

the river by eight wood pilings, (2) visible towers that house a generator for each turbine, dimensions approximately one foot by one foot, located on the surface of the river, (3) a commercial inverter which is two feet by four feet by three feet and located on the shore of the river, (4) appurtenant facilities. The project would have an annual energy generation of 821,250 KW-hrs per year.

Applicant Contact: Mr. Gregory Aurre III, President, Coastal Power, Inc., 1721 17th Court, Jupiter, Florida 33477; *phone:* 631-787-6010. *FERC Contact:* Alyssa Dorval, 202-502-6735.

Deadline for filing comments, motions to intervene, competing applications (without notices of intent), or notices of intent to file competing applications: 60 days from the issuance of this notice. Comments, motions to intervene, notices of intent, and competing applications may be filed electronically via the Internet. See 18 CFR 385.2001(a)(1)(iii) and the instructions on the Commission's Web site under the "e-Filing" link. If unable to be filed electronically, documents may be paper-filed. To paper-file, an original and eight copies should be mailed to: Kimberly D. Bose, Secretary, Federal Energy Regulatory Commission, 888 First Street, NE., Washington, DC 20426. For more information on how to submit these types of filings please go to the Commission's Web site located at <http://www.ferc.gov/filing-comments.asp>. More information about this project can be viewed or printed on the "eLibrary" link of Commission's Web site at <http://www.ferc.gov/docs-filing/elibrary.asp>. Enter the docket number (P-13232) in the docket number field to access the document. For assistance, call toll-free 1-866-208-3372.

Kimberly D. Bose,
Secretary.

[P-2188-156]

PPL Montana, LLC; Notice of Application for Amendment of License and Soliciting Comments, Motions To Intervene, and Protests

July 11, 2008.

Take notice that the following hydroelectric application has been filed

with the Commission and is available for public inspection:

a. *Application Type:* Amendment of License.

b. *Project No.:* 2188-156.

c. *Date Filed:* June 11, 2008.

d. *Applicant:* PPL Montana (PPLM), LLC.

e. *Name of Project:* Missouri-Madison Hydroelectric Project.

f. *Location:* The Rainbow Development of the Missouri-Madison Hydroelectric Project is located on the Missouri River in Cascade County, Montana. There are no federal lands within the project boundary of the Rainbow Development.

g. *Filed Pursuant to:* Federal Power Act, 16 U.S.C. 791a-825r.

h. *Applicant Contact:* David R. Poe, Dewey & LeBoeuf LLP, 1101 New York Avenue, NW., Suite 1100, Washington, DC 20001, *Tel:* (202) 986-8000, *Fax:* (202) 986-8102, *E-mail:* dpoe@dl.com.

i. *FERC Contact:* Jake Tung, Telephone (202) 502-8757, and *e-mail:* hong.tung@ferc.gov.

j. *Deadline for filing comments, motions to intervene, and protest:* August 11, 2008.

All documents (original and eight copies) should be filed with: Kimberly D. Bose, Secretary, Federal Energy Regulatory Commission, 888 First Street, NE., Washington, DC 20426.

The Commission's Rules of Practice and Procedure require all intervenors filing documents with the Commission to serve a copy of that document on each person whose name appears on the official service list for the project. Further, if an intervenor files comments or documents with the Commission relating to the merits of an issue that may affect the responsibilities of a particular resource agency, they must also serve a copy of the document on that resource agency. A copy of any motion to intervene must also be served upon each representative of the Applicant specified in the particular application.

k. *Description of Request:* The applicant proposes to amend the license for the Missouri-Madison Hydroelectric Project to construct: (1) A new intake structure at the dam will be constructed adjacent to the existing intake structures; (2) a new open channel will be constructed including a new forebay and surge facility; (3) a new powerhouse with a single turbine with substantially the same capacity rating (62 MW/7,512 cfs) as the capacity for the two units that were originally proposed (60 MW/8,000 cfs); and (4) an intake for the penstock will be constructed.

l. *Locations of the Application:* A copy of the application is available for

inspection and reproduction at the Commission's Public Reference Room, located at 888 First Street, NE., Room 2A, Washington, DC 20426, or by calling (202) 502-8371. This filing may also be viewed on the Commission's Web site at <http://www.ferc.gov> using the "eLibrary" link. Enter the docket number excluding the last three digits in the docket number field to access the document. You may also register online at <http://www.ferc.gov/docs-filing/esubscription.asp> to be notified via e-mail of new filings and issuances related to this or other pending projects. For assistance, call 1-866-208-3372 or e-mail FERCOnlineSupport@ferc.gov; for TTY, call (202) 502-8659. A copy is also available for inspection and reproduction at the address in item (h) above.

m. Individuals desiring to be included on the Commission's mailing list should so indicate by writing to the Secretary of the Commission.

n. *Comments, Protests, or Motions to Intervene:* Anyone may submit comments, a protest, or a motion to intervene in accordance with the requirements of Rules of Practice and Procedure, 18 CFR 385.210, .211, .214. In determining the appropriate action to take, the Commission will consider all protests or other comments filed, but only those who file a motion to intervene in accordance with the Commission's Rules may become a party to the proceeding. Any comments, protests, or motions to intervene must be received on or before the specified comment date for the particular application.

o. Any filings must bear in all capital letters the title "COMMENTS", "PROTEST", or "MOTION TO INTERVENE", as applicable, and the Project Number of the particular application to which the filing refers.

p. *Agency Comments:* Federal, state, and local agencies are invited to file comments on the described application. A copy of the application may be obtained by agencies directly from the Applicant. If an agency does not file comments within the time specified for filing comments, it will be presumed to have no comments. One copy of an agency's comments must also be sent to the Applicant's representatives.

q. Comments, protests and interventions may be filed electronically via the Internet in lieu of paper. See, 18 CFR 385.2001(a)(1)(iii) and the instructions on the Commission's Web

site at <http://www.ferc.gov> under the "e-Filing" link.

