Federal Highway Administration

Environmental Impact Statement; St. Lucie County, FL

AGENCY: Federal Highway Administration (FHWA), DOT.

ACTION: Notice of Intent.

SUMMARY: The FHWA is issuing this notice to advise the public that an Environmental Impact Statement (EIS) will be prepared for a proposed new river crossing project in the City of Port St. Lucie, St. Lucie County, Florida.

FOR FURTHER INFORMATION CONTACT: Mr. George Hadley, Federal Highway Administration, 545 John Knox Road, Suite 200, Tallahassee, Florida 32303, Telephone: (850) 942–9650 ext. 3011.

SUPPLEMENTARY INFORMATION: The FHWA, in cooperation with the Florida Department of Transportation, will prepare an EIS for a third east-west bridge crossing over the North Fork of the St. Lucie River in the City of Port St. Lucie, in St. Lucie County, Florida. The proposed improvement would link the Crosstown Parkway on the west to U.S. 1 (SR 5) on the east. The proposed action is known as the Crosstown Parkway Corridor Extension Study and was formerly known as the Third East-West River Crossing Study. The proposed action would provide needed relief to the two existing river crossings which are over capacity. Alternatives under consideration include a No Build Alternative and multiple alternatives that provide a river crossing on a new alignment. Expansion of the two existing river crossings was previously considered and determined to be infeasible.

Coordination with appropriate Federal, State, and local agencies, and private organizations and citizens who have expressed interest in this proposal has been ongoing and will continue. A series of public meetings and workshops have been held in Port St. Lucie as part of the planning efforts for this project and will continue throughout the EIS process. A formal scoping meeting is planned for this project and is anticipated to occur in August of 2008. In addition, public workshops and a public hearing will be held. Public notice will be given of the time and place of the hearing and for future

meetings. The Draft EIS will be made available for public and agency review and comment before the public hearing date.

To ensure that the full range of issues related to the proposed action is addressed and all significant issues identified, comments and suggestions are invited from all interested parties. Comments or questions concerning this proposed action and the EIS should be directed to the FHWA at the address provided above.

SUPPLEMENTARY INFORMATION:

Background

Under 49 U.S.C. 31136(e) and 31315, FMCSA may renew an exemption from the vision requirements in 49 CFR 391.41(b)(10), which applies to drivers of CMVs in interstate commerce, for a two-year period if it finds "such exemption would likely achieve a level of safety that is equivalent to, or greater than, the level that would be achieved absent such exemption." The procedures for requesting an exemption (including renewals) are set out in 49 CFR part 381.

Exemption Decision

This notice addresses 11 individuals who have requested a renewal of their exemptions in accordance with FMCSA procedures. FMCSA has evaluated these 11 applications for renewal on their merits and decided to extend each exemption for a renewable two-year period. They are: Manuel A. Almeida, Ronald B. Brown, Thomas L. Corey, Brian G. Hagen, Donald E. Hathaway, John C. Lewis, William R. Proffitt, Jose M. Suarez, Louis E. Villa, Jr., Barney J. Wade, Richard A. Yeager.

These exemptions are extended subject to the following conditions: (1) That each individual have a physical examination every year (a) by an ophthalmologist or optometrist who attests that the vision in the better eye continues to meet the standard in 49 CFR 391.41(b)(10), and (b) by a medical examiner who attests that the individual is otherwise physically qualified under 49 CFR 391.41; (2) that each individual provide a copy of the ophthalmologist's or optometrist's report to the medical examiner at the time of the annual medical examination; and (3) that each individual provide a copy of the annual medical certification to the employer for retention in the driver's qualification file and retain a copy of the certification on his/her person while driving for presentation to a duly authorized Federal, State, or local enforcement official. Each exemption will be valid for two years unless rescinded earlier by FMCSA. The exemption will be rescinded if: (1) The person fails to comply with the terms and conditions of the exemption; (2) the exemption has resulted in a lower level of safety than was maintained before it was granted; or (3) continuation of the exemption would not be consistent with the goals and objectives of 49 U.S.C. 31136(e) and 31315.

Basis for Renewing Exemptions

Under 49 U.S.C. 31315(b)(1), an exemption may be granted for no longer than two years from its approval date

and may be renewed upon application for additional two year periods. In accordance with 49 U.S.C. 31136(e) and 31315, each of the 11 applicants has satisfied the entry conditions for obtaining an exemption from the vision requirements (64 FR 68195; 65 FR 20251; 67 FR 38311; 69 FR 26221; 71 FR 27033; 67 FR 15662; 67 FR 37907; 69 FR 26206; 71 FR 26601; 68 FR 10301; 68 FR 19596; 70 FR 74102; 69 FR 17263; 69 FR 31447; 71 FR 43556; 70 FR 30999; 70 FR 46567; 71 FR 14566; 71 FR 30227; 71 FR 32183; 71 FR 41310). Each of these 11 applicants has requested renewal of the exemption and has submitted evidence showing that the vision in the better eye continues to meet the standard specified at 49 CFR 391.41(b)(10) and that the vision impairment is stable. In addition, a review of each record of safety while driving with the respective vision deficiencies over the past two years indicates each applicant continues to meet the vision exemption standards. These factors provide an adequate basis for predicting each driver's ability to continue to drive safely in interstate commerce. Therefore, FMCSA concludes that extending the exemption for each renewal applicant for a period of two years is likely to achieve a level of safety equal to that existing without the exemption.

Request for Comments

FMCSA will review comments received at any time concerning a particular driver's safety record and determine if the continuation of the exemption is consistent with the requirements at 49 U.S.C. 31136(e) and 31315. However, FMCSA requests that interested parties with specific data concerning the safety records of these drivers submit comments by August 20, 2008.

FMCSA believes that the requirements for a renewal of an exemption under 49 U.S.C. 31136(e) and 31315 can be satisfied by initially granting the renewal and then requesting and evaluating, if needed, subsequent comments submitted by interested parties. As indicated above, the Agency previously published notices of final disposition announcing its decision to exempt these 11 individuals from the vision requirement in 49 CFR 391.41(b)(10). The final decision to grant an exemption to each of these individuals was based on the merits of each case and only after careful consideration of the comments received to its notices of applications. The notices of applications stated in detail the qualifications, experience, and medical condition of each applicant for an exemption from the vision

requirements. That information is available by consulting the above cited **Federal Register** publications.

Interested parties or organizations possessing information that would otherwise show that any, or all of these drivers, are not currently achieving the statutory level of safety should immediately notify FMCSA.

The Agency will evaluate any adverse evidence submitted and, if safety is being compromised or if continuation of the exemption would not be consistent with the goals and objectives of 49 U.S.C. 31136(e) and 31315, FMCSA will take immediate steps to revoke the exemption of a driver.
