**SUPPLEMENTARY INFORMATION:** This notice is published pursuant to the Privacy Act of 1974 (5 U.S.C. 552a(e)(4)) and is in exercise of authority delegated by the Secretary of the Interior to the Assistant Secretary—Indian Affairs in 209 DM 8.1.

The Office of Indian Energy and Economic Development Loan Guaranty and Insurance Program was developed to implement the Indian Financing Act of 1974 (25 U.S.C. 1481), as amended. This law requires the Department of the Interior to encourage private commercial lenders to make loans to Indian businesses they might otherwise deny because of insufficient familiarity with Indian business prospects. The program offers private lenders enhanced loan security with a partial loan guaranty which allows a modest federal investment to leverage large amounts of private capital for Indian business development. The system of records supporting this program, now known as the Loan Management and Accounting System (LOMAS), protects information contained in loan applications and supporting documents.

The purpose of this notice is to amend the Privacy Act System of Records entitled Interior, BIA-13: "Indian Loan Files," by (1) Changing the name of the system to Interior, BIA-13: "Loan Management and Accounting System (LOMAS)"; (2) updating the addresses of the system locations, system managers, the categories of individuals covered by the system; (3) updating the information regarding disclosures outside the Department of the Interior; and (4) updating the storage, retrievability and safeguards statements to incorporate the changes since the system notice was last published.

A copy of the notice, with changes incorporated, is attached.
