date and any proceeding hereunder is limited to direct challenges to the permit holder's asserted reasons that show good cause justification for the extension.

Attorney for the permit holder:
Maureen H. Dunn, Executive Vice President and General Counsel, Tennessee Valley Authority, 400 West Summit Hill Drive, Knoxville, TN 37902.

It is hereby ordered that the latest completion date for Construction Permit No. CPPR-92 is extended from December 31, 2010, to March 31, 2013.

Dated at Rockville, Maryland, this 7th day of July 2008.

For the Nuclear Regulatory Commission.

Eric J. Leeds,

Director, Office of Nuclear Reactor Regulation.

BILLING CODE 7590-01-P

POSTAL REGULATORY COMMISSION

[Docket No. PI2008-1; Order No. 83]

Administrative Practice and Procedure, Postal Service; Correction

AGENCY: Postal Regulatory Commission.

ACTION: Notice; correction.

SUMMARY: The Postal Regulatory Commission published a document in the *Federal Register* on June 25, 2008 seeking comments on a plan for service performance measurement and reporting systems for market dominant products. The document contained several errors the Commission wishes to correct.

FOR FURTHER INFORMATION CONTACT: Stephen L. Sharfman, General Counsel, 202-789-6820 and stephen.sharfman@prc.gov.

Correction

In **SUPPLEMENTARY INFORMATION**, page 36138, Table 2, correct the row beginning with "Standard Mail" to delete subscript 7 in column 6, and the row beginning with "Package Services" to delete subscript 8 in column 3, and in footnote 1, change "Table 1" to "Table 2" and delete the word "mail" to read:

TABLE 2.—POSTAL SERVICE MEASUREMENT APPROACH AT FULL ROLLOUT¹ MEASUREMENT APPROACH BY MAIL SEGMENT

	Single-piece			Presort		
	Letters	Flats	Parcels	Letters	Flats	Parcels
First-Class Mail	EXFC	EXFC	Start: Acceptance scan. Stop: Delivery Confirmation delivery scan.	Start: Documented Arrival Time at Postal facility. Stop: External reporting.	EXFC as Proxy ² 	Start: Documented Arrival Time at Postal facility. Stop: Delivery Confirmation delivery scan.
Single-Piece First-Class Mail International. Periodicals ⁶	IMMS ³	EXFC as proxy ⁴ N/A	Single-Piece First-Class Mail parcels as proxy ⁵ . N/A	N/A	N/A	N/A. N/A.
Standard Mail	N/A	N/A	N/A	Start: Documented Arrival Time at Postal facility. Stop: External reporting.	Start: Documented Arrival Time at Postal facility. Stop: External reporting.	Start: Documented Arrival Time at Postal facility. Stop: Delivery Confirmation delivery scan.
Package Services ..	N/A	N/A	Start: Acceptance scan. Stop: Delivery Confirmation delivery scan.	N/A	Start: Documented Arrival Time at Postal facility. Stop: External reporting.	Start: Documented Arrival Time at Postal facility. Stop: Delivery Confirmation delivery scan.

¹ Special Services are not included in Table 2 as they have different methods to “start-the-clock” and “stop-the-clock” from the market-dominant products.

² The Postal Service will use the External First-Class Mail Measurement System (EXFC) measurement for single-piece flats as a proxy for Presort First-Class Mail flats due to the very small volume of Presort flats.

³ The International Mail Measurement System (IMMS) is an external measurement system for which an independent measurement contractor seeds mail into the mailstream.

⁴ The EXFC measurement for domestic single-piece First-Class Mail flats will serve as a proxy for single-piece First-Class Mail International flats due to the small volume in the latter category. After clearing customs, single-piece First-Class Mail International flats enter the domestic mailstream and are handled with domestic single-piece First-Class Mail flats.

⁵ The Postal Service will use the measurement for domestic single-piece First-Class Mail parcels as a proxy for single-piece First-Class Mail International parcels.

