**SUPPLEMENTARY INFORMATION:** Notice is hereby given that a petition has been received from the State of New York requesting a determination by the Regional Administrator, U.S. Environmental Protection Agency, pursuant to section 312(f)(3) of Public Law 92-500 as amended by Public Law 95-217 and Public Law 100-4, that adequate facilities for the safe and sanitary removal and treatment of sewage from all vessels are reasonably available for Hempstead Harbor and its harbors and creeks within the following boundaries: South of a line drawn from Mott Point on the west side of the harbor to a breakwater approximately one-half mile north of Mosquito Cove on the east side of the harbor (Lat 40°52' N, Long 73°40' W) within the Villages of Sea Cliff, Roslyn, Roslyn Harbor, Flower Point and Sands Point and the City of Glen Cove.

New York has provided documentation indicating that the total vessel population is estimated to be 1,350 in the proposed area. Five pumpout facilities are operational in the harbor, these facilities are Tappen Marina, Bar Beach, Brewer's Marina, Sea Cliff Yacht Club, and Glen Cove Yacht Club. In addition to these five pumpout facilities, the Towns of North Hempstead Harbor and Oyster Bay each operate pumpout boats that serve the harbor. Based upon the criteria cited in the Clean Vessel Act and based upon the vessel population, Hempstead Harbor requires approximately three to five pumpout facilities. The harbor has seven facilities operational which satisfies the criteria.

Tappen Marina Pumpout is located at 40°50'2.44" N/73°39'2.93" W. The pumpout is user operated and available 24 hours per day and 365 days a year. The contact for information on the pumpout is the Town of Oyster Bay Dockmaster or the Parks Commissioner at 516-674-7100 and the facility fee is free. Vessel limitations are 50 feet in length and 10 feet in draft. An onsite septic field is used for disposal, with transport to a wastewater treatment plant as backup.

Brewer's Marina is located at 40°51'16.17" N/73°38'46.51" W. The pumpout is user operated and available 24 hours per day from April 1 to November 30, seven days a week. The contact for information is the Brewer's Marina at 516-671-5563 and the facility fee is free. Vessel limitations are 40 feet in length and 6 feet in draft. The pumpout facility is directly connected to the Glen Cove wastewater treatment facility.

Sea Cliff Yacht Club is located at 40°51'11.03" N/73°38'59.11" W and is available Memorial Day through October 15th, 9 a.m. until 5 p.m. on weekdays and by appointment on weekends. The contact for information is Jim Kowchesski, Manager, at (516) 671-7374 or the Dockmaster at (516) 671-0193 and the facility fee is \$5.00. Vessel limitations are 40 feet in length and 4.5 feet in draft. The pumpout facility discharges to the Glen Cove wastewater treatment facility.

The Town of Oyster Bay Pumpout Boat operates in Hempstead Harbor and Oyster Bay and is available June through October, Friday through Monday. The contact for information is the Town of Oyster Bay at 516-677-5711 or VHF Channel 9 and the fee is free. No vessel limitations exist. The Roosevelt Marina pumpout is used for disposal sewage from the pumpout boat and the marina pumpout discharges to the Oyster Bay Sewer District wastewater treatment plant.

The Town of North Hempstead Pumpout Boat operates in Hempstead Harbor and Manhasset Bay and is available June through September, Wednesday through Sunday. The contact for information is the Town of Hempstead at 516-767-4622 or VHF Channel 9 and the fee is free. No vessel limitations exist. The pumpout boat discharges to the local sewer at Town dock. While Bar Beach and the Glen Cove Yacht Club pumpout facilities are listed in the petition, no information is provided regarding location, contact information or fees.

The EPA hereby makes a tentative affirmative determination that adequate facilities for the safe and sanitary

removal and treatment of sewage from all vessels are reasonably available for Hempstead Harbor in the County of Nassau, New York. A 30-day period for public comment has been opened on this matter.

Dated: June 27, 2008.

**ENVIRONMENTAL PROTECTION AGENCY**

[FRL-8692-5]

**New York State Prohibition of Marine Discharges of Vessel Sewage; Receipt of Petition and Tentative Affirmative Determination**

**AGENCY:** Environmental Protection Agency (EPA).

**ACTION:** Notice.

**SUMMARY:** Notice is hereby given that a petition has been received from the State of New York requesting a determination by the Regional Administrator, U.S. Environmental Protection Agency, that adequate facilities for the safe and sanitary removal and treatment of sewage from all vessels are reasonably available for Oyster Bay/Cold Springs Harbor Complex, New York. The waters of the proposed No Discharge Zone fall within the jurisdictions of the Town of Oyster Bay, the Town of Huntington, the Village of Bayville, the Village of Bayville, the Village of Centre Island, the Village of Cove Neck, the Village of Lattingtown, the Village of Laurel Hollow, the Village of Lloyd Harbor, the Village of Mill Neck, the Village of Oyster Bay Cove, the County of Nassau, and the County of Suffolk. These entities submitted an application prepared by Cashin Associates, P.C. for the designation of a Vessel Waste No Discharge Zone. New York State Department of Environmental Conservation certified the need for greater protection of the water quality.

**DATES:** Comments regarding this tentative determination are due by August 14, 2008.

**ADDRESSES:** Submit your comments using one of the following methods:

*E-mail:* [olander.james@epa.gov](mailto:olander.james@epa.gov).

*Fax:* (212) 637-3887.

*Mail and hand delivery:* U.S.

Environmental Protection Agency—Region 2, 290 Broadway, 24th Floor, New York, NY 10007-1866. Deliveries are only accepted during the Regional Office's normal hours of operation (8

a.m.–5 p.m., Monday through Friday, excluding legal holidays), and special arrangements should be made for deliveries of boxed information.

