July 16, 2008.

SUMMARY: As part of its continuing effort to reduce paperwork burden and as required by the Paperwork Reduction Act (PRA) of 1995 (44 U.S.C. 3501-3520), the Federal Communications Commission invites the general public and other Federal agencies to comment on the following information collection(s). Comments are requested concerning (a) Whether the proposed collection of information is necessary for the proper performance of the functions of the Commission, including whether the information shall have practical utility; (b) the accuracy of the Commission's burden estimate; (c) ways to enhance the quality, utility, and clarity of the information collected; and (d) ways to minimize the burden of the collection of information on the respondents, including the use of automated collection techniques or other forms of information technology. An agency may not conduct or sponsor a collection of information unless it displays a currently valid OMB control number. No person shall be subject to any penalty for failing to comply with a collection of information subject to the Paperwork Reduction Act that does not display a valid OMB control number.

address: PRA@fcc.gov). Include in the e-mails the OMB control number of the collection as shown in the **SUPPLEMENTARY INFORMATION** section below or, if there is no OMB control number, the Title as shown in the **SUPPLEMENTARY INFORMATION** section. Nature and Extent of Confidentiality: The Commission is not requesting that

the respondents submit confidential information to the FCC. Respondents may, however, request confidential treatment for information they believe to be confidential under 47 CFR 0.459 of the Commission's rules.

Needs and Uses: Pursuant to FCC 07-159, respondents are no longer required to comply with 47 U.S.C. 272 structural safeguards. As such, the respondents must now file certifications with the Commission prior to providing contract tariff services to itself or to any affiliate that is neither a section 272 nor a rule 64.1903 separate affiliate for use in the provision of any in-region, long distance services that it provides service pursuant to that contract tariff to an unaffiliated customer. The certification requirement will ensure, as a result of the relief granted in FCC 07-159, equivalent protection in the event the BOCs provide in-region, long distance services directly and will be less burdensome and less costly for these providers.

FEDERAL COMMUNICATIONS COMMISSION

Notice of Public Information Collection(s) Approved by the Office of Management and Budget

July 17, 2008.

SUMMARY: The Federal Communications Commission has received Office of Management and Budget (OMB) approval for the following public information collection(s) pursuant to the Paperwork Reduction Act of 1995 (44 U.S.C. 3501-3520). An agency may not conduct or sponsor a collection of information unless it displays a currently valid OMB control number, and no person is required to respond to a collection of information unless it displays a currently valid OMB control number. Comments concerning the accuracy of the burden estimate(s) and any suggestions for reducing the burden should be directed to the person listed in the **FOR FURTHER INFORMATION CONTACT** section below.

FOR FURTHER INFORMATION CONTACT: Leslie Haney, Leslie.Haney@fcc.gov, (202) 418-1002.

SUPPLEMENTARY INFORMATION:

OMB Control Number: 3060-0809.
OMB Approval Date: December 31, 2007.

Expiration Date: January 31, 2011.
Title: Communications Assistance for Law Enforcement Act (CALEA).

Form No.: Not applicable.

Estimated Annual Burden: 350 responses; 17.93 hours per response; 6275 hours total per year.

Obligation to Respond: Mandatory for system security filings and voluntary for section 107(c) and 109(b) petitions.

Nature and Extent of Confidentiality: Neither CALEA system security filings nor section 107(c) and 109(b) petitions.

Needs and Uses: The Communications Assistance for Law Enforcement Act (CALEA) requires the Commission to create rules that regulate the conduct and recordkeeping of lawful electronic surveillance. CALEA was enacted in October 1994 to respond to rapid advances in telecommunications technology and eliminate obstacles faced by law enforcement personnel in conducting electronic surveillance. Section 105 of CALEA requires telecommunications carriers to protect against the unlawful interception of communications passing through their systems. Law enforcement officials use the information maintained by telecommunications carriers to determine the accountability and accuracy of telecommunications carriers' compliance with lawful electronic surveillance orders. On May 12, 2006, the Commission released a Second Report and Order and Memorandum Opinion and Order in ET Docket No. 04-195, FCC 06-56, which became effective August 4, 2006, except for sections 1.20004 and 1.20005 of the Commission's rules, which became effective on February 12, 2007 when OMB approved their information collection requirements. The Second Report and Order established new guidelines for filing section 107(c) petitions, section 109(b) petitions, and monitoring reports (FCC Form 445). The monitoring reports were required on only one occasion and no renewal of that requirement is necessary. CALEA section 107(c)(1) permits a petitioner to apply for an extension of time, up to two years from the date that the petition is filed, and to come into compliance with a particular CALEA section 103 capability requirement. CALEA section 109(b) permits a telecommunication carrier covered by CALEA to file a petition with the FCC and an