⁶ Two mailer-operated external systems, Red Tag and Time Inc.’s DelTrak, will be used for Periodicals measurement during FY 2009, as the Postal Service transitions to a long-term internal solution.

In SUPPLEMENTARY INFORMATION, on page 36140, Table 3, in the row captioned “Overall Mailstream” under the column captioned “Letters (percent)”, change the number “17” to read “17.2”.

TABLE 3.—FIRST-CLASS MAIL VOLUME

	Single-piece			Presort			Total (percent)
	Letters (percent)	Flats (percent)	Parcels (percent)	Letters (percent)	Flats (percent)	Parcels (percent)	
First-Class Mail	38.0	3.3	0.4	57.1	1.0	0.2	100
Overall Mailstream	17.2	1.5	0.2	25.8	0.4	0.1	45.2

In SUPPLEMENTARY INFORMATION, on page 36142, Table 4, change “South Carolina District” to read “Greater South Carolina District” and change all instances of “xx” to read “xx.x”.

SECURITIES AND EXCHANGE COMMISSION

[Release No. 34–58094; File No. SR–CBOE–2008–70]

Self-Regulatory Organizations; Chicago Board Options Exchange, Incorporated, LLC; Notice of Filing and Immediate Effectiveness of Proposed Rule Change To Extend the Short Term Option Series Pilot Program

July 3, 2008.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 (“Act”) ¹ and Rule 19b–4 thereunder, ² notice is hereby given that on July 2, 2008, the Chicago Board Options Exchange, Incorporated (“Exchange” or “CBOE”) filed with the Securities and Exchange Commission (“Commission”) the proposed rule change as described in Items I and II below, which Items have been substantially prepared by the Exchange. The Exchange has designated this proposal as non-controversial under Section 19(b)(3)(A)(iii) of the Act ³ and Rule 19b–4(f)(6) thereunder, ⁴ which renders the proposed rule change

effective upon filing with the Commission. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization’s Statement of the Terms of Substance of the Proposed Rule Change

The Exchange proposes to extend the period for its Short Term Option Series pilot program (“Pilot Program”) through July 12, 2009. The text of the proposed rule change is available on the Exchange’s Web site (<http://www.cboe.org/Legal>), at the Exchange’s Office of the Secretary and at the Commission.

II. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Exchange included statements concerning the purpose of, and basis for, the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

On July 12, 2005, the Commission approved the Pilot Program.⁵ The Pilot Program allows CBOE to list and trade Short Term Option Series, which would expire one week after the date on which a series is opened.

The Exchange has selected the following four options classes to participant in the Pilot Program: S&P 500 Index options (SPX), S&P 100 Index American-style options (OEX), Mini-S&P 500 Index options (XSP), and S&P 100 Index European-style options (XEO). CBOE believes the Pilot Program has been successful and well received by its members and the investing public. Thus, CBOE proposes to extend the Pilot Program through July 12, 2009.

In support of the proposed rule change, and as required by the Pilot

⁵ See Securities Exchange Act Release No. 52011 (July 12, 2005), 70 FR 41451 (July 19, 2005) (SR–CBOE–2004–63) (“Pilot Program Approval Order”). The Pilot Program has since been extended and is currently scheduled to expire on July 12, 2008. See Securities Exchange Act Release Nos. 53984 (June 14, 2006), 71 FR 35718 (June 21, 2006) (SR–CBOE–2006–48) (extending the Pilot Program through July 12, 2007) and 56050 (July 11, 2007), 72 FR 39472 (July 18, 2007) (SR–CBOE–2007–76) (extending the Pilot Program through July 12, 2008); see also Securities Exchange Act Release No. 54338 (August 21, 2006), 71 FR 50952 (August 28, 2006) (SR–CBOE–2006–49) (order approving an amendment to the Pilot Program that increased the number of series that may be listed for a class selected to participant in the Pilot Program from five series to seven series).