**FOR FURTHER INFORMATION CONTACT:** James L. Olander, U.S. Environmental Protection Agency—Region 2, 290 Broadway, 24th Floor, New York, NY 10007–1866. Telephone: (212) 637–3833, Fax number: (212) 637–3887; e-mail address: [olander.james@epa.gov](mailto:olander.james@epa.gov).

**SUPPLEMENTARY INFORMATION:** Notice is hereby given that a petition has been received from the State of New York requesting a determination by the Regional Administrator, U.S. Environmental Protection Agency, pursuant to section 312(f)(3) of Public Law 92–500 as amended by Public Law 95–217 and Public Law 100–4, that adequate facilities for the safe and sanitary removal and treatment of sewage from all vessels are reasonably available for Oyster Bay/Cold Springs Harbor Complex and its harbors and creeks within the following boundary:

South of a line drawn from Rocky Point on Centre Island in west to Caumsett State Park in the east. The Complex encompasses 6400 acres of open water and intertidal area. The waterbodies included in the Complex are Oyster Bay Harbor between Bayville Bridge and Plum Point on Centre Island, Mill Neck Creek to the west of Bayville Bridge, Cold Spring Harbor south of a line between Cooper Bluff in Cove Neck and West Neck Beach in the Village of Lloyd Harbor, and Oyster Bay between Centre Island and the Lloyd Neck peninsula that connects Oyster Bay Harbor and Cold Spring Harbor to Long Island Sound.

New York has provided documentation indicating that the total vessel population is estimated to be 2,000 in the proposed area. Based upon boat census data, approximately 1000 to 1500 vessels would be equipped with a Type III marine sanitation device (holding tank). Four pumpout facilities are operational in the Complex, these facilities are Roosevelt Marina, Powles Marina, Town of Oyster Bay Pumpout Barges (2–East and West), and Town of Oyster Bay Pumpout Vessel. Based upon the criteria cited in the Clean Vessel Act (a pumpout facility can adequately service 300 to 600 vessels) and based upon the vessel population, the Complex requires approximately three to six pumpout facilities. The harbor has five facilities operational which satisfies the criteria. An additional pumpout boat is available when needed.

Roosevelt Marina Pumpout is located at 40° 52.635" N/73° 31.805" W. The pumpout is available 24 hours per day

and 365 days a year. The contact for information on the pumpout is the Town of Oyster Bay, Roosevelt Marina Pumpout, VHF Channel 9 or 516–797–4110. The facility fee is free. Vessel limitations are 36 feet in length and 4 feet in draft at dead low tide. The collected vessel sewage is discharged to the sewer and treated at the Oyster Bay Sewer District Wastewater Treatment Plant.

Powles Marina Pumpout is at 40° 52' 31.17" N/73° 28' 17.94" W. The pumpout is available 24 hours per day from Mid-April to October 31, seven days a week. The contact for information is the Powles Marina at 631–367–7670 or VHF Channel 9. The facility fee is free. Vessel limitations are 50 feet in length and 5 feet in draft at low tide. The pumpout facility is serviced by the town sewage truck.

Town of Oyster Bay Pumpout Barges are located at 40° 52.657" N/73° 31.456" W and 40° 52.804" N/73° 32.264" W. The barges are available Mid-April through October 31, 24 hours a day, 7 days per week. The contact for information is Oyster Bay Pumpout Barge on VHF Channel 9. The facility fee is free. Vessel limitations are location dependent. The pumpout barges offload vessel sewage at the Roosevelt Marina Pumpout.

The Town of Oyster Bay Pumpout Vessel operates in the Complex and is available Mid-April through October 31, Thursday through Sunday, from 10 a.m. until 6 p.m. The contact for information is the Town of Oyster Bay Pumpout Vessel on VHF Channel 9. The facility fee is free. The Roosevelt Marina Pumpout is used for disposal sewage from the pumpout boat and the marina pumpout discharges to the Oyster Bay Sewer District wastewater treatment plant.

The EPA hereby makes a tentative affirmative determination that adequate facilities for the safe and sanitary removal and treatment of sewage from all vessels are reasonably available for the Oyster Bay/Cold Spring Harbor Complex in the Counties of Nassau and Suffolk, New York. A 30-day period for public comment has been opened on this matter which may result in a New York State prohibition of any sewage discharges from vessels in for the Oyster Bay/Cold Spring Harbor Complex in the Counties of Nassau and Suffolk, New York.

Dated: June 27, 2008.

## FEDERAL RESERVE SYSTEM

### Sunshine Act Meeting

**AGENCY HOLDING THE MEETING:** Board of Governors of the Federal Reserve System.

**TIME AND DATE:** 11:30 a.m., Monday, July 21, 2008.

**PLACE:** Marriner S. Eccles Federal Reserve Board Building, 20th and C Streets, N.W., Washington, D.C. 20551.

**STATUS:** Closed.

#### MATTERS TO BE CONSIDERED:

1. Personnel actions (appointments, promotions, assignments, reassignments, and salary actions) involving individual Federal Reserve System employees.

2. Any items carried forward from a previously announced meeting.

#### FOR FURTHER INFORMATION CONTACT:

Michelle Smith, Director, or Dave Skidmore, Assistant to the Board, Office of Board Members at 202–452–2955.

**SUPPLEMENTARY INFORMATION:** You may call 202–452–3206 beginning at approximately 5 p.m. two business days before the meeting for a recorded announcement of bank and bank holding company applications scheduled for the meeting; or you may contact the Board's Web site at <http://www.federalreserve.gov> for an electronic announcement that not only lists applications, but also indicates procedural and other information about the meeting.