Kimberly D. Bose,
Secretary.

BILLING CODE 6717-01-P

DEPARTMENT OF ENERGY

Federal Energy Regulatory Commission

[Docket No. CP08-435-000]

Tennessee Gas Pipeline Company; Notice of Application

July 15, 2008.

Take notice that on July 2, 2008, Tennessee Gas Pipeline Company (Tennessee), 1001 Louisiana Street, Houston, Texas 77002, filed an abbreviated application pursuant to section 7(b) of the Natural Gas Act for permission and approval to abandon certain capacity entitlements held by Dynegy Marketing and Trade in the South Pass 77 system, which are derived from Tennessee's ownership in such system, all as more fully set forth in the application which is on file with the Commission and open to public inspection. This filing is available for review at the Commission in the Public Reference Room or may be viewed on the Commission's Web site at <http://www.ferc.gov> using the "eLibrary" link. Enter the docket number excluding the last three digits in the docket number field to access the document. For assistance, please contact FERC Online Support at FERCOnlineSupport@ferc.gov or toll free at (866) 208-3676, or for TTY, contact (202) 502-8659.

Any initial questions regarding Tennessee's proposal in this application should be directed to Jacquelyne M. Rocan, Senior Counsel, Tennessee Gas Pipeline Company, 1001 Louisiana Street, Houston, Texas 77002; telephone: (713) 420-4544; fax: (713) 420-1601.

Pursuant to section 157.9 of the Commission's rules, 18 CFR 157.9, within 90 days of this Notice the Commission staff will either: Complete its environmental assessment (EA) and place it into the Commission's public record (eLibrary) for this proceeding; or issue a Notice of Schedule for Environmental Review. If a Notice of Schedule for Environmental Review is issued, it will indicate, among other milestones, the anticipated date for the Commission staff's issuance of the final environmental impact statement (FEIS) or EA for this proposal. The filing of the

EA in the Commission's public record for this proceeding or the issuance of a Notice of Schedule for Environmental Review will serve to notify federal and state agencies of the timing for the completion of all necessary reviews, and the subsequent need to complete all federal authorizations within 90 days of the date of issuance of the Commission staff's FEIS or EA.

Any person desiring to intervene or to protest this filing must file in accordance with Rules 211 and 214 of the Commission's Rules of Practice and Procedure (18 CFR 385.211 and 385.214). Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceeding. Any person wishing to become a party must file a notice of intervention or motion to intervene, as appropriate. Such notices, motions, or protests must be filed on or before the comment date. Anyone filing a motion to intervene or protest must serve a copy of that document on the Applicant. On or before the comment date, it is not necessary to serve motions to intervene or protests on persons other than the Applicant.

However, a person does not have to intervene in order to have comments considered. The second way to participate is by filing with the Secretary of the Commission, as soon as possible, an original and two copies of comments in support of or in opposition to this project. The Commission will consider these comments in determining the appropriate action to be taken, but the filing of a comment alone will not serve to make the filer a party to the proceeding. The Commission's rules require that persons filing comments in opposition to the project provide copies of their protests only to the party or parties directly involved in the protest.

Persons who wish to comment only on the environmental review of this project should submit an original and two copies of their comments to the Secretary of the Commission. Environmental commenters will be placed on the Commission's environmental mailing list, will receive copies of the environmental documents, and will be notified of meetings associated with the Commission's environmental review process. Environmental commenters will not be required to serve copies of filed documents on all other parties. However, the non-party commenters will not receive copies of all documents filed by other parties or issued by the Commission (except for the mailing of environmental documents issued by the

Commission) and will not have the right to seek court review of the Commission's final order.

The Commission encourages electronic submission of protests and interventions in lieu of paper using the "eFiling" link at <http://www.ferc.gov>. Persons unable to file electronically should submit the original and 14 copies of the protest or intervention to the Federal Energy Regulatory Commission, 888 First Street, NE., Washington, DC 20426.

Comment Date: August 5, 2008.

Kimberly D. Bose,
Secretary.

[Project No. 13237-000]

Whitman River Dam, Inc.; Notice of Preliminary Permit Application Accepted for Filing and Soliciting Comment, Motions To Intervene, and Competing Applications

July 11, 2008.

On June 9, 2008, Whitman River Dam, Inc. filed an application, pursuant to section 4(f) of the Federal Power Act, proposing to develop the hydroelectric potential at the existing Crocker Dam located on the Whitman River in the Town of Westminster, Worcester County, Massachusetts.

The proposed project would consist of: (1) An earthen and masonry dam, 38.5-foot-high and 520-foot-long, (2) a head pond with storage of 1,027.0 acre-feet, (3) an existing 42-inch diameter steel penstock, and (4) a new powerhouse located downstream of the dam on the left side of the river containing one generating unit having a capacity of 100 kilowatts. The project would have an annual generation of 607,000 kilowatt hours and would be sold to power marketers, local industrial users, or municipal electric utilities.

Applicant Contact: Mr. Robert Francis, President, Whitman River Dam, Inc., P.O. Box 145, 10 Tommy Francis Road, Westminster, MA 01473. *FERC Contact:* Shameek Patel, 202-502-6736.

Deadline for filing comments, motions to intervene, competing applications (without notices of intent), or notices of intent to file competing applications: 60 days from the issuance of this notice. Comments, motions to intervene, notices of intent, and competing applications may be filed electronically
